SOUTHERN CONFERENCE,-There was a very interesting conference of the Southern mission held in St. George on the 1st, 2d and 3d inst., at St. George, Elder Erastus Snow, President of the mission, presiding. Much valuable instruction was given during the progress of the meetings by Presi-dent Snow, Elders Joseph W. Young, Henry Harriman, Jacob Gates, F. B. Wooley, Bishops H. Lunt, Wm. Snow and Alma H. Bennett. The principal subjects treated upon were union in temporal as well as in doctrinal matters, education, homemanufactures, sending teams to, the railway terminus for the immigration, importing labor-saving machinery, planting Pall wheat, and kindred subjects. President Snow expressed his regret at seeing so many families and young men from the Southern mission on their way north, which he viewed as one result of the late disastrous floods that had occurred: and he ex- C pressed his wishes that the Bishops and pre-t siding officers should, more than ever, lextend a kindly spirit and infinence over the people. Bishop Alma H. Bennett, in his remarks, said the people on the Muddy were trying to live their religion; but the cry was "more help." Various subjects of local and general interest were treated upon. The meetings were well attended, and were enlivened by the Santa Clara Swiss brass band and the St. George brass and martial bands. The singing was by the St. George, Cedar and Santa Clara choirs.
