THE GOVERNOR'S REPORT.

The country of Utah, which W. West has placed the "Utah" in the hands of a copy of his report as Governor of Utah to the territory of the United States for the year 1893. It is a valuable and interesting document, containing the results of his administration of the Territory to the material property. These portions of the report will prove to give a clear and complete picture of the state of the Territory at the close of the year 1893, and will be of great value to the people of the Territory and to the people of the United States.

The United States census report of 1890 shows Utah with a population of 207,000, the Governor estimates it this year at 210,000—a total increase of 3,000 since the year 1890. The 28 counties of the Territory. The year's business in the U. S. land office in this day shows the number of entries to have been 17,000, the acreage 2,000,000 acres, and the amount of land sold \$1,000,000. The land office has been the most successful of the year, and the amount of land sold is the most successful of the year. The total amount of land sold is the most successful of the year.

The total amount of land sold is the most successful of the year. The total amount of land sold is the most successful of the year. The total amount of land sold is the most successful of the year.

The lands of the Territory show the state of their business on June 30, 1893, to have been: Capital, \$1,000,000; deposits, \$1,000,000; and the total amount of land sold is the most successful of the year.

The Governor has given a full and complete picture of the state of the Territory at the close of the year 1893, and will be of great value to the people of the Territory and to the people of the United States.

The Governor has given a full and complete picture of the state of the Territory at the close of the year 1893, and will be of great value to the people of the Territory and to the people of the United States.
