LAST NIGHT'S NEWS

Rumor that Ferdinand will Decline the Throne.

WARLIKE BUSINESS IN FRANCE.

The Ohio Democratic Candidate for Governor.

MEETING OF THE PANAMA CANAL STOCKHOLDERS IN PARIS.

SMITH AND KILRAIN TO FIGHT—TANNER RETRACTS, ETC.

By Telegraph to the NEWS.]

Fickle Ferdinand.

VIENNA, July 21.—The Bulgarian delegates who were sent to notify Prince Ferdinand of Saxe-Coburg-Gotha of his election to the Bulgarian throne and urge his acceptance, are leaving Vienna. They are disappointed with the result of their mission. It is the general opinion in Vienna that Prince Ferdinand will formally decline to occupy the throne.

French Flashes.

PARIS, July 21.—*Figaro* says it believes the negotiations between Germany and the Vatican for the Germanization of Alsace-Lorraine have collapsed, the Pope refusing to forbid the use of French in the seminaries of the province.

Paul de Rulede, leader of the revenge party, has declined to enter into a contest for the vacant seat in the Chamber of Deputies for the department of Meuse, but it is believed he will be elected nevertheless.

La France states that the members of the party of the right, after the Schnaebele incident, proposed to Gen. Boulanger that he head a monarchist *coup d' etat*. He responded: "If ever I take part in a *coup d' etat*, it will be against the monarchists and to maintain the republic."

Much military activity is reported at Metz. The enlarging of the evolutions of the troops is proceeding constantly. The work is conducted a night by the aid of the electric light. The balloon department is experimenting with a view to trying the destructive effect of dynamite hurled down upon forts from a balloon.

Washington Notes.

WASHINGTON, July 21. — Secretary Fairchild to-day appointed W. F. Freret, of Louisiana, to be supervising architect of the treasury.

The President to-day made the following appointments: John G. Walker to be secretary of legation and consul general at Bogota; Thomas Barbour, of Virginia, to be consular clerk of the United States.

Acting Secretary Muldrow has denied the petition from the

CENTRAL PACIFIC

Railroad Company, filed on May 31, asking that the commissioner of the general land office be instructed forthwith to issue patents to the Central Pacific Company for lands on clear list No. 5, amounting to 194,051 acres, lying within the Sacramento, California, land district. On March 9th, 1887, the commissioner of the general land office instructed the local land officers at Sacramento that "non mineral" affidavits accompanying list No. 50, forwarded by the Central Pacific Company, were not satisfactory, and requiring the company to furnish affidavits substantially similar to those required in agricultural cases. To this requirement the railroad company demurred and petitioned the secretary as above stated. The acting secretary in

HIS DECISION

not only sustained the commissioner in requiring the affidavit based on personal inspection, but added the further requirement that the railroad company shall publish their lists in the local newspapers for thirty days prior to approval. Affidavits of the non-mineral character of lands selected have hitherto been accepted when based on information and belief only. The above regulations will apply to all lists of selection now standing in the land office.

The Democratic Candidate.

CINCINNATI, July 21. — Thomas Edward Powell, nominated to-day at Cleveland, is 43 years old. He is of Welsh descent and was born at Delaware, Delaware County, Ohio. While a student at the Ohio Wesleyan University in 1864, he entered as a private in an Ohio regiment and served four months. Subsequently he graduated, and having studied law with Col. W. Reed, formed a partnership with him. His political career began in 1872, when he was a speaker for Greeley; in 1875 he was nominated for attorney-general, and had the distinction of defeat by a smaller majority than Governor William Allen. Contrary to his wishes he was nominated for Congress in 1882, and though defeated by General James S. Robinson, he reduced the republican majority to 400. In 1884 he headed the democratic electoral ticket, and in 1885 he served as chairman of the democratic state convention. During the past four years he has had a law office in Columbus.

Jealousy's Work.

WASHINGTON, Ind., July 21.—Last night Peter Burghardt, aged 70, a wealthy farmer near Petersburg, having become jealous of his young wife, deliberately shot her dead in the presence of their four-year-old boy, and then killed himself.

Incendiary Captured.

CHICAGO, July 21.—Horace G Jacques, who several years ago at Poseyville, Indiana, burned his elevator, secured the insurance and fled without paying any of the farmers from whom he had received the grain, was arrested to-day. He has been doing business on the open board of trade under the name of Geo. Brown. He made a full confession and will be taken at once to Poseyville for trial. His crimes there netted him about $30,000. Upon leaving Indiana, Jacques proceeded to Chico, California, and after doing business for some time went into bankruptcy. He was accidentally noticed on the board by a farmer from Poseyville, who quietly informed the police. Jacques says his elevator, although apparently bursting with grain on the night of the fire, contained only a few hundred bushels skillfully distributed over the boards near the tops of the bins. Before setting fire to the establishment he so fixed the doors that ingress was impossible.

Death's Doings.

BERLIN, July 21.—Dr. Thielen, lately field propst in the German army, is dead.

GEORGETOWN, Ky., July 21.—Ex-Congressman Asa H. Glover died here to-day of heart disease, aged 70. He was a relative of President Cleveland and a native of New York.

LOUISVILLE, July 21.—Thomas J. Monarch, one of the best known and largest distillers in Kentucky, died at Owensboro, aged 51, of paralysis.

MOSCOW, July 21.—M Katkoff, editor of the Moscow *Gazette*, who was thought to be convalescent, has had a relapse and is now dying.

RICHFIELD SPRINGS, N. Y. July 21 — Gerard B. Allen, one of the oldest and most prominent citizens of St Louis, died unexpectedly at the Spring House this morning. Mr. Allen was founder and president of the Fulton Iron Works of St. Louis, and president of the Missouri *Republican* newspaper, and was interested with the most important commercial and social enterprises of St. Louis.

LOCKPORT, N. Y., July 21.—Rev. Mother Emily, superior of the Order of Sisters of St. Mary, in America, died last night.

The Panama Canal.

PARIS, July 21.—De Lesseps presided at to-day's meeting of the shareholders of the Panama Canal. Dom Pedro, Emperor of Brazil, was present. The annual report showed a decrease in the former confidence that the canal will be opened in 1889, but expressed the hope that connection between the Atlantic and Pacific would then exist across the Isthmus of Panama, and the works be completed soon afterward.

The Telephone Case.

NEW YORK, July 21.—Judge Wallace, in the United States Circuit Court, to-day handed down a decision in the case of the American Bell Telephone Company against the Globe Telephone Company, to restrain the defendant from infringing on the patent granted to Alexander Graham Bell on March 7, 1886. Judge Wallace granted the permanent injunction asked for by the Bell Telephone Company. His opinion is a long one.

Railway Rambles.

MINNEAPOLIS, Minn., July 21.—In the convention of railroad station agents to-day, the matter of forming a mutual guarantee association for the benefit of railway employes was discussed and favored. It will soon be incorporated. The association decided to hold its next meeting at Mammoth Cave, Kentucky.

NEW YORK, July 21.—The *World* to-morrow will publish the following: Henry S. Ives and Geo. N. Stayner have sued Robert Garrett. Yesterday they commenced two actions in the supreme court of this state, and the summons in each were served on Garrett last night at the Victoria Hotel.

ONE ACTION

is for specific performance on the part of Garrett of a contract made between him and Henry S. Ives and Geo. N. Stayner, for delivery to the last named at a fixed sum, the controlling interest in the stock of the Baltimore & Ohio Railroad, which carries with it both the telegraph and express companies. The other suits are for pecuniary damages for breaking this contract. This action on the part of Ives and Stayner was hastened on account of Garrett's contemplated departure for Europe to-morrow. The complaints in the two suits will be drawn and served as soon as possible.

A gentleman who has been conversant with this matter from its inception said last night to a *World* reporter: "I am told by those close to Mr. Garrett that he has received overtures direct from

JAY GOULD,

and that may be the explanation of his conduct in taking this step to freeze Ives out, so that he can deal directly with the Gould party." When the *World* reporter called on Mr. Garrett at the Victoria Hotel and asked about the suits by Ives and Stayner, he declined to speak about the matter.

CHICAGO, July 21.—C. C. Wheeler, general superintendent of the Northwestern road, has resigned, to take effect July 31, when he retires from business life. Sherburn Sanburn, assistant general superintendent, will succeed him.

The International Mill.

NEW YORK, July 21.—Richard K. Fox cabled to this city to-day that he had completed arrangements for the so-called "World's Championship" between Jem Smith and Kilrain at $5,000 a side, the fight to take place in Spain four months hence.

Casualties.

ST. PETERSBURG, July 21.—Three hundred and fifty houses have been destroyed by a fire at Svenzjary, Russia. Four thousand persons were made homeless.

LONDON, July 21.—Inquiries made by the owners of the British ship *Barrenan*, from San Francisco (Shields) have resulted in the confirmation of the report of her loss. There are no tidings.

BALTIMORE, July 21.—The bark extract works of J. S. Young & Co, burned to-day. Loss, $250,000.

Montana Copper.

BUTTE, Mont., July 21.—The news of the consolidation of the Montana Copper Company's mines and the Montana View is confirmed. In the deal Larabie put in the Mountain View, Shannon, etc., and the Montana people all their property except the two Parrot locations and a few scattered mines. The new combination will have half a mile of copper ledges. The following is the deal: The stock of the Boston & Montana Copper and Silver Company will be represented by an issue of 1,000,000 shares at $25, aggregating 2,500,000 shares full paid and $1,000,000 in first mortgage bonds bearing six per cent. interests. The stock and bonds are to be divided as follows: Larabie 30,000 shares of stock and $20,000 in bonds; the Montana Company 30,000 shares and $200,000 in bonds and the Tama ack people 40,000 shares and $600,000 in bonds. This makes the Butt and Anaconda copper mines and the reduction works the most formidable competitor of Calumet and Hecla and may soon seriously affect the market.

The Commons.]

LONDON, July 21.—On motion to commit the land bill in the House of Commons to-night, Mr. R. B. Huldane (liberal) after a short discussion withdrew his motion asking that provision be made to reduce the charges on Irish land, the government promising an inquiry into the subject.

Mr. Illingsworth, member for West Bradford (liberal), moved an adjournment of the debate. He appealed to the government to make a distinct and definite statement regarding the proposed modification of the bill.

Sir William Vernon Harcourt in supporting the motion said the extent of the government's surrender was apparent.

THE MINORITY

were going to recommend a scheme of which they disapproved, in order to buy from the unionists immunity. Parliament would not stand this sort of treatment.

Mr. Gladstone disputed the assertion that an aggregate meeting of the party in power was a meeting in private. Whatever were the results of the meeting the House had a right to know the conclusions of the government. Did the Government mean to put the amendments before the speaker left the chair to-morrow?

Mr. Balfour, interposing, said that the government proposed the speaker should leave the chair to-night. [Opposition cries of oh! oh!]

PARNELL

admitted the bill as altered would do much toward relieving the Irish tenants, therefore he heartily welcomed it. He hoped the government would go a step further and endeavor to mitigate the hardships resulting from delay. He urged that judicial decisions should affect this year's rents.

Goschen hailed Parnell's speech with satisfaction.

After further talk, the House entered into committee *pro forma*.

He Takes It Back.

LONDON, July 21. — Dr. Tanner (home ruler), member for Middle Cork, appeared in the Commons this evening in obedience to a summons to explain the charge that he had called Walter Hume Long a "d—d snob," and used other offensive language. Dr. Tanner said Long had badgered him repeatedly about his (Tanner's) exclusion from the division, and said that "was a nice sell you got." Dr. Tanner was sorry for replying to Long as he did, and withdrew the expression.

Sir Julian Goldsmith (liberal-unionist) asked that the matter be dropped now.

W. H. Smith said then Tanner had to offer an explanation of his absence last Monday, and Parliament must mark its sense of his conduct. If a month's suspension was too long a term, it would be shortened.

After a lengthy discussion between Gladstone and Smith, the latter withdrew his motion and the incident ended.

Injured in a Georgetown Mine.

GEORGETOWN, Colo., July 19 —Jas. Charles, an old and well-known miner of this city, while working in the upper workings of the Magnet mine on Griffith Mountain to-day, was thrown down a mill-hole a distance of sixty-five feet, thereby receiving serious though probably not fatal injuries. Charles was putting in a stull in order to keep in place a large scale of rock, but before it could be secured it fell. The left leg was broken near the ankle, besides injury sustained in the back and several lesser injuries. Charles was brought down to Georgetown to his house and is attended by Dr. W. J. Jayne.

Dies With His Boots On.

TRINIDAD, Colo., July 19.—A colored cowboy named Las Fretwell, hailing from Texas, and for the past ten months working for the Bar-N-Bar outfit, passed in his checks at 8:30 last night. He commenced an indiscriminate fusilade with his gun around a card table on Commercial Street, and kept it up in the street, firing at officer Lawson, who responded with two shots, one of which passed through the body of Fretwell, and he died with his boots on.

A Chinese Murder.

WOODLAND, Cal., July 18.—Last night during a Chinese row, one Chinaman named Lee Mow was cut in the abdomen by a noted highbinder until the bowels protruded, causing death in a few hours. The highbinder has escaped and no one seems to be interested among the Chinese to have him arrested. Not even a complaint has been filed, and as it is a Chinaman who committed the murder, doubtless nothing will be done. Our own officers seem to be indifferent. The coroner is away, but will likely have an inquest to morrow. No one seems to know anything about it except the Chinese.

New Mexican Criminals.

SOCORRO, N. M., July 18.—Duran and Lora, who have been confined in the Silver City jail four years under sentences of death for the murder of a Chinaman, have had their sentence changed to three years each in the penitentiary.

W. B Slaughter, who was shot some time ago by Adklus and Youngblood, is slowly improving, although it is feared that his arm will have to be amputated. His assailants are still at large, but it is understood they will surrender when court convenes.

James Brooks, who was shot some days ago at Baldwin's ranch by the Smith boys, has died from the effects of the wound. No arrests have been made and the shooting is generally considered justifiable.

Reliable information has been received of the death of the notorious Clay Allison in Western Texas, by falling from a wagon and the wheels passing over his neck. Allison was at one time considered the most dangerous man in New Mexico. He was wonderfully handy with a six-shooter and has killed a number of men.

Mill Burned.

FLAGSTAFF, A. T., July 18 —The sawmill owned by the Ayer Lumber Company was totally destroyed by fire Saturday night. The insurance was $59,000, principally in eastern companies. The plant was estimated to be worth $90,000. It cost $100,000 a year ago, and was one of the most expensive mills in the southwest. General Riordan, who has a list of the insurance companies involved, is in the east. It is stated on good authority that the mill will be rebuilt.

Eye Shot Out.

SAN JOSE, July 18.—It is learned this morning that a young Mexican named Camon shot another young man named Louis Trezavant, in the pear orchard of the Santa Clara College, on Saturday. Both are students at the college, and, according to the statement of an eye-witness, the shooting was the result of a quarrel between the boys, which commenced in play in the orchard. Trezavant was wounded in the right eye, and it has become necessary to cut it out. This was done by Dr. Leifert. Camon says the shooting was accidental, and there seems to be no disposition to prosecute him.

Drowned in Clear Creek.

GEORGETOWN, July 19.—The body of Eddy Griffin, the little 3-year old son of Mr. and Mrs. James Griffin, of Silver Plume, was recovered this morning about halfway between Silver Plume and Georgetown, where it was found in the torrent imbedded among the rocks. The boy had fallen into the creek yesterday about noon, but was not missed until some time after it must have occurred. The funeral will occur to-morrow. The sympathy, sincere and deep, of the community is with the bereaved parents.

Dead Body Found at Pueblo.

PUEBLO, Colo., July 19.—A dead man was found to-day less than a mile west of the state insane asylum, near a deserted adobe house and near the coal mine extension of the Santa Fe road. The body was wrapped in a blanket and had been dead six weeks or two months, being badly decomposed. The back of the skull was crushed in, evidently by a blow. The man was evidently a Mexican and the coroner thinks he was murdered. A brass watch and some letters written in Spanish were found on the body. A laborer employed west of town says about two months ago he heard groans in that vicinity, but saw nobody and paid no more attention to it. An inquest will be held to-morrow.

Flood at Idaho Springs.

IDAHO SPRINGS, Col., July 19.—Another disastrous rainstorm occurred last evening in Idaho and upon the surrounding mountains. The water rushing from the mountains did some damage to property in the town near the base of the mountain, and the railroad track at Virginia Cañon was again buried to the depth of some three feet.
