CHAIR MAY APPOINT.

Among the most important routine matters attended to by the council was the passage of an ordinance which gives the chairman of the board of public works the power to appoint a clerk of the board, subject to the approval of the council. Heretofore the city recorder has had the appointment of the clerk of the board. It was explained that in order that there may be harmony between the board and the clerk, the ordinance was introduced by Black, and was passed under a suspension of the rules by a vote of 9 to 2. Martin and Dean voting against it.

TO IMPROVE FIRST STREET.

W. L. Snyder and a large number of other property owners on First street petitioned the council to macadamize that street from A to J street. They ask that the width of the street be cut down to 50 feet, and that the sidewalks be widened to 15 feet. The signers of the petition represent 1,355 feet out of the total of 2,920 feet. The matter was referred to the streets committee, with the city engineer associated.

ASSESSMENT CONFIRMED.

Under a suspension of the rules the council passed ordinances confirming the assessment upon the property on the east side of Tenth East street, between First and Second South streets for a cement sidewalk; on both sides of 13 and 14 streets, on both sides of Seventh street between B and C, and on both sides of J street, between Second and Third streets, for the construction of sewers.

INVITATION TO ATTEND.

The council, upon motion of Hartenstein, instructed City Recorder Critchlow to invite the councilmen to attend the sessions of the council held between now and the first of the year. An invitation was received from the Daughters of the American Revolution to attend the dedication of the drinking fountain presented by the chapter to the city, located in front of the new public library on Saturday afternoon, at 2 o'clock. The invitation was accepted.

PLACES BIERER IN A BAD LIGHT.

Sensational Motion Filed in Connection With Recent Divorce Case.

MAKES SERIOUS CHARGES.

Matter Brought Into Court by Nephew Of Deceased Mrs. Bierer—Property Involved.

A decidedly sensational motion was filed in the district court yesterday in connection with the divorce granted Everard Bierer, Jr., a prominent attorney of this city, from May L. Bierer, which was rendered by Judge Morse on June 27, 1905. The former Mrs. Bierer died at Panguitch, Utah, on July 31, 1905, and her nephew, P. J. Jones, at that time, filed the motion in the case in which he asks that the decree of the divorce be set aside so far as it affects the property rights of Mrs. Bierer. He charges that the divorce was obtained by false and fraudulent testimony on the part of Mr. Bierer.

WIFE HAD PROPERTY.

Among other things he alleges that when Mr. Bierer married his former wife she had property of the value of \$15,000, which he has disposed of, and that immediately after the divorce was rendered he compelled her to leave the city without sufficient clothing or money. She went to Panguitch, where she partially supported herself, and was partially supported by friends up to the time of her death. Mr. Bierer married his former wife at Panguitch, Pa., in March 14, 1895. His present wife was Miss Roxie Cummings, who had been employed in his office as stenographer. It is alleged in the motion filed by Mr. Shaffer that Mrs. Bierer accepted service of the summons in the case and waived her appearance through fear and coercion on the part of her husband. The charges of fraud on the part of Attorney Bierer are set forth in the motion as follows:

VICTIM OF MORPHINE.

"That the said plaintiff testified that the time he married the said defendant that she was addicted to the morphine habit, and that said fact was then unknown to him, when in truth and in fact, although the said defendant was at that time addicted to the morphine habit, said fact was well known to said plaintiff at the time of his marriage to said defendant and prior thereto.

"That the said plaintiff testified at said trial that the said defendant, Mary L. Bierer, was at the time of the filing of the complaint in said action and at the time of said trial addicted to the morphine habit, when in truth the said defendant, Mary L. Bierer, was not at that time and had not been for a period of more than six months addicted to said habit, or to the use of said or any drug in any form or manner whatsoever, and that said fact was well known to said plaintiff, Everard Bierer, Jr., at the time he gave his testimony at said trial.

WANTED TO MARRY.

"That the application of the said Everard Bierer, Jr., for a divorce in said action was not made in good faith, or for the purpose of relieving himself from the obligation of a marriage which had become insupportable, but was made because of contemplated marriage with another woman, and which marriage contract he desired to consummate, and did shortly thereafter fulfill.

"That at the trial of said cause the plaintiff, Everard Bierer, Jr., was asked by the court as to what provision had been made for the support and maintenance of the defendant, Mary L. Bierer, whereupon the said plaintiff falsely testified that ample provision had been made for her support, which statement was untrue, and that the plaintiff then and there well knew.

SENT TO PANGUITCH.

"That immediately after the entry of the said decree the said plaintiff compelled the said defendant to remove from Salt Lake City, Utah, and compelled her to leave said city with insufficient clothing and with less than \$30 in money, and that said defendant did so leave the city at the time she was ill, which fact was well known to the plaintiff. That the said defendant, Mary L. Bierer, went to Panguitch, in the state of Utah, and while there the said plaintiff made no provision whatsoever for her support and she was supported partially by her own exertions and partially by the charity of friends, and that on or about the 31st day of July, A. D. 1905, at Panguitch, Utah, she died and was buried, and that the expenses of her burial were paid by a friend and that the plaintiff has failed, neglected and refused to pay the same, although requested so to do.

"That on or about the 29th day of August, A. D. 1905, at Farmington, in Davis county, Utah, the plaintiff remarried.

RICTING IN VLADIVOSTOK.

Largely Due to the Commandant Losing His Head.

St. Petersburg, Nov. 15.—The latest reports from Vladivostok indicate that

the rioting has not yet been suppressed. Both the sailors and the fortress artillerymen participated in the outbreak. The situation got beyond his control and energetic measures were not taken until a large part of the city had been destroyed. The population is still seeking refuge on the vessels in the harbor. According to one report from Vladivostok 300 rioters, mostly sailors and artillerymen, were killed or wounded during the first day of the outbreak. Advice from Vladivostok late this afternoon indicate that the mutiny of the sailors and soldiers has been quelled and order partially restored, the commandant having agreed to send home the reservists and time-expired men detained there.

Attacked by a Mob
and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Buckler's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only use at Z. C. M. Drug Dept.

PRAIRIE FIRE LOSSES.

Aberdeen, S. D., Nov. 15.—Reports from the district burned over by prairie fires today indicate heavy losses to farmers. On account of the distance it is impossible to get an accurate statement. A number of farm houses are reported burned. The two little daughters of John E. Britting, a farmer living west of Westport, are reported lost. A gang of men sent out by the Dakota Central Telephone company undoubtedly saved Aberdeen from losses, as they ploughed a fire break four miles long north of town and back-fired from it. This checked the fire near Aberdeen.

TWENTY YEARS AGO TODAY.

DO YOU REMEMBER?

Louis David Riel, a Canadian half-breed, was hanged for treason at Regina, N. W. T. Every effort had been put forth to save the prisoner's life, but neither the home government nor the British government would commute the sentence. The condemned man met his fate fearlessly, stating that he had only done his duty in behalf of his afflicted people.
