REFERRED TO COUNCIL. Alcatraz Penalty Will be Considered

By That Body.

The board of public works held a lengthy session yesterday afternoon, at which the Alcatraz Asphalt Paving company's attorney and superintend. ent appeared and attempted to convince the board that the \$7,850 penalty, for failure to complete the paving on Second South and South Temple streets Second South and South Temple streets within contract time, should not be im-posed. After considerable discussion if was decided to refer the matter to the div council for further considera-tion. The company's representatives stated that the streetcar company had failed to lay stone on the outside of its tracks and thereby delayed the paving, and that the Union Lime and Stone company had failed to furnish the stone contracted for which was an-other cause of delay.

Croup.

The peculiar cough which indicates eroup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disap-pear. For sale by all druggists.

On motion of Senator Love, House bill No. 17, relating to the appropria-tions made two years ago for the deaf, dumb and blind school, and other state mediutions was taken in and under institutions, was taken up and under suspension of the rules was passed without opposition.

FOR HABITUAL DRUNKARDS.

The members of the state senate want to feel sure they are not legislating in behalf of private institutions; making laws that will force the money out of the county treasuries into a private pocket, and hence they approached cau-tiously, yesterday afternoon, Senator Bambacrear's bill for the treatment of Bamberger's bill for the treatment and cure of habitual drunkards and those

When the measure came up on its third reading Senator Johnson moved to strike out the enacting clause.

He said, "If you want to get at the root of this thing, why don't you pro-hibit the liquor traffic? That is what I would favor. Don't think that you can build men up as fast as the saloon drag them down. Besides, we have no ibitual drunkards in our county, he moderate drinkers that we have trouble with

Itappy to show the senator around if he ever came down that way.
Taking up his measure seriously senator Bamberger made an earnest plea for the bill. He thought it was good from a humane, social and business standpoint, and should be passed here as similar measures had been passed in other states.
Senator MoKay spoke forcefully in bohaif of the bill, declaring it was good encugh to be tried for two years at least. And if then it was proven to be

Some of the members of the house say that they are still strongly in-clined to take a trip to the Pacific coast, the recent talk by some of the members of the senate against it, to the contrary notwithstanding. They say that it comes with rather bad grace from those members of the senate who have annual passes and whose frequent trins away from Salt Lake make them trips away from Salt Lake make trips away from Sail Lake make them glad to get a chance to stay at home, to object to so many others who don't have those advantages, from taking a trip which they would never forget, par-ticularly as it wouldn't delay anything nor cost anybody very much. From present indications the house is likely to have its way about this matter.
