THEATRE.—Last evening the favorite drama of "Black-Eyed Susan" was played in a creditable manner. Mr. James M. Hardie as "William" and Miss Adams as "Susan."

After the play Jam Mac appeared in his beautiful representation of Greelan Statius, and the entertainment concluded with a lively sparring exhibition between Jam Mac and Billy Edwards and a pugilistic exhibition of the stage was exhibited the trophies of Mr. Mac's pugilistic victories, consisting of the English and American champion belts, and several costly silver vases, one of which was said to be the most valuable ever presented to a pugilist.

This evening Mr. Hardie will appear as "Martin Truogold" in the beautiful musical drama of "True to the Core." Miss Adams, Carrie Carter, Maudie Thorne, Madeline, Bowering, and Harris, and others of the company will assume characters in the play.

This is a very popular drama, having been played with marked success elsewhere.

For Monday Mr. Charles Wheatleigh is announced.

GOING TO WEBER COUNTY.—Brother William Wilson left for Weber County to-day, where he goes in the interest of his new song book.

HOOPER CITY, WEBER CO., U. T.
 June 16th, 1872.

Editor Deseret News:

Dear Sir: I drop you a few lines concerning our two days' meetings on the 15th and 16th inst. The following brethren were present: President F. D. Richards, Bishop L. E. Hendrick, and Elders D. M. Housar, C. W. Fenner, John I. Hart, Richard Ballantyne, F. S. Richards, L. Farr and ———. Butler, from Ogden, besides others from the surrounding settlements.

We had truly a good time, being made glad by many valuable instructions seasoned with the blessings of the Lord. Many good principles were touched upon which we are greatly interested in, such as the gathering of the poor, the necessity of paying our tithing, sustaining Sabbath schools and being one in all things, &c. &c. The people felt refreshed and desirous of going ahead with renewed diligence.

Your Brother,
 HENRY HAMILTON.

FIRE.—There was a small fire on the

premises of C. Sprout, tailor, First South

extinguished by their incipienty, the

damage done amounting only to a few

can of phosphorus being overturned on the

"OUR DUMB ANIMALS" is the title of a

very interesting little monthly, published by

the Massachusetts Society for the prevention

of cruelty to animals. It is published

monthly, and contains a great deal of

interesting and valuable information.

It is one of the very best papers that

we can heartily recommend for juvenile

reading.

HOW IS THIS?—An individual who was

interested in and who gave aid in getting up

the anti-State petition was asked recently

how he could explain the appearance on

the list of memorialists, of the name of

Jack Trainor, who had been dead and buried

before the petition was in existence.

He replied that the only way he could account

for it was that Judge Bradner, of

Little Cottonwood, had obtained the names

of all the workmen in the mine with which

he was connected for the anti-State petition,

and had been forwarded to Washington before

the arrival in this city of Judge Bradner. It

Valley, discloses some stubborn facts, which, with the hundreds of other things, connected with the same matter, that have been brought to light, show the dishonesty and general contemptibility of the parties who originated the anti-state petition and conducted the obtaining of signatures to it: PROVIDENCE, June 17, 1872.

Editor Deseret News:

In your paper, of June 15th, there are 45 names, purporting to have been signed by residents of our town, to a memorial against the admission of Utah as a State. Of these 17 are the names of children, from 2 years old upwards. One is the name of a person who never lived here, Jacob Henry; two Goddard and Susan Angenstein, were never citizens of Utah, and were, with another signer, John Neese, living in one of the Eastern States when that document was presented to Congress.

Again, there are 17 names from Millville, a neighboring town, of these 9 are boys and children. One of them, George S. Palmer, "laborer," is a boy of 5 years, and another, "William Tion," (which should have been written Sion) also described as a laborer, is about 8 years old. It is a pity the memorial did not state the particular branch of industry these youthful petitioners were engaged in. Had their friends signed their professions as laborers we would all have known that these petitioners were the peculiar forte, but it is rather hard to determine the kind of labor a boy of 5 years old performs. Thus, out of 62 names from these settlements of children and non-residents. These are facts and I am personally acquainted with the parties named. Respectfully,
 EDWARD STRATFORD.

TOOKE CITY, June 18, 1872.

Editor Deseret News:

Sir—The name of Thomas Lee, miner, appears in your daily paper of Thursday, the 14th of June, as signed to a petition to Congress against the admission of Utah as a State.

I never signed said petition, and never empowered anybody to do so for me, neither was I standing by when any one else signed for me, as at that time was in the city of Cincinnati on a business trip. Although I have been a member of this church for 20 years, persecuted and despised in common with the rest of my brethren, I cannot say that I have a very good relish for the love which our enemies have for us.
 THOMAS LEE.

SALT LAKE CITY, June 21st, 1872.

Editor Deseret News:

Sir—The name of William Bird has appeared in your paper, as signed to a petition against the admission of Utah into the Union as a State. Please publish that the name, if it is mine, is a forgery, for I never signed that nor any other petition, and never heard of the one in connection with which my name has appeared, until it was published in your paper, and my sympathies and sentiments are not and never have been with the memorialists. Respectfully,
 W. BIRD.

SALT LAKE CITY, June 21st, 1872.

THE LAKE SIDE EXCURSION.—The

fourteenth ward excursion to Lake Side

yesterday was probably the most pleasant

affair of the kind of the season. The party

numbered about 350, and all the participants

appeared to enjoy themselves most

excellently. The excursionists were

conveyed from the cars to the grove and

returned in vehicles supplied by Brother

Horton D. Haight. The grove being

shady and cool, affords ample protection

from the heat of the sun, and within it has

been fitted up, at considerable expense, a

good dancing floor. Capt. Croxall was

there with his excellent quadrille band,

affording the best of music to those who

indulged in terpsichorean exercises. By

way of variety there were boating, bathing,

and divers pleasant games.

Lake Side is gaining a fine reputation as

a place of pleasure resort. A few persons

who purposed going on the trip arrived at

the depot yesterday morning in time to

see the train leave the station. There was

one instance where a lady, who had left

her little ones at home to have a day's

respite from domestic cares, had the

charge of another lady confided to her

charge at the depot, while the latter went

on an errand. She did not return, however,

until the train had started, and the child

had charge of that another during the whole

day, which incident of course, was treated

in the light of a joke. The moral to be

drawn from this is that when you expect

to travel on a railroad train, you must not

think it will wait your convenience.

SOUTH.—A gentleman who has just arrived

from Sanpete speaks in glowing

terms of the crops there and all the way

north to this point. The only place where

grasshoppers have appeared to any extent

is in the Nephi south field, and it is expected

they will fly from there before doing

very great damage, being likely to take

wing within a week.

The waters, which have been exceedingly

high in Sanpete and Sevier Counties, are

now receding.

Several minor accidents had occurred at

the Sevier Bridge, in Juab County, besides

the fatal one recorded by us a few weeks

ago, among them one which happened to

Brother M. B. Shipp, by which he came

nearly losing his life by drowning.

The bridge at the forks of the creek in

South Canyon was recently carried

away by high water, making travel that

way very dangerous.

The Sanpete people are busily engaged

putting up new bridges to replace those

carried away by the floods in the County,

and repairing those damaged by the same

cause.
