I am 5 feet 9 inches in height, 285 pounds on chest, 28 years of age, and I shall be able to produce satisfactory discharges from my present authorities. If you consider my qualifications up to the standard of the Salt Lake police force, you would oblige me very much by sending me a communication, for which I shall feel deeply grateful.

THE PRINCIPLE OF REVELATION.

Interesting Discourse at the Tabernacle Yesterday.

FOUNDATION OF THE CHURCH

President Cannon Speaks of the Early Sufferings and Privations of the Church.

The Tabernacle services yesterday were presided over by President Angus M. Cannon. They were opened by the choir and congregation singing the hymn commencing, "How Firm a Foundation."

Prayer was offered by Elder Wm. L. Bender. Singing, "Praise Ye the Lord."

Elder J. H. Paul was the first speaker. He said he relied upon the faith of his brethren and sisters in his behalf that he may say something that would be approved by the Lord and be beneficial to all the people. If he were to use just one word that expresses most what the religion of the Latter-day Saints is, he would say, revelation.

That is the secret of the Latter-day Saints. One great writer said that if you know the religion of a community you know its innermost secrets. They cannot hide them from you. This is the secret of our religion, revelation, a tendency to rely upon inspiration.

To the average mind of the world there is something strange in the word revelation, but this should not be so. We say we believe all that God has revealed to us, and we believe that God has revealed to us all that we need to know. It does not mean all of God's revelations of the past. We believe that God has revealed Himself in this age, that He has revealed to us the plan of our salvation, and that He has revealed to us the plan of our redemption. We believe that God has revealed to us the plan of our redemption, and that He has revealed to us the plan of our redemption.

Each member of the Church in person, that is not what we always mean by revelation. It is a revelation of the plan of our redemption, and that He has revealed to us the plan of our redemption.

contrary it is evidence that they are being guided by a divine hand. God spoke to Brigham Young, and when Brigham Young spoke it to the people the spirit of God rested upon them, and they knew that it was of God. "There is another instance which illustrates this principle. In 1857 an army was sent out because of the foul reports of a very wicked man. It suited the purpose of men who were connected with the government at that time to have false impressions created regarding the 'Mormons.' The rebellion was at hand, and they wanted an excuse to get the flower of the army out of the way. The army was on its way, threats of all kinds were heard, but President Young would not permit it to enter the valley, and he said if they were determined to come in, the 'Mormons' would burn their homes and leave the country a barren waste. And the people made great preparations to move south, and many did move. They did this without the least knowledge of where they were going. They were ready to abandon their homes rather than submit to oppression. The unanimity with which the people did this is one of the most remarkable events in history. It was a sublime exhibition of the faith of the Latter-day Saints.

"Tender women could be seen trudging along in an awful storm, leaving their homes to be burned rather than submit to oppression. The unanimity with which the people did this is one of the most remarkable events in history. It was a sublime exhibition of the faith of the Latter-day Saints.
