GEO. Q. CANNON,

Editor and Publisher,

Salt Lake City, Utah Territory.

Bishop WILLIAM BUDGE is authorized to act as GENERAL AGENT for the DESERET NEWS throughout Cache County.

*Elder GEORGE FARNWORTH of Mount Pleasant, is appointed GENERAL AGENT for the DESERET NEWS and JUVENILE INSTRUCTOR for Sanpete County.

Special Notices.

TERRITORIAL DRILL.—Officers can procure Regimental and Company Flags by applying early to James Phillips, at Z. C. M. I., Salt Lake City. w323

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

LOST.—Between the First Ward and the Sugar House, yesterday, a bundle of bedding. The finder will oblige by leaving the same at this office or with the owner, Andrew Boyle, at his residence on the 20th Ward bench.

CRICKET MATCHES.—The following notice has been handed in by a member of one of the undermentioned clubs:

The Wellsville, Cache Valley, Club has challenged the Deseret Union Club, of Salt Lake City, to play a match, on the Wellsville ground, which has been accepted. The match comes off on Monday next, the 19th inst., at 9 o'clock a. m. Lovers of the game are invited to be present.

The Base Ball Club Ennea will play the Deseret Union Cricket Club, at their own game, on Friday next, the 16th inst., at 10 o'clock a. m., in Bishop Jenkins' pasture, foot of Main Street. All are invited to see the sport.

GOT HOME.—Elder Jacob E. Terry, called this morning. He has just arrived from a mission to the Eastern States. He left Ogden on the 25th day of last October, with the first company of missionaries to the East. He has visited the States of Illinois, Wisconsin, Michigan, New York and spent several weeks in Canada West. He visited a large number of his old friends and acquaintances. Elder Terry suffered from sickness during a portion of his stay in the East, but returns with his health much improved. He is pleased to be once more in Utah? Brother Terry's home is in Rockville, Kane Co.

A CHANCE FOR BUILDERS AND CONTRACTORS.—New buildings for officers' and men's quarters, hospitals, storehouses, stables, &c., are to be erected at once at the new post "Fort Rawlins," Provo City. Parties wishing to estimate for the erection of these buildings should apply immediately to Capt. G. D. Thomas, U. S. A., Post Quarter Master at Camp Douglas, where plans and specifications can be seen and all information given.

LOST.—On Saturday evening, somewhere between the Fourteenth and Seventeenth Wards, a black leather pocket-book, containing a store order and a small currency bill. The finder will please leave the above at this office, that the owner, who is a poor person, may get it.

BRIGHAM CITY ITEMS.—By a communication dated Brigham City, Sept. 8th, from our correspondent "A. C.," we learn of the following incidents, which, he says, have tended to cast a gloom over Brigham City: On the morning of the 7th Elder James Albon, a citizen of that place and a very worthy and much respected man, died, after a short illness, leaving a wife to mourn his loss.

The same day a promising young man named Jonah Mathias, had one of his feet dreadfully smashed in a thrashing machine. Dr. Ormsby, Jr., who was in attendance, had some hopes that amputation might not be necessary.

Later, the same day, Mette Maria, wife of Carl Jorgensen, died at childbirth. She had previously suffered from a variety of complaints. It is stated that she, by the advice of some ignorant or unskillful person, took a large dose of number six, which no doubt hurried her death. This should serve as a warning to persons, not to administer or recommend any medicine, the nature or use of which he does not understand.

The same day Brother James Orme, living ten miles north of Brigham City, fell from the roof of a building, on which he was at work, and fractured his collar bone. Dr. Ormsby attended him and reports that he is doing finely, and likely soon to recover.

The grain crop of Brigham City is reported tolerably good and the fruit splendid and abundant.

ATTEMPTED STAGE ROBBERY.—"Shortly after J. P. Cope & Co's. stage for the railroad left here last evening, an attempt was made to stop it by two armed and mounted robbers, just as it was going out of Emigrant or Keystone canyon, about two miles north of Austin. The robbers had their faces covered with handkerchiefs or pieces of cloth, pierced with holes for the eyes and mouths. They called to the driver to halt at the very moment that he had given his team a sharp cut with his whip, by which the horses dashed against one of the robbers and upset him. This disconcerted the remaining robber, who discharged his gun at the flying stage, at the same time exclaiming in a loud voice: "Keno!" or a word to that effect. Fortunately the robber's shot fell harmless, although there were three persons on the stage besides the driver. Mr. E. N. Riotte, who sat outside, and who sent us these particulars from Vick's station by the incoming stage, saw the robbers plainly in the bright moonlight, and describes their horses as small, light-colored animals. In attempting to draw his shot gun out of the cloth cover, Mr. Riotte dropped his hat, which was recovered and brought home this morning. It is evident that the robbers are inexperienced "agents," or bunglers at the business."—Reese River Reveille, Sep. 10.

DISTRICT COURT.—The District Court of the Third Judicial District commenced its session yesterday at 10 o'clock a. m., Chief Justice J. B. McKean presiding. The Grand Jury was called in the usual manner, when a motion was filed by members of the city police, accused of unlawfully, wilfully and maliciously destroying the contents of Engelbrecht & Co's. liquor store, to set aside the Grand Jury, on the ground that they had not been selected, drawn and summoned, as required by the statutes of Utah; which motion was set for argument, to come off at ten o'clock to-day.

Several applications were made for naturalization, when the Court informed the applicants and the bar that he would take time to more fully examine the laws before he admitted any.

To-day the Court presented a written statement concerning naturalization, and a rule, which, at the request of the bar, the court directed the clerk to give a certified copy of, for publication. After the usual hour spent in hearing motions, the argument commenced, relating to the legality of summoning the jury, pending which, our reporter left.

The attendance of the members of the bar and spectators was unusually large at the court room both yesterday and to-day.

J. F. BOWMAN.—There is an important message at the Deseret Telegraph Office for J. F. Bowman.

FROM WEDNESDAY'S DAILY.

PRESIDENT YOUNG AND COMPANY.—President Young and party left Toquerville at 8 a. m. to-day, and arrived at St. George at 2:25 p. m. He stays there till Friday morning. There was no meeting held at Toquerville. For these items we are indebted to the kindness of W. B. Dougal, Esq., of the Deseret Telegraph Line.

DISTRICT COURT.—This Court resumed its session this morning, Judge McKean presiding. The motion to set aside the Grand Jury, on the ground that they had not been selected, drawn and summoned, as required by the Territorial statutes, was commenced by A. Miner, Esq., followed by Z. Snow's argument. The Court adjourned till 2 o'clock, when it was expected the argument would be resumed.

NEW SECRETARY.—By an oversight, we

have omitted to notice sooner, the arrival of the new Secretary of the Territory, the Honorable Vernon H. Vaughan. He arrived on Friday last and has obtained a residence in the Thirteenth Ward. We have not had the pleasure of meeting him yet, but we hear him spoken of as a gentleman of fine address and pleasing manners.

RETURNED.—Elder Eli Whipple, who left this city on a mission to the East on the 25th of last October, returned to the city last evening. During his absence he has visited relatives and friends, preaching as he had opportunity and conversing freely with all whom he met upon the principles of the gospel, in the States of Pennsylvania, New York, Massachusetts, New Hampshire, Vermont, Delaware, Virginia, Ohio, Kentucky, Illinois, Wisconsin, Minnesota and Iowa. Though he found prejudice very strong in many places, he succeeded always in leaving a better feeling and a more correct understanding of affairs in Utah, and was treated with kindness by all. He has had excellent health.

TOMATO CATSUP.—As the present is the time to preserve tomatoes and make catsup we insert the following recipe which we have clipped from an exchange, and which, it is stated, will give a superior article:

"Tomatoes, 1 bushel; salt, 6 ounces; allspice, ground, 6 drachms; yellow mustard, ground, 1 ounce 5/8 drachms; black pepper, ground, 3 ounces; cloves, ground, 6 drachms; mace, ground, 3 drachms; cayenne pepper, ground, 2 drachms; vinegar, 1 gallon—mix. Cut the tomatoes to pieces; boil and stew in their own liquor until quite soft. Take from the fire, strain and rub through a middling fine hair sieve, so as to get the seeds and shells separated; boil down the pulp and juice to the consistency of apple batter, (very thick,) string all the time; when thick enough, add the spices, stirred up with the vinegar; boil up twice; remove from the fire; let it get cool, and bottle."

WILL BE RE-SETTLED.—We learn, by a letter from Brother William Morrison, that a number of the brethren, who, a few years since, settled in Sevier Co., and who, afterwards, left for other places, are about to return to their former homes in that county. A meeting of those who propose taking this step will be held at Spring City, Sanpete Co., on Sep. 25th.

FROM THURSDAY'S DAILY.

PRESIDENT YOUNG.—We learn from W. B. Dougal, Esq., of the Deseret Telegraph line, that President Young and party are at St. George, and will hold meeting there this evening. The weather is very pleasant there at present.

A NOVEL EXCURSION PARTY.—We learn by the telegrams that an excursion party, composed of about two hundred Ticket Agents of the various railroads throughout the country, is now on its way from the East to California. It is more than likely that the party will give this city a call.

FIRE.—Last night, about eight o'clock, fire was discovered to have broken out in a house in the Ninth Ward, the property of Brother Howells, and which was rented by Brother and Sister Dudman. As soon as the fire was discovered a large number of neighbors and others assembled on the spot and lent all the assistance in their power to subdue the flames, in which they were partially successful. The roof of the building was completely destroyed but, fortunately, all the furniture and the doors and windows of the house were saved.

Each fire, as it occurs, should admonish us of the necessity of providing adequate means to subdue the raging element, of which there is an entire lack in this city. We trust that severer lessons than those of the past will not be waited for before this most urgent necessity shall be supplied.

NEW WAY TO DRY PEACHES.—Dr. Joseph Treat, of Vineland, N. J., gives the following, and, as he says, new directions for paring peaches for drying:

"Never pare peaches to dry. Let them get mellow enough to be in good eating condition, put them in boiling water for a moment or two, and the skin will come off like a charm. Let them be in the water long enough but no longer. The gain is at least six-fold—saving of time in removing the skin, great saving of the peach, and the part of the peach saved is the best part, less time to stone the peaches, less time to dry them, and better when dried. A whole bushel can be done in a boiler at once, and then the water turned off. This very morning we had two bushels skinned, stoned (halved), and on the boards, long before a quarter of them could even have been peeled."—Practical Farmer.

SMALL-POX DISAPPEARING FROM OGDEN.—We are pleased to learn, from the *Function* of yesterday, that small-pox is rapidly disappearing from Ogden. There are only seven cases at the Quarantine, and they are speedily recovering. There have been no new cases for some time past.

THE REPUBLICAN PARTY IN MISSOURI.

In Missouri there is a split in the Republican party. There was a bolt in the convention which was being held for the nomination of governor of the State and other officers. Governor McClurg is the nominee of one party for the gubernatorial office, and Gratz Brown, formerly U. S. Senator, is the nominee of the other wing. The McClurg wing, from what we can learn, retains the traditions of the old organization, its discipline, its committees and its patronage. It claims that its ticket is the regular one; its platform endorses President Grant's administration, which the Brown platform ignores. The *Missouri Democrat* is the organ of the Brown wing of the party, and it claims that it is the true Republican party, and will be recognized in any national convention; it claims that the Brown platform is in perfect accord with the platform adopted at Chicago in '68. The Brown wing goes in for the enfranchisement of the whites from all disabilities, while the McClurg wing are strongly radical and are hostile to the enfranchisement of the rebels. The *Missouri Democrat*, in an editorial article thus expresses itself in speaking of its opponents of the other wing:

"The future, ye who believe in the gospel of eternal hate, is sure to bury you forever from the sight of men. Fight as hard as you please for victory this once; the harder you fight the longer the people will remember it and you! Or turn about if you like, and try to steal the very principles which you broke up the Radical party to defeat; it will do you no good. Men will despise your baseness as they now do your cowardice. Liberal men are going to rule Missouri, and your part in its future is ended. The sooner you recognize the fact, the less time and money you will spend in vain exertions."

In Chicago the deaf and dumb children, between the ages of six and twelve years, are being taught to speak and to understand what is spoken to them by distinguishing words from the motions of the speaker's lips. This is after the European system, it having been in use for a long series of years for that unfortunate class in many parts of Europe. The system has been recently adopted in the most prominent institutions in this country. It is founded upon the fact that speech, or articulation, is a mere mechanical process, the result of certain movements, identical in all individuals, of the lips, tongue, and other vocal organs. Through patient study and practice a deaf mute acquires the ability of comprehending these visible movements of the organs of speech—technically called lip-reading—with such precision and correctness that we can speak to him just as to persons endowed with the sense of hearing. The other part of the system is to enable the deaf mute to utter sounds himself, and this rests upon the fact that the above named movements of our vocal organs, while performing their office, are necessarily and indispensably accompanied by a more or less forcible emission of breath from the mouth, or a vibration of the throat and chest, caused by the straining of certain muscles located in these parts of the body. Having once that idea conveyed to him, there is no reason why he should not be able to imitate sounds and speech, and learn his native tongue. He does not use it now, not on account of his vocal machinery being incapable of operation, but simply for the same reason that American children do not use the Chinese or any other foreign language, that is, because he never heard anything about it. His vocal organs being in quite a normal condition, it requires only to convey an idea of sound to him, and to give him knowledge of his faculty to imitate it.

NOTICE.

WE WISH TO NOTIFY ALL PERSONS IN - debted to us that their Notes and Accounts must be settled by October first, to save costs.

KIMBALL & LAWRENCE.

Salt Lake City,
September 13, 1870.
