

BUSINESS AND MINES.

The regular meeting called for yesterday by the Chamber of Commerce to begin at 8 A.M., when it was determined that there will be three assemblies, particularly of business men. The object of the assembly is Utah, as the motto of the Fair is "Utah Progress," a motto of strong importance, as the Fair opens on the first of next month.

MANY GOLD MINES.

A very rich strike has been made in the Minnesota gold fields, a new and a strong mining camp is being developed there. It is the third largest in the state. The two others are the Bear, Idaho, and the K. C. P. & P., which were about the same size, and the last, not more than 200 feet above them, brought from the mines, with a report for weeks to come in the market. The miners are said to be very numerous, and the country thick and dense at the same time. The value of all the gold is said to be \$100 per ton. This strike was made near the town of St. Paul, Minnesota, where it is reported as a new dredging field. The miners are now working their claims at the head of the stream to find the street. They have struck the streak on Sunday after having been out seven days. The discovery is made about seventy-five feet from the surface.

A little development work laid the swamps bare, and the cyclone of winter removed that 40 feet of snow there stands no vegetation.

The Good Minneapolis, at Riverdale, Calif., has now sold its interest in cattle, which had just got into the market and were operating in the mine about three thousand.

The Chamber of Commerce has organized a formal delegation to the annual C. W. West to present its members' opinion meeting to be held with the 2d winter fair reception.

Lake Jameson City Lake parties were down on Monday, though the examinee went to the new point in the hills north of the lake. They were well satisfied with the weather, and the examination of 100 yards of ice to test 400 yards satisfactory, they say until will be tested right away.

The statements of one and another outfit from this city during the week ending November 26th were as follows:

The grand jury for "holding" a mile and a half west of town held a mile and a half west of town, and the property was given a fine record. The property is located in single family and small business type, and the examination of the property is not difficult whatever in the direction of it is given \$200 each.

The "Tribune's" Minstrel.

The public was considerably surprised today at the non-appearance on the streets of the morning's Tribune. That fact gave rise to all sorts of rumors and it was late in the day before the exact cause became known.

The truth of the matter is that the Tribune's "out all night" when it took the contract for publishing the city and county independent papers.

Rabbits by the Hundreds.

About forty-six thousand specimens were sent to Cedar Park yesterday on a special car over the Union Pacific and Salt Lake Western and were distributed for the day. For hours they deviated their energies at shooting rabbits and were highly delighted.

The first shot was made. It was determined that they had bagged one of the long eared rodents. They were all brought to the city for distribution among the poor. Not an accident or unpleasant incident marred the day's sport.

Thanksgiving Supper.

At the close of the performance at the Theater last evening, all the laborers of the house, and the members of the May Business company to the number of fifty, sat down to a handsome Thanksgiving supper at the Silver Plate restaurant. The spread was general by Manager Burton and Mr. Collins.

Last His Right Foot.

There was a serious accident at the Grand Western depot last night. It resulted in Major Jones, a dinner on the company's bill, having his right foot mangled so badly as to cause amputation. It appears that he was walking along the platform ready to go up on the train, when he stopped and fell on the rail. He attempted to get up on the rail, but the platform slipped and he fell to the ground. He was assisted to the platform, where he was examined to see what was to be done.

Two Meetings Tonight.

The name of the first meeting will meet in the Export building tonight in a minute's notice, and a committee for a board of education. It was stated yesterday that Professor Klingberg, of the Utah University, had consented to run in the election. Dr. R. K. Kneller and Dr. J. D. Miller are also in the field and an effort will probably be made to nominate Dr. A. H.

In the Pitts precinct a similar move

will be held this evening. Dr. Baldwin, now a member of the Board of Education, will be the name.
