# LOCAL BRIEFS.

High School Dance-The associated cadet officers of the Salt Lake High school will meet on the 15th inst., to arrange for a dancing party.

Weather Man in Vernal-Section Di-rector R. J. Hyatt of the weather of-fice left last night for Vernal on a tour of inspection, to be absent a week

Prize Fruit Story—Frank Hewlett writes from Payette, Ida., that the fruit trees there are so heavily loaded that one orchardist alone has had to expend \$280 for lumber with which to prop up the houghs of his trees.

C. D. Willcutt Resigns—Chlef Clerk C. D. Willcutt to General Supt. Somers of the Bell Telephone company, has resigned, and will remove to Los An-geles, as he finds his health is likely to be seriously impaired by this high allitude altitude.

C. A. Quigley Goes East-Manager Quigley of the Studebaker com pany left yesterday for South Bend, Ind., to be in attendance on an an-nual meeting of representatives of the company for general consultation. He will be away three weeks.

Totally Uncalled For — Attorney General Breeden, a prominent G, A, R, veteran, agrees with other prom-inent non-"Mormons" that the tirade of Rev, F, B. Short against this city was entirely uncalled for, and calcu-lated only to work injury here.

W. A. Korb Promoted—Veterinary W. A. Korb of this district, bureau of mifmal industry, has been appointed cattle and horse shipping inspector in the Philippines, besides being gov-ernment veterinary at Manila. He will be absent three years from the states states

New Agents Appointed-J. B. More ton and R. C. Naylor have been awarded the agency here of the Equitable Life Assurance comany of New York, with offices in the Judge building, in place of C. A. Quigley, re-signed on account of business pressure elsewhere.

Charles B. Halm Returns-Charles B. Hahn has returned after a year's absence in Indlana, where he has been engaged in boys' work. He held a prominent position at the Winona lake encampment, where he had charge of a boys' club. Mr. Hahn is to return to his work in the east later.

Boy Falls Off Train-Elling Olson, aged 14, of 738 west Fourth North street, fell from an open car on a Lagoon train, near Centerville, Mon-day night, and broke his collar bone, besides sustaining other injuries. The train stopped, and Olson was picked up and brought to the Groves' L. D. S. hospital for treatment.

Respiration for treatment. Returns With Degree — William Lund, instructor of chemistry at the state university, has just returned from a year's course of professional study at the University of Pennsyl-vania, where he was given the degree of Ph. D. Mr. Lund resumes his home dutics next week with the open-ing of the university for the fall term ing of the university for the fall term. Not Fault of Operatives-Investiga-

of the death of Mrs. Littlefield through the street car accident of Monday evening, by the company's agents fail to attach any blame to the motorman or conductor. Manager J. S. Wells remarked today that in most instances of severe or fatal street car accidents, the sufferers have been from the country, or from the smaller

Sentiment That Rash Statements Should Not Be Allowed to Pass Unchallenged-Ought to Boost.

The uncalled for assertions made in Cincinnati last Sunday, by Rev. F. B Short of the First Methodist church in this city, are stirring up things here Secretary Haddock of the M. & M

association says: "If Dr. Short is correctly quoted, all I can say is that his statement is a lie. It is not true. Things of that sort have a very injurious effect upon the city's prospects and ought not to be allowed to pass unchallenged. It is such misrepresentations in the past that aroused so much prejudice in the east not only against Salt Lake but against the entire state of Utah and which we have to work so hard to remove. The effect upon prospective investors is very bad, to say the least. People with families are certainly not going to come to a city to make their homes going which they believe to be as bad as Dr. which they believe to be as bad as Dr. Short is trying to make out. Even if the statements were true, they ought not to be made, and they certainly are not true. If the Methodist Episcopal mission people are paying his expenses through the east to make such state-ments as he is conduct with making through the east to make such state-ments as he is credited with making, they are as bad as he is. Every com-mercial organization in the city ought to take the matter up and see to it that a denial of the statement is sen east. Every organization in the state ought to take it up. I think the directors of the M. & M. should act. Several of the directors talked to me about the matter yesterday, and I think they will give it considera-tion.

tion

O. H. Hewlett says: "The effect of it is very harmful. We, here, of course, know that the statements are not true, but the people of the cast have been hearing these things for years and they have their effect. Every commercial organization in the city ought to take the matter up offithis city. city ought to take the matter up one-cially and send telegrams to Cincin-nati and deny what has been said. The circulation of such charges should be stopped and stopped at once. We are trying to advance the interests of Sait Lake, and we cannot afford to have residents here go easy neutralizhave residents here go east neutralizing the effect of what we have been doing." Rev. Albert Buxton of the Central

Christian church says: "His charges are rash, and that is not the sort of talk that ought to be made. We ought to boost, boost, boost made. We ought to boost, boost, boost all the time. Salt Lake is a pleasure-loving, gay, fast city, but it is in no sense immoral. It ranks well with other cities of the country in point of morals. The people of Salt Lake like to have a good time, but they are not immoral. We ought not to talk, how-word of the had we find but of the immoral, we ought not to tark, now-ever, of the bad we find, but of the good. We ought to talk of the best that we can find in politics, in business, and in church matters. Play up the bat there is Boost Lake best there is. Boost for Salt Lake. Tell what a good town we have, for it is a good town, and there are good people here. Play up the best that ve have.'

we have." Very Rev. Dean Brewster of St. Mark's cathedral says: "I do not know what Dr. Short said or is supposed to have said, but I do not think there is any danger of Sait Lake or Utah being destroyed by five. There is a streat deal of good and

Still in Suspense-Chief Leavitt of the bureau of organization of the forest service, has carefully collated opin fons and facts relative to the claims and advantages of Salt Lake and Og-den for the headquarters for this dis-trict of the service, and sent the same to Washington for Chief Pinchot to will be made known through the Associated Press.

Councilman from Spokane — City Councilman Leonard Funk of Spo-kane is at the Cullen, as a delegate to the coming carpenters' convention, and is here early to assist in the pre-liminary arrangements. He says Spo-kane has recently installed an incluerating plant to burn garbage, and the plant's capacity will shortly be doubl-ed, as the scheme is found effective. He expresses himself as much pleased with many features of this city, noticeably the arrangement of the gutters at the street corners, and the parking of Sixth East street.

to the humble petition and adjudica-tion of bankrupts, consumes pads of paper as thick as an unabridged dic-tionary of the school room style. In the vault are the files of an old law suit. Eight pads of foolscap each the thickness of a loaf of bread, represent the matter jotted down during the hearing of this trial. Three of the pads contain nothing but bills and re-ceipts of one of the concerns involved. These were unnecessary, yet must be kept now. The vault now in use will be filled with files within a few years and the appropriation given Salt Lake be filled with files within a few years and the appropriation given Salt Lake by the last Congress would have been necessary for the building of a ware-house for the steady accumulation of court papers if nothing else. The government of the United States adopted the old English system of procedure years ago but is now study-ing ways and means of simplifying matters.
