### Pro Bono Publico.

SALT LAKE CITY, UTAH.  
November 3d, 1882.

Editor Deseret News:

Dear Sir:—I have read an article in the Salt Lake Herald of the death of a boy five years old, in Little Rock, Arkansas, by the name of Benjamin Smith, the doctors pronounced it Screw Worms. The boy's mouth was literally lined with worms. Now for the benefit of the people, I will say that by making a strong infusion of Elder leaves and washing the mouth freely and drinking the same, it will make a complete cure. The remedy is also good for worms in the extension of the face by making tea and washing. The flowers are also good for sore eyes and all kinds of sores; the berries are good to make wine, and for breaking up colds and fever.

Yours truly,  
DR. E. L. PLANT.

### ORDER OF THE COMMISSION.

HOW THE VOTES ARE TO BE CAN-  
VASSED.

The Utah Commission made the following order to-day:

1. In pursuance of the provisions of section 9 of "An act to amend section 5,352 of the Revised Statutes of the United States, in reference to bigamy, and for other purposes," Elijah Sells, E. P. Ferry, Charles C. Goodwin, William H. Hooper and W. N. Dusenberry are hereby appointed a Board of Canvassers to canvass the returns of the election for Delegate to the 48th Congress.

2. The Commission will fill by appointment all vacancies in said board that may occur by failure to accept, or from other cause.

3. A majority of the said Board of Canvassers will determine all questions coming before them, including the awarding and signing of the certificate of election.

4. Upon a day to be designated by this Commission, said Board of Canvassers will meet at the rooms of the Commission at Walker's Opera House in Salt Lake City; and the election returns will be opened under the direction of this Commission; and said Board of Canvassers will proceed to ascertain the number of votes cast for each person for Delegate to the Forty-eighth Congress, any they, or a majority of them, shall give a certificate of election to the person so ascertained to have received the largest number of legal votes; which certificate shall be delivered to such person, and said Board of Canvassers shall report their proceedings and the result to this Commission.

FROM SATURDAY'S DAILY, NOV. 4

Indisposed.—We regret to have to state that President Geo. Q. Cannon is suffering from quite severe indisposition.

Immigrants Coming.—The immigrants who arrived at New York yesterday per steamer *Abyssinia*, left that point last evening, in charge of Elder George Stringfellow. All well.

Wasatch Stake.—A Quarterly Conference opened this morning at Heber City, Wasatch County. Apostles Teasdale and Grant, and Patriarch John Smith were to be present.

Arrested.—The following special has been received from Ogden:

To-day James N. Kimball, gubernatorial appointee for Probate Judge of Weber County, was placed under arrest for drunkenness and disturbance of the peace. The trial will take place next Monday, previous to Liberal rally.

Wrist Broken.—To-day, as David Hoggan, employed as stable boy by Mr. LeGrande Young, was taking that gentleman's horses to water, the one he was riding shied and threw him. His left wrist was broken, but he was not otherwise hurt. The injured member was set by Dr. Benedict.

Territorial Educational Convention.—The Territorial Text-book Convention met to-day, in the Council House, as per adjournment. President L. Jno. Nuttall being absent on account of illness, the Vice-President, Dr. J. R. Park, presided. No quorum being present, the convention adjourned to April 8, 1883, at 5 p. m., to meet at the same place.

**A Cutting Affray.**—On Thursday evening, near Kayesville, Harry F. Hicks, in the employ of Mr. O. Layton, and Allen Boyne, in the employ of Jos. Aldridge, quarrelled. Boyne stabbed Hicks about eight inches below the breast bone. The cut extended upwards about seven inches to a point above the pit of the stomach. The intestines of the wounded man were partially exposed. He is attended by Dr. Carrington and was, at last accounts in a critical condition.

**Small Fire at Manti.**—We learn by special to the News from Manti, that; yesterday, at 2 p.m., at that place, a fire broke out in the south part of that town, destroying two stackyards, some pigs, hay, etc., to the probable value of \$500. The origin of the fire is unknown, but it is supposed to have been sparks from chimneys, as a high wind prevailed at the time. The names of the losers are Christian Peterson and Peter O. Peterson.

**Firing at Frisco.**—The following came over the wires to the News to-day:

An immense meeting, under the auspices of the People's Party, was held here last evening, Bowen's Hall being full to overflowing. The concourse was composed of three-fourths Liberals. The best order prevailed and good attention to the speakers. There was music from the Beaver brass band. The meeting was addressed by Hon. Wm. Fotheringham and S. A. Kenner, Esq., the latter occupying the principal part of the time.

**West Jordan Ratified.**—The ratification meeting at West Jordan yesterday was an enthusiastic affair. The large hall, which was appropriately decorated for the occasion, was crowded to excess. Mr. A. Gardner was elected chairman and Mr. J. J. Williams secretary. Stirling speeches were delivered by Messrs Orson Pettit, T. V. Williams and C. W. Penrose. On motion of Mr. James Crane the People's Party platform was unanimously adopted and the nomination of Hon. John T. Caine ratified.

**A Death at the Hospital.**—A short time since Mrs. Maria Wilkinson Horton was brought to the city from her home, in Rockport, Summit County, and placed in the Deseret Hospital for treatment for heart disease and dropsy. The complaint had, however, taken too deep root and hold upon her system for medical or surgical treatment to prove of any permanent avail, so she expired on Thursday. Deceased was formerly from Yorkshire, England, and was a woman of most amiable disposition. She had been in this country about eighteen years. The remains were taken to her late home to-day, for burial.

**Burglary Business.**—Last evening we mentioned that the 11th Ward citizens, inaugurated the system of "special police," advocated by our correspondent "Old Argus." The propriety thereof is more evident when we state, that attempts at robbery, etc., are becoming more frequent each night. A gentleman was followed the other night by two fellows, to the neighborhood north of the Temple block, when one attacked him, by striking a blow with a stick, which he warded off with his upraised arm, when the scoundrels attempted to lay hold of him, and, but for the timely arrival of a pedestrian from another direction, when the scoundrels fled, he would have come off badly, and minus his money, of which he had between \$200 and \$300 on his person.

More recently a burglar supposed to be masked, attempted to obtain entrance to a house in the northern part of the 18th Ward; and was prevented from so doing by the lady of the house, her husband being absent, firing off a pistol, at which the scoundrel decamped, and an hour or so later attempted to enter another house, when he was again frustrated by the residents hearing a noise and raising an alarm.

Look well to the fastenings of your doors and windows; keep the watch dog inside of the house at nights, and if you have an opportunity give the depredators the right kind of a reception.

FROM MONDAY'S DAILY NOV. 6.

**Still Visible.**—The comet continues to be visible, on cloudless mornings, from three o'clock until daylight, although diminishing in brightness.

**Death at Orderville.**—A private dispatch was received to-day from Orderville, Kane County, stating that Mrs. Emmeline Billingsley, of that place, died yesterday morning. Deceased came to Utah in 1852, and formerly resided in Provo. She was aged about 76 years.

**For The Worse.**—For some reason the polling place of Herriman precinct, one of the oldest in this county, having been established thirty years ago, has been changed to a mining camp, the Yosemite, on the side of a steep mountain, five miles west of the settlement. As the registry list shows fifty-one voters in Herriman and forty or thereabouts at the camp, the alteration is not easily explainable on the ground of the greatest good to the greatest number.

**Suicide at Almy.**—The Evanston *Chief* states that on Friday last a young man named William Russell, a resident of Almy, walked into the store of Wm. Thompson, at that place, and borrowed a revolver, saying his father wanted it to kill a hog with. Mr. Thompson loaned him the weapon and he walked out. When about thirty feet from the store he deliberately placed the pistol to his forehead and fired, the ball passing clear through, and out at the back of his head. No cause is known for his rash act, except that he was in rather poor health and at times dispondent and peculiar in his mind. He only lived a few moments, in insensibility, after the fatal shot. He was a young man, only about twenty-four years of age, and his parents and brothers reside at Almy.

**Good Out of Evil.**—Private correspondence from Elder J. W. McMurrin states, that a clergyman recently undertook to lecture against "Mormonism" in a town called Gorebridge, in Scotland. As an offset, Elder McMurrin advertised to lecture on the affirmative side of the question, in the school house of the place. On the 12th of October the room was crowded to excess and many stood around on the outside. A number who were present attended for the purpose of creating a disturbance and breaking up the meeting, but when they found that the doctrines taught were strictly scriptural the tide of feeling changed, the Elder was listened to with close attention, and a good impression was created. What was intended by the clergyman to be an injury to the cause, turned out, as usual, to be a benefit, as an interest was created by his opposition.

### FOUL PLAY.

THE BODY OF A MURDERED MAN FOUND.

A dispatch from Monroe, Sevier County, states that a letter received at that place from Kingston, Piute County, reports the finding, on November 3d, in the river, four miles above Kingston, the dead body of an old man, in a state of putrefaction, with a bullet hole in the left side and thirty feet of chain around the neck. The body was not identified and there was no clue to the perpetrators of what appears to have been a horrible and cold-blooded murder. The officers buried the body on Saturday.

### A SUNDAY BURGLARY.

THIEVES BREAK INTO THE HOUSE OF JOHN HOLT.

Yesterday afternoon while Mr. and Mrs. John Holt were at meeting, their house, in the 8th Ward, was entered from the rear by burglars, who removed an upper sash from one of the windows. The burglars ransacked the premises in their search for money, turning the contents of drawers topsy-turvy, and pockets of clothing inside out. They found money to the amount of \$32, which, with a few pieces of jewelry and a number of shirts, they carried off.

A few days previous to the robbery a man called at the house of Mr. Holt and said he wanted to fix a sewing machine. He was told by Mrs. Holt that his services were not needed, the article being in good repair. He insisted that the lady was mistaken, but, after looking about the premises, he departed. Subsequently he returned with some tools and stated that Mrs. Holt had asked him to call and repair the machine. It is supposed that this fellow had something to do with the robbery, and that his ma-

chine subterfuge was to enable him to reconnoiter.

**Moral.**—Keep itinerant machine repairers on the outside of your premises. If you can't get them out yourself, call in the nearest available help.

### GASKELL'S COMPENDIUM OF FORMS.

Our friend J. P. Meakin, returned from the South a few days ago, after a successful trip, to purchase a team, &c., to extend his canvass further into Southern Utah. Gaskell's Compendium of Forms is a valuable work as a self educator or book of reference. It recommends itself to all who examine it. Don't fail to order one. dsw 1 e

DIXFIELD, Maine, Oct. 20, 1880.

Dr. J. Kendall & Co.—Gents:—Please find enclosed 25 cents for revised edition of your horse book. I have tried your Kendall's Spavin Cure for curb, and it has done all you claim for it. By using one half bottle it entirely cured the lameness and removed the bunch. Yours truly,

FRANK STANLEY.

### AN EXTRAORDINARY CASE.

AUSTIN, Texas, Feb. 20, 1880.

To Mr. J. W. Graham, Druggist: Dear Sir—My case was one of bronchitis, and was of one and a half years duration. I employed the best medical aid possible, but failed rapidly, until the doctors said I would die—and that my case was incurable. Thrown upon my own resources, I got a bottle of Dr. Wm. Hall's BALSAM FOR THE LUNGS, and in six hours felt a decided relief. In three days the cough almost disappeared. Now that my chances of life are good for many years, I earnestly recommend the above to every sufferer of lung and throat disease. C. G. LATHROP.
