

## POSITION OF GOVERNMENT

Sends Instructions to United States Attorney at St. Paul.

## IN NORTH. SECURITIES CASE

Anxious That Defendant Does Not Get Any Modification of Decree—What Company Wants.

Washington, April 17.—Referring to the application at St. Paul today in behalf of the Northern Securities company, the department of justice has made public the following telegraphic instructions of the attorney-general sent to the United States attorney at St. Paul on the 14th instant:

"It is likely defendants in Northern Securities case will forthwith and possibly without notice appeal to circuit court or judge thereof ask for modification of decree pending appeal, or for order making appeal operate as supersedeas. You are directed to watch this matter closely and earnestly oppose any such application on the ground that this is not an ordinary case of equity jurisdiction but one involving public policy and an enlarged statutory remedy in equity to enforce violation of a penal law."

"The decree finds defendants guilty of violating the declared public policy of the nation. For that reason the government opposes any suspension or modification of the judgment of the court. The modification proposed would in effect be an inducement to continue to violate a law of the United States. If the suspension of the operation of law is not the exercise of a judicial function, it is inconceivable that such a modification should be made. The government contemplates suspension or modification under terms that will secure such rights of an opposite party as could be protected by a bond to indemnify. This is not such a case. The principal relief granted by this decree is the injunction; to suspend it would produce the same effect as a certificate of divestiture in the circuit court and deprive the decree of its force and meaning."

## WHAT COMPANY ASKS.

St. Paul, April 17.—Circuit Judge Sanborn this afternoon set Monday morning, April 20, as the time for hearing arguments in a request by attorneys for the Northern Securities company that the decree recently handed down be suspended in so far as it prevented the payment by the Great Northern and Northern Pacific railways of dividends to the shareholders. The company asks that these dividends would ultimately reach the same people any way.

The number of those afflicted with the malady in Palo Alto aggregate about 25. Several of the most seriously affected patients have been taken to the hospital in San Francisco.

## One Section of Bismarck, the men's

demerol, has been turned into a temporary hospital, while the fraternity houses have been turned into a temporary hospital for the sick. Dr. L. L. Wilbur, health officer of the campus, has traced the source of the trouble to the milk supplies by one of the Palo Alto dairies. This has been closed for some days, and at the period of infection has almost passed, any further spread of the disease is not expected. But four women students have been taken down with the disease, the rest of the cases being among the men.

## SKIN DISEASES THE OUTCROPPING OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disfiguring eruptions.

Send for our free book on diseases of the skin and write us if you desire medical advice or any special information. This will cost you nothing.

## THE BRITISH WORKMAN.

## Mosely Commission Say He Has

## Nothing to Learn from Americans.

London, April 18.—The report of the commission of British workmen who were taken to the United States at the end of last year by Alfred Mosely, a wealthy Englishman to study labor conditions there, presents the views of 23 delegates who separately synopsized their deductions. The report shows a lack of unanimity except that all agree that the British workman has nothing to learn from the American workman, while British employers are not as far advanced as the Americans in the treatment of their employees.

## Delay in Restoring Niu Chwang.

London, April 18.—The Times correspondent at Peking telegraphs that the latest official explanation by the Russian legation of the delay in restoring Niu Chwang to China is that it is due to the presence in that part of British and American gunboats and the consequent uncertainty as to the possible action of these powers after the restoration of the port. This, continues the correspondent, is mere bluff, because the gunboats have been stationed there more or less constantly during the past 20 years.

## Peruvian Presidential Elections.

Lima, Peru, April 18.—In an interview just published a prominent politician is quoted as saying that it was probable, in consequence of the number of votes which would be given to the opposition candidate, Fernando Sembrano, who represents the Liberal alliance, and the abstention from voting of the Democratic party, the semi-official candidate for the presidency, Señor Candamo, would not obtain an absolute majority of the votes of the whole country. In that case, in accordance with the terms of the constitution, Candamo will declare the presidential elections null and proclaim Gen. Nicolás Piérola, the former dictator, and later president of Peru, president of the republic.

## RETAIL TRADE IS RETARDED

Colder and Wet Weather Has Bad Effect.

## JOBBER REALIZE THE FACT

While Some Complaints Are Heard Still Traffic Conditions Are Steadily Improving.

New York, April 17.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

"Colder and wet weather the past week in many sections of the country retarded retail trade in spring and summer wearing apparel. Jobbers felt the effects in a lessened activity, and agricultural operations made irregular progress. Production of farm staples is not curtailed by late planting, although in some places there will be danger of loss at the end of the season through early frosts."

"Traffic conditions are steadily improving, yet some complaints are still heard and further additions to motive power and terminal facilities must be made if another season of congestion is to be averted at the next time of pressure. Railway earnings thus far in April exceed last year's by 12.5 per cent from those of 1901 by 24.1 per cent."
