EASY MONEY

Every day some of our clients are telling us their appreciation for the money we have collected from some old claim for them. The other day we gave T. C. Walten-snel, the clear man, a check in settlement of a claim that had been owing to him 16 years, and the same day we settled up an old claim owing to the Calder's Music Co., which company has long since quit business. In every instance the money was paid because of the red streaks of honesty. We collect for thirteen thousand clients scattered from Africa to Alaska. Turn in your claims and we will collect some for you.

BOWERMAN OF BOSTON NATIONALS, WHO MAY BE TRADED TO NEW YORK.

Rumors are now in circulation among the members of the Boston Nationals that Frank Bowerman, catcher and manager, is to be traded to New York. It is said that Bowerman is very unpopular among his teammates owing to the harsh treatment he has accorded them, and that he would relish a change of scene. Early in the season the Bostonians under Bowerman's handling made a good showing, but for the last month or so the team has been shot to pieces. Bowerman was traded to Boston by New York during the winter of 1907, along with several others, for Bridwell and Fred Tenny. When in good condition he is one of the best catchers in baseball.

WILLIE KEELER MAY NEVER PLAY AGAIN

Philadelphia, June 23.—Willie Keeler will not play ball again this season and the chances are that he may never play again. During the season Keeler has been out of the game for a week or so due to being spiked by a Cleveland player. Since then he has become known outside the club that the veteran will not play ball again this season, although no official announcement has been made to that effect. A severe tendon in Keeler's right foot just back of the ankle is the cause.

MURRAY SPORTSMAN GETS GAME WARDEN JOB

After delaying the appointment of game warden for district No. 2, which takes in Salt Lake, Davis, Tooele, Utah and Juab counties for a long time, Fred W. Chambers, state fish and game commissioner, has named the man for the job. The appointment came yesterday afternoon and Joseph C. Smith of Murray, a popular sportsman of the section, has been named for the position. Smith is the best backing and his appointment is most pleasing to his large circle of friends.

The position is one requiring considerable travel. The salary is \$1,000 per year with \$200 for expenses.

MAYER AND WRIGHT IN PURSUIT RACE

The feature of this evening's program of bicycle races will be the match race between Mayer and Wright. These amateurs have been fighting it out on every occasion of coming together. Mayer has been the victor in the past, but Wright in the open Australian pursuit. Manager Heagren decided to match them on the track. The race will be a two-mile scramble for the amateurs. Prizes are to be awarded for the first over the tape at each half-mile. The balance of the program follows:

One-mile handicap, professional. Quarter-mile dash, amateur. Two-mile "scramble" amateur; prize at each half-mile.

Lim, O. June 23.—Chief of Police Seffern made good his order that in case of any future assaults upon an umpire he would not take a player from the grounds but lock him up, when, following an attack by Catcher Johnstone of Marion upon Umpire Handover yesterday the player was sent to jail. He was released on bond three hours later.

LOST CREEK THE MECCA FOR LOCAL FISHERMEN

Scores of local devotees of rod and reel are planning to swoop down upon Lost Creek and cur. The trout reports were received here today to the effect that the water in Lost Creek has cleared and the stream is full of trout. Good reports have also come in from East canyon and also Provo canyon, but the streams near the city are still high and muddy and it is difficult to induce the trout to rise.

On Lost Creek the best fishing is a few miles above Croysden. A party is planning to go to East canyon and then work their way along that stream and down Lost Creek.

E. F. Bohn caught a 4½ pound trout in the Jordan River yesterday. Just below the Garfield tracks crossing, Bohn used a spoon hook, and had to "play" with the fish 30 minutes before it could be landed.

ALL CONTRACTS FOR 1910 TAKEN

Automobiles in Greater Demand Than Ever—Trip from Buffalo to Salt Lake City.

Frank Bortelli, who is now in the east visiting the various factories where cars he handles here are manufactured, has written to a member of the local firm to the effect that all the contracts for the 1910 stock have already been taken up and that factories are working day and night vainly trying to catch up and fill the many orders which are piling up.

The Salt Lake firm will receive 10 pieces, 25 Chalmers, 20 Stevens-Arrows, 19 Stevens-Duryars, and the local company is to handle a new line next year. The company will handle 50 of these cars during the season.

Next Sunday, Frank Bortelli, ex-Mayor Ezra Thompson and his son Lynn will leave Buffalo for Salt Lake. They will travel across the country into a Pierce-Arrow and all along the route bulletins of the progress of the party will be sent here.

ALONG GASOLINE ROW.

Frank Doran purchased a Pierce-Arrow Saturday night and made a trip to Provo and back Sunday.

The new six-cylinder 30 horsepower Pierce ordered some time ago by H. Vance Doran will arrive here in a day or two. A similar car is on the way for Charles Humphries of Ogden.

D. C. McIntyre has purchased a handsome new Allerton runabout.

Next year the White Steamer company will put out a gasoline machine because of the demand for this sort of car. It will cost \$2,000.

Charles Clow claims to have made a trip from Provo to Salt Lake in 37 minutes. What? That's what he claims, and it is reported he wants to wager \$1,000 he can do it again. Any takers?

Local agents for Buicks, Fords and Franks are now in the city. A few days ago there was a display on State street of 22 cars and the big store was packed with gas-buffers, and now the place is almost empty so far as autos are concerned. There has been a steady demand for Buicks all season.

PARLEY GILES CALLED TO GREAT BEYOND

There is sadness among the bicycle riders and patrons of the bicycle racing game over the death of Parley Giles, one of the speediest and most popular amateur riders on the Salt Lake track. The young man died yesterday afternoon at his home, the cause being heart failure, or as it is called, cardiac heart.

The young man did not ride this season following his visit to Los Angeles where he was in the hospital for some time. He had been practicing given up the idea of riding again. Giles was a native of the section, having been born in the town of Parley, Utah.
