

# EVANS SAYS IS NO DANGER OF WAR

Arrival of the Fleet in the Pacific Has Resulted in Present Assurance of Peace.

ONLY COMMERCIAL RIVALRY.

That Struggle Will be Generated by Harriman-Fleet's Efficiency Demonstrated.

San Francisco, April 7.—Admiral Robley D. Evans, in an interview printed in the Chronicle today, said:

"The greatest interest of the United States today is in the Pacific. The coming of the fleet to this coast has not only demonstrated to the world that we have a fleet, but it has called the attention of the people of our own country to the fact that we have a fleet as well as an Atlantic coast, and that it will be defended just as much as every inch of land around New York, and that our interests in the Pacific are today greater than in the Atlantic.

"This is the short road to the countries of the far east, where the greatest commercial development is to be. With commercial development will come war, but it will be a commercial war, fought with brains and dollars, and not with shot and shell. It will be generated by such men as Harriman, and the part of the war is only to always be ready. We do not plan, nor fight, commercial battles.

"The coming of the fleet was most opportunistically timed by the president, and its arrival in the Pacific has resulted in the present assurance of peace. Now that I ever believed that there was any actual danger of war, the people of both countries realized, too well, what a dreadful calamity such a war would have been.

"If the fleet should ever be called upon to fight in the settlement of our interests in the Pacific, it would be to stop with its guns the commercial development for which the leaders of industry are battling with brains and dollars.

"We accomplished much in the cause of peace in the Pacific when we demonstrated that the efficiency of the fleet increased with each day of the cruise. When the fleet sailed through the straits of Magellan in better condition, and the ships were in better condition, than they were the day we sailed. That was proved by the target practice at Magdalena Bay, and the records of that practice, which are most satisfactory, will show it."

ADMIRAL'S HEALTH IMPROVING.

Paso Robles Hot Springs, Cal., April 6.—Rear Admiral Robley D. Evans was strong enough today to take a two hours' carriage ride through the hills surrounding the springs. His morning bath in the Kurhaus since his arrival here. This was followed by massage treatment for an hour. As he looked at the hot, black, oozy mass in which he was being packed and the sulphurous steam rising from it, he remarked facetiously, "This is nearer hell than I ever was before." He not only enjoyed the novel experience, but declared himself wonderfully benefited by the treatment.

The admiral felt so strong and was in such good spirits that he called for a drive through the hills. Accompanied by his son, Lieut. F. Taylor Evans, and Surgeon P. E. McDonald, the admiral and his wife, Mrs. Evans, and his daughter, Miss Evans, left for the springs at 10 o'clock and returned at 4 p.m. He was taken to the ranch of James Horsburg, Jr., at Santa Isabel, where a short stop was made and the admiral given a glass of milk. He returned somewhat fatigued, but greatly pleased with the outing, and strong enough to receive Gen. J. B. Lauck, adjutant-general of the California national guard, who brought Gov. Gillette's greetings and welcome to the state.

Although at the springs but four days, the sunshine, baths and inland air have made a wonderful change in the admiral's condition. He now can get around his room on crutches, and was able to stand on his feet.

The admiral is almost overwhelmed by the kindness and hospitality of the people of California. His room in the southeast tower of the hotel is constantly banked with choicest flowers, which arrive on every train from all parts of the state. Boxes of fruit addressed to him, and hundreds of letters are received daily. Not a few of the letters contain requests for autographs, and the admiral's hope that the admiral's health may be speedily restored.

ALWAYS FOR DUTY.

Chicago, April 6.—"He is always ready for sea duty, but he is afraid of social festivities."

That was the little character sketch of Admiral Robley D. Evans, commander of the fleet, by the person who knows him best—his wife.

Mrs. Evans was in Chicago four days on her way to join the admiral in California. She was accompanied by her daughter, Miss Evans.

ter, Mrs. C. C. Marsh of Washington, in command of all the torpedobats and submarines in the navy.

"You see," continued Mrs. Evans, "my husband always responds with alacrity to the demands of duty which call him to the bridge, but he is far less enthusiastic in answering the demands of that other duty which calls him to the banquet hall or the ballroom."

"He finds dinners and dances and receptions very trying after a hard period of duty on the bridge. During the voyage around the Horn he has been entirely unable to attend many of the festivities arranged so lavishly in honor of the fleet. The rheumatism from which he has been suffering has bothered him a great deal on the voyage. He has been subject to these rheumatic attacks for many years, and so I am not so anxious about him as though they were something new."

"I have had recent word from him, and I am thankful indeed to be able to say that he now is feeling a great deal better. The rheumatism is rapidly disappearing, and he is generally in much better condition than he was a short time ago."

Mrs. Evans and Mrs. Marsh will go first to Los Angeles, where they will be the guests of the Los Angeles committee. After the festivities at Los Angeles, Mrs. Evans and her daughter will join the admiral at Paso Robles, later going to San Francisco. Mrs.

Evans and Mrs. Marsh left for Los Angeles over the Santa Fe last night, and will be at their destination Wednesday.

### A LONG SLEEP.

Mrs. Beulah Hawkins Completes Sixty-First Day of One.

Los Angeles, Cal., April 6.—Mrs. Beulah Hawkins has completed the sixty-first day of a sleep that has puzzled and baffled the many physicians who have investigated her case.

She shows no sign of awakening, and but little hope for a recovery is entertained. A gradual loss of weight, which followed her removal to the hospital, has been noted. She weighs three pounds. It is generally believed that Mrs. Hawkins is at times conscious of what is going on about her and that frequent flutterings of her eye lids indicate a desire to shake off the trance which has been medically termed a cataplectic insanity.

## GEO. GRAY OF DELAWARE

His Supporters for Democratic Nomination for President Will Open Headquarters in Washington.

Washington, April 5.—Supporters of George Gray of Delaware for the Democratic nomination for president, have completed arrangements for establishing headquarters at Washington, and tomorrow they will actively enter upon a campaign in behalf of the Delaware statesman. Richard J. Beemish of Philadelphia, who will be in charge of the bureau, states that the movement is being made without the aid or encouragement of Judge Gray, who, it is added, has not said a word nor done anything that could be construed as seeking the nomination. The fund that is to finance the Washington headquarters has been subscribed, it is said, by a few Delawareans and Pennsylvanians.

The work to be done will be supplemented by that of a similar bureau in Judge Gray's home town, Wilmington. A league of Gray clubs is also in progress of formation. The work of this organization, according to Mr. Beemish, will be done largely in New Jersey, Pennsylvania, New York, the New England states and the south.

The presidential boom of John A. Johnson was today launched upon the capital and Congress with true western originality when to every Washington correspondent and Democratic congressman was handed a special delivery letter mailed directly from the newly-established headquarters of the Minnesota governor in Chicago.

The letter was signed by Frederick B. Lynch, treasurer of the Minnesota Democratic committee, and transmitted a printed pamphlet setting out concisely the points of availability of Governor Johnson as the Democratic presidential candidate and giving a terse review of his public services.

## ANOTHER BANK REWARD

President McCormick Adds \$5,000 to Sum Already Offered by Board of Directors.

To the \$10,000 reward offered by the directors of the Utah National bank for detection of the bank robber, President W. S. McCormick has added a personal reward of \$5,000 with more liberal terms attached to it. It is for the finding of any definite clue that may lead to material assistance in unearthing the robbers, or recovering the money or any part of it. The reward is offered in the following signed statement:

"I personally offer as a reward a sum not exceeding five thousand (\$5,000) dollars for any information (communicated in writing) of successful and substantial value in identifying the person or persons who took or misappropriated \$100,250 of the funds of the Utah National bank, or which will materially or substantially tend to the recovery of the money or any part thereof, it being understood that for all the information so communicated I do not hereby make myself liable in the aggregate for an amount exceeding said sum, nor is this offer made to any member of any detective agency, in the employ of said bank. This offer holds good until and including June 1, 1908.

"Should any question arise hereunder either as to the materiality or value of information communicated or in respect to any other matter, or as to differences between conflicting claimants for the whole or any part of the reward, all such questions or differences shall be determined by arbitration in the usual manner, one arbitrator to be selected by the claimant or claimants and one by myself. Should these two be unable to agree, they shall select a third, and the decision of a majority of them shall be final as to all questions arising hereunder.

"W. S. MCCORMICK.  
"Dated April 4, 1908."

Doan's Regulets cure constipation without griping, nausea, nor any real ening effect. Ask your druggist for them. 25 cents per box.

### GRIP KNIGHTS FEAST.

U. C. T. Holds Forth in Annual Merry-making.

The United Commercial Travelers held a well attended annual banquet Saturday night at the Commercial club, with nearly 200 representatives present. Governor Cutler, W. J. Holloran, and Representative Duval of the U. S. T. from Kansas City were among the guests. C. H. Valentine was toastmaster, and introduced the speaker who made a most interesting speech, which was applauded to the echo. A telegram was read by the toastmaster from President Roosevelt: "Banquet invitation received. I regret I cannot be with you. Busy pruning the big stick and waiting the windmill to be given to the Senator Smoot. 'Banquet invitation received, also communication reference Domestic Purse Port Bill. Sorry can't be with you tonight; will be with you in June good and strong. Depend upon me to fight the above bill to finish.'"

Speeches were made on "Good Fellowship" by U. C. T. members: "Commercial Man as Citizen," by Benjamin L. Rich; "Real Wives and Sweethearts," by Joe Becker; "Employment," by Samuel Williams M. Roylance, and "That Reminds Me," by Billy Calder. (Caud Duval also spoke of the U. S. T. from Kansas City, and Professor Agostini gave a talk on the importance of the U. S. T. to be given at the Salt Lake Theater during the summer for the benefit of the new home which is to be erected at Canyon Creek ranch for homeless boys.

### SOCIALISTS IN CONVENTION.

Utah Organization Prepares to Take Part in Campaign.

With H. P. Burt as chairman, the Socialist party of Utah held a convention in Federation of Labor hall last night, to discuss sending delegates to the Chicago convention. A state executive committee was selected, consisting of Grant Syphers, H. P. Burt, A. L. Porter, Chas. Nies, Robert Leggett, Al Hanson and W. S. Holdaway, Jr.

Points for the platform were discussed, making the Communist manifesto by Kary Marx the basis for the proposed platform. The points urged being:

Abolition of property in land and application of all rents of land to public purposes; a heavy progressive or graduated income tax; abolition of all rights of inheritance; centralization of credit in the hands of the nation by means of a national bank and an ex-

clusive monopoly; centralization of the means of communication and transport in the hands of the nation; extension of factories and instruments of production, to be owned by the nation; the bringing into cultivation of waste lands, and the improvement of the soil in accordance with a common plan; equal liability of all to labor; establishment of industrial armies, especially for agriculture; combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country, by a more equitable distribution of the population over the country; free education for all children in public schools; abolition of all factory, labor in its present form. Combination of education with industrial production. Upon the call being made for suggestions for presidential candidates Robert Hunter of New York, Eugene V. Debs, W. D. Haywood, Chas. H. Moyer and A. M. Simmons were suggested, each having a number of backers. The next convention will be held in Chicago, and it will nominate a Utah state ticket.

### FESTIVAL SHOWS A LOSS.

Manager Graham Has a Deficiency to Face.

The local public will learn with surprise and regret that the late Musical Festival was not a financial success. In fact, Manager Fred Graham closed the accounts with \$200 on the wrong side of the ledger, and all his year's hard work without financial return. On hearing of this, Mr. McClellan, with characteristic generosity, voluntarily shouldered part of the deficiency himself—a very timely aid to Mr. Graham, who can afford to bear the load alone. It is believed that other citizens will find a way to help the enthusiastic young musical manager over his difficulties, as under the circumstances, there is no inspiration for him to shoulder the monetary responsibilities of a third annual festival. The great artistic success of the Second Festival will no doubt be the mainpring of some action providing for a permanent plan of financing these annual functions, for they are becoming altogether too important and involve too great a public interest for the financial responsibility to be laid on the shoulders of one man. In other cities, such occasions are provided for by popular subscription, or by direct assessment of directors, where there is an incorporation. Mr. Graham has in mind incorporation of the annual festival, his music bureau and the proposed Salt Lake Chautauque. This would open a way to prevent repetition of the present unfortunate and undesirable condition of festival affairs.

### FIND BLANK'S SKELETON.

Jewelry on Bones Make Identity Certain—Arrests Expected.

According to word received in this city from Wyoming the skeleton of Frank Blank of Red Lodge, Mont., has been found. Blank went camping last September accompanied by two companions, who left camp the first day. He did not return and for days the search was kept up, his companions, being arrested in the meanwhile, pending development. When the search was finally given up it was decided Blank had drowned and the two men were released. Just a day or so ago a man on the "Jim Hunter" ranch for him to shoulder the monetary responsibilities of a third annual festival. The great artistic success of the Second Festival will no doubt be the mainpring of some action providing for a permanent plan of financing these annual functions, for they are becoming altogether too important and involve too great a public interest for the financial responsibility to be laid on the shoulders of one man. In other cities, such occasions are provided for by popular subscription, or by direct assessment of directors, where there is an incorporation. Mr. Graham has in mind incorporation of the annual festival, his music bureau and the proposed Salt Lake Chautauque. This would open a way to prevent repetition of the present unfortunate and undesirable condition of festival affairs.

### GREGORY'S TROUBLES GROW.

Eben J. Gregory must now raise \$5,000 to secure his freedom, instead of \$2,500. He was held to answer to the new charge of having counterfeiting apparatus in his possession and will be held in the county jail until the grand jury, which meets April 13 looks into his case unless he can raise the sum called for in the enlarged bonds. Gregory's troubles have been growing since he was found counterfeiting apparatus upon again searching the attic of his home, 234 north Fifth West street.

### CHILDREN'S SINGING CLASSES.

The boys and girls who sang so beautifully at the recent festival are requested to be at the tabernacle next Monday night at 8 o'clock to repeat their songs for the conference visitors and others at the concert.
