who is tained by ether will see in the child the same disease manifesting itself in glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and of-tentimes white swell-ing —sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly child the same disease

along time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S.S.S. cures this wast-ing, destructive disease by first purifying

and building up the blood and stimulating and invigorating the whole system. J. M. Seals, 115 Public Square, Nashville, Tenn.

J. M. Senis, 115 Fubric sequere, Nassville, Tenn., says: "Ten years ago iny doughter fell and cut her forchead. From this would the glands op the side of her face became swollen and bursted Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her en-tients."

SSSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage. DEPARTMENTS. The police department has been carefully, conservatively and efficiently conducted and there are no factions or

dissensions. From a financial stand-point the department has made a remarkable showing, in fact I do not think another police department in the United States has made, proportionally as good a showing during the past year. The department has covered into the city treasury, in cash \$11,614.80, and crediting them with 4,494 days' commitments at \$1 per day makes a total credit of \$16,108.80. The entire expense f the department has been \$13,684.78 leaving a balance to its credit of \$2,-424.02. There were 1,194 arrests in 1900

and 1,719 during the past year. The department now consists of a chief, a The captain, a detective and eight patrolmen which is two patrolmen more than e had last year. The fire department is in an excellent

and condenses the report of all city offi-As this administration is about to

re out of office, for your information and for the information of the people st large I will summarize the principal crents that have taken place in the diy's affairs during the last two years. This administration inherited a large feating indebtedness which had been accumulating for years. We also fell addition, we have had other large and unasual expenses which we have met. Notwithstanding these exceptional drawbacks we have kept our expenses below the actual receipts exdusive of bond lasues, than any former administration, and the city is in betor financial condition today than it has been for years.

secrificing public improvements and re-pairs for it is a fact that we have done more work on the streets than has been done for several years, and we have extended the water system a distance o two blocks. We have also disbursed more than has been expended for sev ctal years provious in repairing and eving our public buildings and in bautifying the public grounds, and tave done more in improving the roads the cemetery than the work done in all former years.

We have prepared plans, specificatons, etc., for paving Washington ave rue, Twenty-second to Twenty-sixth theets and have contracted with J. P. O'Neill for doing the work at a very reasonable figure.

This administration has decreased the indebtedness of Ogden City as follows Overdraft on treasurer has been decreased \$19,787.27: bonds retired, \$4,000; total reduction, \$23,797.27.

In addition we have paid the following amounts; Hydrant rentals, amount incurred by

former administrations, \$24,568.37: legal lees rendered former administrations, \$2.000; back salaries, amount in cured by former administrations, \$2,-112.46; total, \$52,480,52. This very substantial gain has been

made in the face of our waging a very vigorous war against the waterworks companies which made our legal exbeases over \$13,000 more than they would have been otherwise. We had three smallpox epidemics which in-treased the expenditures of the health commission and the charity fund over 10,000 more than would have been the case otherwise. Had it not been for these the ese two items alone we would have sained over \$25,000 more than the This shown above.

This administration has refunded \$9,960 in 6 per cent bonds at 4 per cent. making an annual saving to the city of

## Little Rachel Adams Falls Victim to Diphtheria-Many Others Exposed.

Special Correspondence, Layton, Davis Co., Jan. 6 .- Diphtheria has made its appearance in our midst. It claimed its second victim this morn-Clerk ing in the person of Rachel, the 4-year, old daughter of Geo. P. and Ann Eliza Adams. Little Rachel was a bright child, and being the youngest of a family of nine, she was the idol of the household and will be greatly missed.

Many have been exposed to the dread malady, but precautions will be taken against its spread.

After roll call Recorder Buchi called for nominations for temporary chair-man and George S. Taylor was nominated by Councilman McEwan, and inanimously elected. Chairman Taylor's call for nomina-

ions for president were responded to by Councilinan McEwan, who piaced Mr. Taylor in nomination, and by Mr. Silver, tho nominated George Powelson. The vote on these nominees was

For Taylor-McEwan, J. T. Farrer, Decker, Wilkins, Taylor-5. For Powelson-Silver, W. K. Farrer, Carter, Roberts, Powelson-5.

The vote being a tie there was no election and a motion to adjourn till next Monday was carried.

There seems now to be no disposition on either side to change, although an agreement may probably be reached be-fore the next meeting of the council and president elected at that meeting. If not, the supporters of Mr. Taylor think they have the advantage in having the chairman, who, they believe can act as chairman for the term. The other side, however, claims that the council is not organized and cannot le-
