President Replies to Criticisms of Remark That Moyer and Haywood Are Undesirable Citizens.

STANDS PAT ON STATEMENT.

Expressed no Opinion as to Guilt or Innocence of Partles-Is for Square Deal for Everybody.

Washington, April 23 .- In a letter addressed to Honore Jackson of Chicago, chairman of the Cook county Bowel-Muscles. Moyer-Haywood conference, made public today, President Roosevelt renies to the criticisms of his recent weakens Arm and Leg Muscles. letter, in which he referred to Moyer and Haywood, officials of the Western Federation of Miners, charged with complicity in the murder of formar Gov. Stelenberg of Idaho, as "un-desirable citizens." The president says he regrets that any body of men should so far forget their duty to their country as to, by formation of socie-ties, or in other ways, endeavor to in-thence instice and coerce count or country as to, by formation of socie-ties, or in other ways, endeavor to in-fluence justice and coerce court or jury; that they, not he, are trying to influence justice, and he condemns what he calls their flagrant impro-priety in the matter. He says that he indicated no opinion as to their guilt in the Stauenberg murder, but that it was a simple absurdity to suppose that because a man is on trial he is free from criticism as to his manner of life. He says he might as well be accused of trying to influence the suits against Harriman, some of whose friends had also criticised him. He said that Moyer and Haywood stand as representatives of those who habit-ually appear as guilty of incitement to, or apology for, bloodshed and vio-lence. He added that he was pro-foundly indifferent to the condemna-tion of him for his criticisms of the undestrable types of citizens, regard-less of the power of either labor or capital.

The president's letter to Jackson fol-lows: April 22, 1307. Dear Sir—I have received your let-ter of the 19th instant, in which you inclose the draft of formal letter which is to follow. I have been noti-fied that several delegations bearing similar requests are on the way hither. In the letter you, on behalf of the Cook county Moyer-Haywood confer-ence, protest against certain language I used in a recent letter, which you assert to be designed to influence the court of justice in the case of the trial for murder of Messrs. Moyer and Haywood. I entirely agree with you by threats or in any similar manner, that it is improper to endeavor to in-fluence the course of justice, whether For this reason I have regretted most deeply the action of such organiza-tione of such organiza-For this reason I have regretted most deeply the action of such organiza-tions as your own in undertaking to accomplish this very result in the very case of which you speak. For in-stance, your letter is headed "Cook County Moyer-Haywood-Pettihone conference," with the headines, "Death cannot, will not, and shall not claim our brothers." This shows that you and your associates are not de-manding a fair trial or working for a fair trial, but are announcing in ad-vance that the verdict shall only be one way, and that you will not toler-

Let my repeat my deep regret that any body of men should so far forget their duty to their country as to en-deavor by the formation of the socie-ties and in other ways to influence the course of justice in this matter. I have received many such letters as yours. Accompanying them were news-paper clippings announcing demonstra-tions, parades and mass meetings de-signed to show that the representatives of labor, without regard to the facts, demand the acquittal of Messrs. Hay-wood and Moyer. Such meetings can of course be designed only to coerce court or jury in rendering a verdict, and they therefore deserve all the con-demnation which you in your letter say

I challenge as a right the support of all good Americans, whether wage-canrners or capitalists, whatever their occupation or creed, or in whatever portion of the country they live, when I condemn both the types of bad citi-genship which I have held up to re-probation. It seens to me a mark of otter insincerity to fail thus to con-demn both, and to apologize, for either robs the man thus apologize, for either robs the man thus apologize, for of all right to condemn any wrong-deng in any man, rich or poor, in public or in private life. You say you ask for a "square deal" for Messre, Moyer and Haywood. So do I: When I say "square deal." I mean a "square deal" to everyone; it is equally a violation of the policy of the square deal for a capitalist to protest against demunciation of a capitalist who is guilty of wrong-do-ing and for a labor leader to protest against the donunciation of a habor leader who has been guilty of wrong-do-ing and so far as in my power lies, I shall uphold justice whether the man accused of guilt has behind him the wealthiest corporations, the great-est aggregation of riches in the coun-try, or whether he has behind him the most influential labor organization in the country. In my letter to which you object I referred to a certain prominent finan-cler, Mr. Harriman, on the one band, and to Messrs. Moyer, Haywood and Debs on the other, as being equally undesirable citizens. It is as foolish to assert that this was designed to in-fluence the trial of Moyer and Hay-wood as to assert that it was designed to influence the suits that have been brought against Mr. Harriman. I neither expressed nor indicated any opinion as to whether Messrs. Moyer and Haywood were guilty of the mur-der of Gov. Steunenberg. If they are guilty they certainly ought to be pun-ished. If they are not guilty they cer-tainly ought not to be punished. But no possible outcome either of the trial or the suits can affect my judg-ment as to the undesirability of the type of citizenship of those whom I mentioned. Messrs. You would, of course, be entirely within your rights if you merely an-nounced that you thought Messrs. Moyer and Haywood were "desirable citizens," though in such case I should take frank issue with you and should say that, wholly without regard to whether or not they are guilty of the crime for which they are now being tried, they represent as thoroughly an undesirable type of citizens as can be found in this country; a type which, in the letter to which you so unrea-sonably take exceptions I showed not to be confined to any one class, but to exist among some representa-tives of great capitalists as well as among some representatives of wage-workers.

In that letter I condemned both types. Cortain representatives of the great capitalists in turn condemned me for including Mr. Harriman in my condemnation of Messrs. Moyer and Haywood. Certain representatives of Haywood. Certain representatives of labor in their turn condemned me because I included Messrs. Moyer and Haywood as undesirable citizens to-gether with Mr. Harriman.
