FRAGMENTS.

Have You a House?

It is not only a house, but a home, that you want. The advantages of Forest Lake homes are many. They are built on the best of the city, and are surrounded by the most beautiful scenery. The water is pure and sweet, and the air is fresh and invigorating. The homes are built of the best materials, and are finished with the most artistic taste. The price is reasonable, and the terms are easy. If you are interested, call on the agent, or write for a prospectus.

Have You Saved Anything?

Some people have been waiting for years for land to reach bottom prices. In the meantime they have paid rent, and if they have made any improvements or done any work on their land, they have lost it all. Now is the time to buy. The prices are low, and the terms are easy. If you are interested, call on the agent, or write for a prospectus.

Don't Get It Right

unless you feel assured you can get it out again. But if you have money saved, buy a home. If you have an income, buy a home. It pays to have an office in view, and there is no more worthy object than procuring a home for those dependent upon you. My checks, at room 319 Constitution Building, will give you prices and show you the property.
