Every

Heart Beat

Forces about 8 ounces of blood out of the heart, and sends it

coursing through the veins to

the remotest part of the body.

This is the amount required by

nature to nourish and sustain

your body. Every ounce less

than this means a shortage in nature's supply of building-up material. A weak heart cannot

meet this demand, and conse-

quently you suffer. If your

heart skips a beat, or flutters,

palpitates, pains you, or you have shortness of breath, you

may be sure that the heart is working imperfectly. Dr. Miles' Heart Cure will

strengthen the heart muscles

and nerves. "I had been a great sufferer for 15 years. At the time I commenced taking Dr. Miles' Heart Cure I had been confined to my bed for four months. I had frequent sinking spells, sometimes as many as three in a day, during which my heart would seem to stop beating, necessitating the call-ing of a physician to resuscitate me. Before finishing the first bottle tha sinking spells had ceased, and I took altogether five bottles for a complete oure. I now enjoy perfect health, and am very grateful for this wonderful medicine, for it is the means of my being with my family now." REBECCA BENNET, 1519 Yandes St., Indianapolis, Ind.

Secy. Shaw Says Factories Are Multiplying More Than Our Trade.

All Charges, Collateral and Otherwise, Grew Out of Smoot's Mormonism.

THAT THE MAIN QUESTION.

Every Church Has Its Priesthood And "Hierarchy" Which is in No Wise an Offense.

Sanctity of the "American Home" Not At Stake in False Issues Raised Against Utahn.

The report published in the "News" on Monday of the speech delivered by Senator Knox, in behalf of Senator Smoot, was taken from an advance copy sent out, as is the custom in such cases. The prepared speech, of course, did not contain the interruptions made by certain senators, particularly Dubois, and the replies thereto, by the senator from Pennsylvania. The Con-gressional Record of Feb. 14, just at hand, contains the full text of Senator Knox' argument and the interpolations are herewith reproduced. They show plainly that Senator Dubois, who sought to ask embarrassing questions of Mr. Knox, made little headway, and that the replies given were of the con-cise and "suppressing" kind. The full text of the discussion not hitherto printed is as follows: WHAT IS THE CHARGES senator from Pennsylvania. The Con-

WHAT IS THE CHARGE?

As regards Senator Smoot, all have agreed that he is a man of unblemished character, possessing every constitu-tional qualification as a senator of the United States. What, then, is the charge against him?

Chief States, what, then, is the charge against him? Mr. Burrows—Mr. President— The Vice President—Does the senator from Pennsylvania yield to the senator from Michigan? Mr. Knox—I do. , Mr. Burrows—I understand the con-tention of the senator from Pennsyl-vania to be that a sitting member of this body 30 years of age, nine years a citizen of the United States, and an inhabitant of the state from which he is chosen cannot be dispossessed of his seat except by expulsion, which re-quires a two-thirds vote. Am I cor-rect?

Knox-The senator from Michigan has my theory exactly, unless there is some want of constitutional qualifi-cation or some irregularity in his elec-

We may as well go to the root of the matter at once. It is only this: He is a member and officer of the Mormon Church-nothing more. There is no oth-er charge brought against him. All other charges are included in or grew out of the fact that he is a Mormon and one of the advisory counsel to the presidency of that Church. Clearly, that in itself cannot disqualify him in this government, where, as Mr. Justice Story said: "The Catholic and the Protestant, the Calvinist and the Arminian, the Jew and the infidel may sit down at the common table of the national councils without any inquisition into their faith or mode of worship." CULBERSON OF TEXAS. We may as well go to the root of the

CULBERSON OF TEXAS. Mr. Culberson-Mr. President-The Vice President-Does the senator from Pennsylvania yield to the senator

from Texas? Mr. Knox—I do. Mr. Culberson—I simply desire to ask the senator a question for information. He states that the only charge against the senator from Utah is that he is a member of the Mormon Church. I read

now, and that, in my judgment, is the only thing we have to do with. I have taken these excerpts from the book called "The Doctrine and Coven-ants," from pages 483 to 485. Mr. Dubols-If the senator will par-don me, that does not answer by ques-tion. I should like to know if these doc-trines from the Doctrine and Covenants, which the senator has just read and others of which he is going to have printed, are the same doctrines which the Church has always taught? Mr. Knox-I say I do not know, and I say I do not care. It is a matter whol-ly indifferent. Suppose they taught something wholly different 50 years ago! We are not testing this question by what the ancient Mormons taughl or what the ancient Mormons taughl or what concerned the ancient Mormons. We are testing it by what applies to Reed Smoot, the man who comes here with the credentials of the State of Utah. Mr. Dubols-I should like to ask the senator from Pennsylvania if he knows

shalor from Pennsylvania if he knows whether these doctrines and covenants, tenets of the Church, have been changed? Mr. Knox-In reply to that question tenets

Mr. Knox-In reply to that question I will say I know nothing more than that I find what I have read in the Doc-trines and Covenants, upon the pages indicated and at the places indicated. If they are not the doctrines and cove-nants of the Mormon Church, then I am deceived. If they are not the doctrines and covenants of the Mormon Church, I hope the senator will take the trouble to reply to them in his own time. DUEGOIS AGAIN INTERRUPTS. DUBOIS AGAIN INTERRUPTS.

Mr. Dubois-1 do not want to inter-rupt the senator from Pennsylvania against his will, but he is quoting the Doctrines and Covenants, and I want to Doctrines and Covenants, and I want to know if they are the same doctrines which they have heretofore taught. In other words, whether there has been any cange. All the testimony shows they have not been changed. They are the same now as when promulgated. They are no more and no less binding now than in the past. Mr. Knox-I have already answered that question to the best of my abil-ity.

Mr. Beveridge-Mr, President-

The Vice President-Does the senator from Pennsylvania yield to the senator

from Pennsylvania yield to the senator from Indiana? Mr. Knox-Certainiy. Mr. Beveridge-So far as the religious belief liself is concerned-not acts but beliefs-taking the religious belief alone, I ask the senator from Pennsylvania, in accordance with the questions asked by the senator from Idaho, whether in fact we are not forbidden to inquire into a man's religious beliefs separate from any acts? any acts

Mr. Dubols rose. Mr. Beveridge—I am asking the sena-or from Pennsylvania. Mr. Knox—Absolutely, and I propose

Mr. Dubols-Mr. President----Mr. Knox-I must decline to yield further to the senator from Idaho, es-pecially as the senator from Indiana has asked me a question which he in-sists that I shall answer. Mr. Dubols-He stated my position---The Vice President-The senator from Pennsylvania declines to yield fur-ther to the senator from Idaho

The vice President—The schaft from Pennsylvania declines to yield fur-ther to the senator from Idaho. Mr. Knox—In answer to the question of the senator from Indiana, and with-out the slightest reference to the ques-tion of the senator from Idaho, which I have told the senator I have an-swered to the best of my ability again and again, I will say that if the sen-ate will have patience with me, I will not only show that these are the doo-trines and covenants of the Mormon Church, prima facle at least, subject to anyone challenging their authenticity, but I will show specifically by the tes-timony in this case that they are the doctrines at the present time and are the doctrines held by Senator Smoot. "AMERICAN HOME" BOSH.

"AMERICAN HOME" BOSH.

"AMERICAN HOME" BOSH. It has been frequently said that Sen-ator Smoot should be expelled from the senate in order to protect the sanctify of the American home. I do not see how the sanctify of the American home is at stake in this issue. If the Mor-mon Church teaches polygamy and en-courages its practise, surely the fact that Senator Smoot is a monogamist and has from his youth up set his face and iffied up his volce against polyg-amy is conclusive evidence that he is fighting by precept and example for the sanctify of the American home against his Church and under circumstances requiring the greatest moral courage. If, on the other hand, the Mormon Church is not teaching and encourag-ing polygamy, the argument that the sanctify of the American home is in-volved here utterly falls. You may take either position and it will lead to Senator Smoot's complete vindication and to the certain conclusion I have in-dicated, that the purity of the Ameri-can home is not in jeopardy. You may take either horn of the dilemma. If the Church is teaching polygamy Smoot is preaching and practiging monogamy.

BECAUSE OF MORMONISM.

BECAUSE OF MORMONISM. Mr. Knox-Mr. President, the state-ment I made is that all of the other charges are collateral and grow out of the charge that Senator Smoot is a Mormon; and I propose, before I finish, to run into every one of those collateral charges, including the one to which the cenator from Texas has referred in the testimony he has just read. There is a specific charge, as I have already stated, that the Mormon Church is a hisrarchy, or rather a read. There is a specific charge, as i have already stated, that the Mormon Church is a hierarchy, or rather a theoeracy, because a hierarchy is no offense. Every church that has a priesthood and bishops has what may be called a "hierarchy." but hierarchy deals only with spiritual dominion, while a theoeracy—and that is what it is charged that this Church is—as we all know, is one where the priests having political power claimed direc-tion from on high. But I will come to pass on in my own way. (Following the questions asked of the speaker by Messrs, Burrows and Culberson, came the interruptions of the senator from idaho and the courteous but Iremendously suppres-sing answers he received from Mr. Knox:) Mr. Pubols—Mr. President—

sing answers he received from Mr. Knox:) Mr. Dubois—Mr. President— The Vice President—Does the sena-tor from Pennsylvania yield to the senator from Idaho? Mr. Knox—Certainly. Mr. Dubois—I should like to ask the senator from Pennsylvania if these doctrines, some of which he has just read and others of which he will print, have always been the doctrines of the Church?
