

NO MORE HARNESS RACES ON THE CARP

Raw Piece of Work on Track Causes Mgr. Murray to Call Them Off.

FAVORITE PRIMUS PULLED

Race and Bets Called Off and Rank Piece of Attempted Jobbing Squelched by Judges.

There'll be no harness events in the daily programs down at the fair grounds. Manager Murray and Judge Blum are trying to give the public fair racing, this is evident from the watchfulness they display throughout each day's card. Anything looking a wee bit off is investigated. Yesterday the handicap harness event saw Primus, a strong favorite, pulled. Blum called the race and bets off. Those who watched the race say Arnold, driver of Primus, leaned back so far that anyone could see that he was pulling. Primus is a strong horse, and as it was Willetts came nearly being held to second place. When the drivers approached the wire, Manager Murray yelled through a megaphone, "Let that horse ride on Sam C. and again on horse go." Judge Blum was watching through glasses and the crowd was on its feet yelling like mad. All bets were declared off, much to the gratification of the public. It cost the bookies something but a raw deal had been punctured.

It tried to give the harness horsemen a show in these races," said Manager Murray, "but such work as that seen today cannot be tolerated for a minute. There seems to be little or no appreciation among the harness horsemen for what we have done for them so I guess harness races are a thing of the past. We can't afford to let ourselves or the public be jobbed."

The running races were good. Jilted, a show in these races," said Manager Murray, "but such work as that seen today cannot be tolerated for a minute. There seems to be little or no appreciation among the harness horsemen for what we have done for them so I guess harness races are a thing of the past. We can't afford to let ourselves or the public be jobbed."

HIGH SCHOOL FOOTBALL

WYOMING COMING

A bad knee is going to keep Dad O'Connell from the game with Wyoming Saturday. The big O. star was hurt in practice and the bump he got has crippled him. The game means the loss of a lot of strength and the folks in north are feeling gloomy over the outlook. Carlson, quarterback and Tribe, halfback, are also on the sick list. Salt Lake reports the lineup free from gaps.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied," says A. F. Hardy, of East Wilton, Maine. 25c at Z. C. M. I. Drug store, 112-114 Main street.

CARRIAGE WITH COFFIN RUN INTO BY ENGINE

Chicago, Nov. 5.—A funeral carriage containing the body of a young boy that was being taken to Holy Cross cemetery, West Baltimore, was struck and demolished yesterday by a Pennsylvania switch engine. The mother of the dead boy, Mrs. Mary Andrejevsky, was seriously injured. She clung to the coffin, and rescuers found her unconscious after the collision. Mrs. Anne Lewandowski was also injured as was Margaret Korsi and an unknown four-year-old girl. The driver of the carriage escaped injury by leaping from his seat.

The Day the British Celebrates As Told By a Flippant American

Today, Nov. 5, is the day often referred to as the "English Four of July," the day that is celebrated, particularly in London, for the providential escape of the British parliament, King James I, and his ministers from experiencing the spectacular fate of what is now in American mining camps, as the natural consequence of striking a "missed shot." The "guy" who was responsible for all this premeditated grief was one Fawkes, a soldier of (mis)fortune who served in the Spanish army in the Netherlands under his sworn and gentle spirit, the Duke of Alva, and got a "thirst for gore" that stayed with him for the remainder of his born days.

Fawkes conceived the laudable idea of resolving the British parliament into a committee of the whole and furnishing said committee with five transportation to what the astronomer Dick called, "Other worlds than ours." This plan he arrived at, after a course of study of the religious, or perhaps better, the lack of the religious complexion of the English national legislature, and the ministry attached thereto. Fawkes thought they were too good for this world, and on the principle that "the good die young" (in spite of the fact that they don't), he and a gang of his noble hirelings hired a house next to the houses of parliament, cut through the wall, as the would-be burglars did to the cellar walls of the Murray bank recently, and stowed away a comfortably large number of barrels of gunpowder. By touching off this powder, these hirelings intended to reach the straightway, the English parliament, ministry, and they hoped the king also, would take to themselves "the wings of the morning, and fly to the uttermost part of the night."

NO DERBY HATS FOR U. JUNIORS

First Rule in Code of Laws to Be Observed by Students On the Campus.

CLASSY CLOTHES IN ORDER

New Laws Governing the Sartorial Department of Young Men Are Compiled by the Four Classes.

The four classes at the state university have decided upon a code of laws to be observed by all students while on the campus and which in application will be equivalent to an aristocracy of clothes. The new code will apply to wearing apparel of students of the four classes while they are on the university campus. At all the larger universities campus rules go to make up an important feature of student life and the introduction of these rules at the University, think the students, will add to the dignity of the institution.

The code which will form such a defined line of demarcation between the seniors and the freshmen follows:

1.—No junior shall be allowed to wear a derby hat.

2.—No sophomore shall be allowed to wear any hat other than a soft crush of any style selected by the class. He may wear a cap, however. No sophomore shall take more than one roll in his trousers.

3.—No freshman shall be allowed to walk inside the cement walk around the central campus. If he crosses that part of the ground he shall be allowed to wear high-top boots outside of his trousers. No freshman shall be allowed to wear a hat of any kind, but may wear a cap. No freshman shall have hair rollers rolled up.

4.—The rules for freshmen apply to preps, and in addition no prep shall be allowed to appear on the campus with any kind of hat or cap, and in the case of the subject of the lecture, will be "Problems of Present and Future Zoology."

The medical society will be addressed this evening by Dr. J. Sandwall of the department of anatomy. He has chosen for a subject, "The Man and the Microbe."

"THE DIAMOND QUEEN."

Nothing Heard of Mrs. Cecil Whipple Wallace for Six Years.

Chicago, Nov. 5.—Failure to fulfill a subscription promise of \$10,000 made six years ago to the Beecher Memorial society of New York, brought to light yesterday the mysterious disappearance of Mrs. Cecil Whipple Wallace, once famous as "The Diamond Queen" of Chicago.

The fact that nothing has been heard of Mrs. Wallace for six years was made known by Dr. N. D. Hillis, pastor of Plymouth church, New York City, and former pastor of Central church, Chicago, in a report on finances at a meeting of the members of the society on Tuesday. Dr. Hillis said that the "Diamond Queen" disappeared the night following her gift to the society.

Mrs. Wallace enjoyed a spectacular career in Chicago during the World's Fair period in 1892. She was the wife of "Jugger" Wallace, reputed wealthy. Dr. Gimsanus declared that she had given property to the value of \$45,000 to Central church before the dissipation of her fortune.

SCHOOL STRIKES.

In Philippines in Future Culprits Are To Be Expelled.

Manila, Nov. 5.—In order to discourage the continuance of the many strikes in the public schools of the Philippines, which have been marred by the work of the institutions for some time past, the director of the educational board has issued an order that in the future no culprits will be shown to the culprits but all strikers will be promptly expelled from the schools. Commissioner W. Morgan Schlatter, secretary of instruction, was today operated for appendicitis and is progressing favorably.

FRANCE AND GERMANY'S RELATIONS DISTURBED

Berlin, Nov. 5.—The relations between France and Germany are again disturbed through German seeking from the French government the release of the Germans who deserted from the foreign legion at Casablanca and additional satisfaction for an alleged assault made upon a subordinate official of the German consulate at that place. The French foreign office wishes to submit the matter to arbitration, and Jules Cambon, the French ambassador in Germany, is endeavoring to reach an agreement with the German foreign office to this end but so far without success.

OUTRAGE BY STRIKERS.

Strike Breaking Chauffeur Beaten and Taxicab Run Over a Precipice.

New York, Nov. 5.—After assaulting the strike-breaking chauffeur of a taxicab last evening, a crowd of strikers cab and driving at full speed down Sixteenth street ran it over a 40-foot precipice, wrecking the machine and repair. Sixteenth street is a cliff which falls away steeply to a bit of beach on the edge of the East river, 40 feet below the street level. Witnesses of the affair said that the machine was rapidly down the street and that two men jumped out at a hundred yards from the end of the street. The chauffeur, however, remained in his seat until the machine reached the very edge of the precipice, when he jumped also. The machine fell to the beach below, where it remains, a mass of twisted iron and splintered wood. It was after the police had been notified of these facts by witnesses that Charles Seidel, a strike breaking chauffeur, reported that he had been beaten by three men in Sixty-fifth street and his machine stolen. The police believe that the assault and the destruction of the machine were the work of strikers sympathizers.

Salt Lake City women know how the aches and pains that come when the kidneys fail make life a burden. Back ache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Salt Lake City woman's words:

"Mrs. Joseph Slater, 552 West Third South Street, Salt Lake City, Utah, says: 'The recommendation which I gave Doan's Kidney Pills about a year and one-half ago was true in every particular. I can recommend them to all attacks of backache and other symptoms of kidney trouble which were very annoying and distressing. A friend advised me to try Doan's Kidney Pills and I procured a box at the F. J. Hill Drug Co. They acted up to my expectations. I was rid of every symptom of the trouble. Whenever I feel any symptom of a return I appeal to Doan's Kidney Pills and they always give me relief.'"
