DANGER IN DISGUISE! Summer Pestilence Unearthed; its Causes Explained and Some Timely Advice About How to Avoid it.

GENTAIN VALUABLE FACTS MANE PUBLIC. It is well known that hot weather brings sickness, and that few people go through the summer without unpleasant symptoms. The mouth becomes dry and parched the tongue furred and white, the pulse irregular, the head feverish, the body cramped and the limbs swollen and tired. Ladies especially, with their natural Jelicacy and tendency to female croubles, find the hot weather almost unbearable, while Little Children are dying every day from exhaustion and because Parents neglect precaution and care. A prominent and well known physician of New York asserts as his positive belief that more than three-fourths of all socalled Summer complaints arise from disordered secretions, and that these secretionary organs, which, by being out of order cause so much trouble, are the Kidneys and Liver. These organs are the governors of the system, and by their movements the other parts of the body are regulated. The brain controls the life, but the lower part of the body rules the

There is one, and only one known regetable that will absolutely regulate and control the Kidneys and Liver at all times and thus prevent the many dangers of the Summer. That vegetable (a West India leaf,) is used as the basis of Warner's Safe Kidney and Liver Cure. It is pure, leasant to the taste and absolutely certain in its results. It keeps those who intelligently use it in perfect health, and cures those whose secretions are deranged. For all uriuary complaints of either sex it is fifallible. For all bilious troubles it is certain. For the hot season it is nvaluable, and it should be used symptoms. It may save your life his regiment. or that of some dear friend; it will certainly prevent much suffering.

No remedy in America has ever received such high and enthusiastic commendations, and it is warmly Endorsed by the Professions, Che Press and the People.

Am Editor's Escape. OFFICE OF THE "INDUSTRIAL BEA,"
ALBIA, TOWA, May 26, 1980. WHOM IT MAY CONCERN:

I take great pleasure in making the follow-I take great pleasure in making the following statement: I have been afflicted with a disease of the kidneys for the past two years and have tried numerous remedies with only tartial and temporary relief. Warner's Safe Kidney and Liver Cure was recommended to me, and after taking it the pain and distress left me, and I am to-day feeling strong gradual. I am perfectly satisfied that Warner's Safe Kidney and Liver Cure is the medicine needed and can cheerfully recommend it to others.

A Doctor's Certificate. I hereby certify that I have been a practising physician for twenty-seven years, and for many chronic cases in my practice do re-commend Warner's Safe Kidney and Liver Cure. It was upon my advice that G. W. Stamm, the editor, ebtained this valuable A. A. RAMBA.Y. M. D.

A Paster Made Happy. A Paster Made Happy.

I have been greatly troubled with my kidneys and liver for over twenty years, and during that entire time I was never free from
nain. My medical bills were enormous, and
I visited both the Hot and White Springs
noted for the curative qualities of the water.
I am happy to say I am now a well man, and
entirely as the result of Warner's Safe Kidney and Liver Cure. With such glorious resuits, I am only too glad to testify regarding
the remedy which has made me so happy.

(REY.) P. F. HARKLER.

Coal Rus Grossing, Arkansas.

An Educational Endorsement The Rev. C. A. Harvey, D. D., of the How-ward University, of Washington, has written

the following letter:

GENTLEMEN—I take great pleasure in stating that I have for two years past been acquainted with the remedy known as Warner's Safe Kidney and Liver Cure, and that in some cases which had been given up by practitioners of both schools, the speedy change wrought by this remedy seemed but little less than miraculous. I am convinced that no remedy for lidney troubles heretofore discovered can be held for one moment in comparison with it.

Hespectfully yours,

C. A. Harver.

Arousing its Readers. An alarm of fire at midnight is a startling thing, but not half so startling to many who head it as would be the sudden knowledge of their own dangerous physicial condition. Thousands of thousands are hurrying to their graves because they are consistent.

CHICAGO Thousands of thousands are hurrying to their graves because they are carelessly indifferent to the insidious inroads of disease and the means of cure. It is the mission of H. H. Warper & Co., with their Safe Kidney and Liver Cure, to arouse men to a sense of their manger and then cure them.—Memphis Application. Pittsburg, Harrisburg, Balti-The Friend of Delicate Ladies.

Warner's Safe Kidney and Liver Cure is the remedy that will cure many diseases pe-culiar to women. Headaches, neuralgia, dis-ordered nerves, weakness, mental shocks, and kindred aliments are effectually remov-ed by its use.—The Mether's Magazine. Reaches all Points in Pennsylvania

Its Grand Reputation. Warner's Safe Kidney and Liver Gure has ceached a reputation that is not limited by the confines of section or country. There are so hijurious substances nor false and temporary stimulants in the preparation. It is oursely vegetable and compounded under a formula that has passed severe tests and won undersements from some of the highest medical talent in the country.—New York World.

Journalistic Opinions. Our exchanges come to us bountifully isden with commendatory notices of the wonderful cuter effected in diseases of the ridneys and liver, and especially of dropsy, by
the use of Warner's Safe Kidney and Liver
Core used in connection with Warner's Safe
Pills. We feel sure if our friends who are
suffering from like troubles would use these
remedies they would be benefited.—St. Albarts Advertiser.

" It to the Only Thing." PRESERVIA, N. Y., April 13, 1880. Massins. H. H. Wannam & Co.: Massian H. H. Warner & Co.:

Givens—My wife has been suffering for the past five years from the results of a premature birth, and duping that time she has been under the dectors care and treatment. The tor a disease peculiar to the female sex, and generally named as a falling of the needs.

After a thorough examination the doubter a statisfied that even with the best treatment unripe cane syrup will not crystalize. The make got five, but we did not try for sugar any more; we only made syrup.

We calculate to continue our efforts to make sugar; and we do not desire to discourage anybody who may have set out on that line, but to the contrary we want to encourage been left at my house, and her symptoms being so accurately described therein, we contrary we want to encourage their treatment.

There is something new to be learned in these valleys in

The Best and Only Efficient." mineral from the saccharine, in the REGULATOR

GENTLEMEN - I have known of the remedy called Warner's Safe Kidney and Liver Cure. and can personally testify to its efficiency in kidney and liver troubles. I can sentifully say that in my opinion it is the best and only efficient remedy for such troubles. over brought before the public.

Yours very truly.

(Cos.) JOHN E. MCCHESSEY.

Experiments in Sugar Making. December 11th, 1880.

Editor Deseret News: According to programme for 1880, we put in about 40 acres with Early Amber sorghum and Yellow Dent maize, calculated for sugar making by the Stewart process. We erected JAKE HEUSSER. a factory, also on the Stewart plan, with a capacity of 2,000 pounds 0 condensed syrup per day; all at a cost of about \$2,000.

Through cold weather in May, we did not plant till the 1st of June, cold weather still continuing until the middle of June. The sorghum where he will contine to keep a Full Stock only got two irrigations, the maize three, our creek giving out; the last irrigation of sorghum first in July, the third irrigation of the maize a little later.

This season, as well as the season before, has been very unfavorable for sorghum here; and, as Mr. Wayt, of Bainbridge, Nebraska, says in the Rural World: "My 20 years' experience in making syrup amounted to but little, when so much in nature had combined to spoil the cane;" and, we will say that "this was the most unfavorable season for sorghum in Utah. Gur cane land was dry as ashes in the middle of August; but the cane generally continued to grow but slowly; it seemed to live on the night dew and a few light showers. The cane grew from three to four feet high on an average. The small part, which did head out, as well as that which did not, had an average

or more; a few scattered heads rip-But on the few favorable place where the ground was more moist, the cane was good but not ripe.

The 17th of September we commenced pressing the best cane for a sugar test. Juice averaged, 7° B. heated to 170° F., neutralized with limet brought to a bell (2007). lime; brought to a boil (202° F.) clarified, settled, reacted with dioxide of sulphur; condensed to 32° B.; finished to 218° F. (228°) cooled in crystalizing boxes in a room at

thickness of three-fourths of an inch

We became satisfied that even with the best treatment unripe cane syrup will not crystalize. The

juice, in a paying way, we must give up the idea of making sugar from beets and make But we have no doubt but what the mineral matter can be separated from the saccharine, and that too at a cost to make it pay. When we arrive at that, our quant factories, by drying the beet for summer manufacturing, can be running the year round, and give remunerative work for a good many become

tor a good many people.
The sorghum is all rest it will crystalize in paying quantities; about that we have satisfied ounselves, and
