QUARANTINE AGAINST SHEEP.

Gov. Gooding Issues Proclamation Directed Against Utah and Contiguous States.

FLOCKS MUST ALL BE DIPPED.

Boise Bank of Commerce to be Merged With Trust Company and Savings Bank.

special Correspondence.

B olse, Ida., March 1.-Gov. Good-ing on Thursday issued a proclamation declaring a quaranting sgainst sheep from Utah, Nevada, Montana, Wyoming, Washington and Oregon. The proclamation, which is based on the information that sheep in the states named are infected with scab, goes into effect at once. The most important clause in the

proclamation is as follows:

"It is further ordered and proclaimed that the importantion into the state daho of all sheep from the states ed above in this proclamation shall be and is hereby prohibited unless said sheep shall have been dipped under the supervision of the United States buanimal industry. owner or owners, or party or reau

parties in charge of said sheep shall not cross the state line of Idaho with their flocks without a certificate from the inspectors of the United States bureau of animal industry, showing that said sheep have been dipped untheir supervision. If such certifi-is more than 10 days old at the time said sheep are offered to the authorities of Idaho for admission, or at the time the sheep are sought to be driven or brought into this state said certificate shall be null and void."

BANK MERGER.

An announcement of considerable in-terest in business and financial circles is one to the effect that the Bank of is one to the effect that the Bank of Commerce of this city is to be merged with the Trust Company & Savings bank, with a capital stock of \$500,000. The final details of the merger will be arranged at a meeting of the directors of the bank, which has been called. The deal, which is to be made on the basis of 100 per share is for practically a of \$200 per share, is for practically a half of the present capital stock of the

PARIS IS TO HAVE SOME IMPROVEMENTS.

PARIS, Idaho, March 1.-Winter ho. Recent storms have increased the depth of snow to 15 inches over the

valley and deposited more in the mountains than has fallen before for several years. There has been a rise of temperature for the past week during the day time but it has gone considerably below zero at night. Cattle

ing the day time but it has gone con-siderably below zero at night. Cattle are in good condition owing to the abundance of hay raised last season. Paris is to have two drug stores here-after, instead of one. Orson Pendry has removed his to the north of his residence on Main street and a new one is being set up in the west rooms of the bank building, to be managed by Dr. Oliver H. Budge. The city council is discussing the advisability of lighting the town by a large number of incandescent lamps instead of by a few arc lamps as here-tofore. The change will probably be made in the near future. A short time ago the Presbyterian minister of this city, Rev. R. P. Boyd, circulated locally a tract entitled "7a-tal Objections to the Mormon Tithing System." A review of this tract has just been published by Jesse R. S. Budge, a son of President William Budge of the Bear Lake stake. It is a complete and forcible refutation of the supposed arguments and of the sophistry of the anti-"Mormon" tract with which it deals. The funeral of James Athay, whose death occurred on Friday, the 16th of Feb., was held in the First ward meetinghouse on Monday, Feb. 19. El-der Athay was born in England 75 years ago. He became a member of the Church in his youth and immi-grated to Utah in 1862. Shortly after-ward he came to Bear Lake valley and was one of the pioneer settlers here. He was one of the bost inform-ed and most highly respected citizens of this community, and will be great-ily missed both by the large family of this community, and will be great-ly missed both by the large family that he has left behind him and by the

Settlers on Government Land Under Proposed Pumping Plant Promised Assistance.

GOVERNMENT EXPERT THERE.

He Investigated Grievances of the Homesteaders and Expressed Surprise at What He Found

Special Correspondence

AKLEY, CASSIA CO., IDA., March 1 .- The settlers on government land under the Minidoka reclamation proposed pumping plant, through their organization and with the aid of the Burley Bulletin, have at length been able to convince the secretary of the interior, that a great injustice was being done the set. tiers on the south side of the Snake river, of which there are 480 located on farm units. As a result of this recent awakening. Mr. O'Falley, a special expert of the department, has spent a week or ten days among the homesteads on the south side and has gone over the situation so thoroughly that when he departed he is said to have stated that a great wrong has been done these settlers and that the next thing for the department to do, was to find out who is responsible for this wrong, and assurances were given that water would be provided for lands ly-iog under the pumping plant at least water would be provided for lands ly-ing under the pumping plant at least one year earlier than had been given out from headquarters. Mr. O'Falley took train from Burley last Sunday for Boise to examine into the cause of the South Side condition, with a view to ascertaining who is responsible. It is thought that prejudice has led to a misstatement of the facts with reference to the total number of set-tlers on the South Side as well as the character of those who are seeking to establish homes for themselves on these lands.

hese lands.

It is infimated by the interior de-partment that they had been led to be-lieve that not more than thirty homes were located on the south side and were located on the south side and that these settlers were an inferior class. When in reality there are over 480 good, sturdy settlers located on their dry farms, some of whom are serving their second year on this land. Wm. T. Jack left here yesterday morning for Chicago and other east-ern points on business. He expects to be absent 10 or 12 days. Mild, thawing weather is indicative of the approach of spring. Sheep are looking exceptionally well this time of the year, in view of the long, se-vere winter. This happy condition of the flocks is due to the fact that a great deal of corn has been shipped in and fed during the latter part of the
