BY TELEGRAPH
FOR THE WEEK END NOVEMBER 1883.
AMERICAN.
WIRED FROM WASHINGTON.

WASHINGTON, 20.—The following
official order has been made:
It appearing that certain persons
have been practicing systematic
frauds on ex-Union soldiers and
their widows and orphans or other
heirs, by making false representa-
tions concerning pension claims and
extorting illegal fees for services
pretended to have been or promised
to be rendered, and this Department
having reason to believe that some
postmasters have been aiding these
fraudulent claim agents by furnish-
ing their lists of names of ex-Union
soldiers and others supposed to be
entitled to pensions, and also by dis-
tributing for them undressed cir-
culars; therefore postmasters are
forbidden hereafter to furnish such
lists or distribute any circulars of the
kind indicated, unless they are
addressed to some individual and are
prepared as required by law.
(Signed) Postmaster General.

A decision was rendered by the
Supreme Court of the United States to-
day in the important "Mercer
County" land case, Wm. O. Walsh,
claimant, vs. the General Land
Office of the State of Texas vs. Wm.
Preston. This was a suit originally
brought by Preston upon an alleged
contract between the Republic of
Texas and the Republic of Texas, agreed
to by which the latter agreed to give
to Texas a large number of immi-
grant families and settle them on
unoccupied public lands, and the
Republic of Texas agreed to com-
pensation for his work 640 acres of
land for every family thus brought
within its limits. The court holds
that the Republic of Texas never
made such a contract, and that the
Republic of Texas never brought
enough settlers into the Republic of Texas
to constitute even a shadow of com-
pensation on his part with the terms
of the contract, the State of Texas
is released from all obligations with
the Republic of Texas may have as-
sumed by virtue of such contract, and
that the claimant has no valid claim
to equitable relief. Judgment
of the U. S. Circuit Court reversed,
the case remanded with directions
to dismiss the bill. Opinion by Jus-
tice Miller, Justice Harlan dissenting.

The judgment of the Supreme
Court of Louisiana is affirmed with
costs to the appellant. The court
compel the authorities of New
Orleans to provide for the payment
of two judgments recovered by the
former against the city as indemnity
for damages to the property by a
mob in 1873. The decision of
the court below was adverse to
Folom. The court also decided
that the Louisiana and Orleans Rail-
road Company, which through suc-
cessive transfers has come into the
hands of the Louisville & Nashville
Railroad Company, liable to State
taxation, and the present owners
cannot claim immunity.

The report of the Comptroller of
the Currency is in the hands of the
printer. The portion furnished for
publication relates mainly to State
banks. From returns received from
twenty-four States, it appears there
are 783 State banks, of which 630
are in the hands of the State, 153
are in the hands of private parties,
and 630 savings banks. Hav-
ing banks deposits, \$1,024,858,787,
and deposits of State banks and trust
companies, \$600,874,217. These re-
turns don't include bank deposits
of the National Banks. The de-
posits of National Banks Oct.
24, 1883, exclusive of those due
banks, were \$1,063,601,168. There
are 749 private banks in the prin-
cipalities, with deposits of \$104,415,
835. There are 2,611 private bank-
ers in 34 States, exclusive of the
above cities, will deposit \$181,370,757.
The Comptroller estimates that the
percentage that will be lost by holders
of National Bank notes from failure
to present them for redemption after
twenty years circulation will be
from 1 to 15 per cent. Highest
amount of the first issue of legal
tenders outstanding at any one
time, \$449,461,762; amount outstand-
ing November 1st, 1883, \$311,473,
855. At the percentage of
2-55 on the highest amount out-
standing.

Issues of silver dollars last week,
\$30,000, against \$240,000 the same
time last year.
DEPORTED AND DIAMETER.
TOLEDO, O., 19.—Telegraph, Swanton,
Ohio: Samuel Hermy shot his

quarrelled.

Denver, 19.—Republican, Lead-

Oxford, Ind., 19.—At the lyn-
ching of Nelling this morning, for the
killing of Ada Atkinson, before he
was swung off, one of his execu-
tioners said to him: "Nelling, you
must die; have you any further con-
fession to make, or anything to
say?" He replied: "No, nothing
more than I have already said; but
I want you to make a half-way de-
cent job of this, and cut off my head
as quick as you can." Five minutes
were given him. When strung up,
a paper was pinned on his breast,
with the words: "Warning to Mur-
derers." At 10 o'clock the body was
taken down.

The coroner's jury returned a ver-
dict of "death by violence at the
hands of a band of masked men,
unknown to me." The body was
interred in the county grounds west
of Oxford.

Buffalo, N. Y., 19.—The opinion
prevails that the schooner "James
Wade," from Detroit Oct. 25, with
the schooner "H. F. Murray," went
ashore near Silver Creek and found-
ered with all hands.

St. John, N. F., 19.—Saint Pierre
announces a furious snowstorm on
Friday and Saturday last, attended
with loss of life and property. Ships
were driven ashore and crews per-
ished.

The ship Portland, lumber laden
schooner, and brigantine, bound for
France, were driven upon reefs and
wrecked. Several vessels were
driven from their anchorage and
partially wrecked. Trepassay ad-
vises report several bodies came
ashore there and at St. John's; no
identifications as yet. All were
mutilated, the hands, arms and legs
severed from the trunks. At St.
John's a large vessel drove ashore
dis-masted; also looked abandoned. The
schooner Capitan was detained four
days by a hurricane, unable safely
to face the northern gale. Three
schooners went down in Trinity
Bay and one in Captain Bay. The
steamer Misou, from Boston, for Liver-
pool, passed Cape Race, Sunday.
She reports frightfully stormy weather.

Montreal, 19.—Reports of the dis-
astrous effects of the gale last week
come in daily. The following fatal
accident is reported: Two sailors, St.
Jean, residing at Borel, were drowned.
Mr. Faugnan, with wife and five
children, were drowned while orac-
ing the river from Gentilly to
Chimney.

**MEANDERINGS OF A MISSION-
ARY PARTY.**
VIEWING THE RIGHTS—STORMY
WEATHER AT SEA—DESCRIPTION
OF THE "OREGON."
AT SEA, Oct. 31, 1883.
Our party of about 30 Elders and
four ladies, which left Salt Lake
City Tuesday morning, October 16,
1883, en route for Europe, arrived
safely at New York on Sunday
morning, October 21. Several of the
party stayed at Chicago from 7 a. m.
until 4:30 p. m. Friday, taking in the
Exposition as well as many other
interesting sights. The 4:30 train
being a fast express, we overtook
the rest of the brethren who left
Chicago the morning of the Niagara,
where we all spent the day on the
banks of that mighty cataract. The
suspension bridges, Burning Spring,
Whirlpool Rapids, where Captain
Lobb was attempting to swim
amidst the angry breakers, and
many other points of interest
reside in the fall, led to make
it one of the most popular pleasure
resorts in America.

Leaving the Falls on Saturday
evening we arrived at New York
on Monday morning at 8 a. m. Here
we spent two days visiting the city
and the suspension bridge joining New York
and Brooklyn, Greenwood Cem-
etery, Prospect and Central Parks,
Vanderbilt's residence on 6th
Avenue, Central Park, and
saw many other places of note
and interest.

At the Grand Central Hotel,
Broadway, where we took lodg-
ing, kind treatment and the best of ac-
commodations were received, though
on our arrival at the hotel the guests
and employees of the establishment
filled the stairway and entrance,
gazing narrowly on our little party
of pilgrims, in amazement.
Our tickets were secured via the
Gulf Line per S. S. Oregon, and on
Tuesday morning we were all on
board at 9:30 o'clock, ready to set
sail at 10:30. Promptly
at the time set the steamer
moved gracefully out of the
harbor on to a calm and placid sea.
The first day was spent very plea-
santly, but with the night came a
heavy gale, which caused a great
number of vacant seats at the break-
fast table next morning. The strong
winds and heavy seas have contin-
ued heavily ever since, making the
voyage very unpleasant. However,
we have all recovered from our sea-
sickness, and feel overjoyed with the
expectation of reaching Queenstown
to-morrow morning, November 1st,
from where I will mail my commu-
nication. From Queenstown to Liver-
pool is a sail of 18 hours, so we
expect to reach the latter place
Thursday evening, after a ten days
voyage.

The steamship Oregon is one of
the most elegant vessels on the At-
lantic.

land, as well as one of the largest
and fastest. She is entirely new,
having only made one trip
across the Atlantic from Liverpool
to New York, and is now making
her first voyage the other way. The
length of the present voyage was
occasioned by a disabled engine,
which could not be repaired at New
York, but this fact was kept very
quiet until we were out at sea,
causing a great deal of disast-
r among business men on board.
Aside from this disability, the Ore-
gon is everything that could be
desired, in regard to her elegant
and comfortably furnished apart-
ments. Her dimensions are as fol-
lows: Length—520 feet, breadth 54
feet, depth 40 ft. 9 inches; horse
power 15,000, while her gross mea-
surement is 7,500 tons. She has ac-
commodations for 1,058 passengers
and a registered tonnage of 3,325.
On the present voyage she has about
350 passengers and 250 of a crew.
The captain, James Price, is a fine
old English gentleman, assisted
by an able corps of officers and en-
gineers. One of the most striking
features of the Oregon is her enorm-
ous motive power, having the most
powerful engines ever put aboard of
any vessel. Another important fea-
ture is her incandescent electric
lights, there being 52 of these in the
saloon (dining hall) alone. I give
this short description for the bene-
fit of our people who patronize this
line very extensively, and would
say to those who anticipate a voy-
age, you will do well to embark on
the Oregon.

Brother Arthur, who is in charge
of the company, desired me to ex-
press his thanks to those who ar-
ranged for our transportation on the
railroad, accommodations at
hotels, etc. These have proven a
success, as they have secured for us
kind treatment and many conven-
iences all along the route. We all
feel to express our heartfelt thanks
for the generosity and kindly aid of
our friends at home, and go forth
with a determination to serve God,
and do all we can for the advance-
ment of His work.

and perfect are its effects,
that it is impossible to detect
its application.

AN OLD SISTER IN THE 20th

comparatively like a young woman.
It is a marvelous remedy.
Should try it who are afflicted with
