BRITISH ADVANCE AT ONCE.

London, July 31 .- In the house of commons today the parliamentary secretary of the foreign office, Wm. St. John Broderick, announced the receipt of a dispatch from General Sir Alfred Gazeles, commanding the British forces in Chins, stating that he contemplated an immediate advance on Pekin, and that he hoped to have the co-operation of the

attlad forces. ANOTHER LETTER FROM PEKIN. Washington, July 31 .- The following distatch from Admiral Remey was reclived by the navy department this morning:

"Che Peo, July 21 .- Bureau of Navigation, Washington: Taku, July 28 .---Japanese military attache Pekin, letter July 22, reports legations besteged since June 13. Continually attacked from June 10 until July 17. Attack then

Washington, July 31 .- The war de- | Admiral Remey and Gen. Chaffee, both at Taku, hearing upon the conditions in Pekin and at Tien Tsin, came to hand over night. Admiral Remey confirmed the information that the legations were

safe up to the 22nd inst. Gen. Chaffee said that according to a report at Taku, the allied forces were to begin the campaign "toward Pekin to-

Allowing for the time occupied in the transmission of the dispatch by boat from Taku to Che Foo, it is believed that if the report was true, the advance-began today, and the armies are already on the way to Pekin. That they should start without waiting for Chaffee's force, small though it is, is surprising. The state-department has had nothing from China since yesterday, and Minis-ter Wu, who called at the state department in search of information, also was without cable advices.

WU IS GLAD.

In discussing the situation today, the

"I am glad that direct news has come from Mr. MacDonald, and from the Ger-man and Japanese legations, to the effect that all of the ministers were alive and well on the 22nd of this month, This conclusively corroborates all of the news coming heretofore from the Chinese officials and from the Chinese government, Before this news came

many of the papers here, and especially the press of Europe, did not believe the Chinese officials' telegrams, but adhered to the opinion that a massacre of all the ministers had occurred in Pekin. It is the general rule of evidence that a man is supposed to be innocent until he has been proved guilty, but in this case, the world has reversed the usual rule, and insisted on holding China guilty un-til her innocence had been proved.

PAPERS SHOULD BE CAREFUL.

"People seem willing to believe every-thing that is black against the Chinese, The papers who are the leaders of pub-le opinion in this country and who are mainly responsible for forming public opinion, ought to be very careful and cautious in doing so. They should not ump at conclusions without positive

Rome, July 31.-The Tribuna says the assassination of King Humbert is believed to be the result of a plot. A nonmilitant anarchist recently declared, so the Tribuna asserts, that a meeting had been held in Paris at which lots were drawn and several persons were selected to kill the king. Besides Bressi five persons have been taken into custody at Monza.

PROCLAMATION ISSUED.

In the absence of the new king, the miniairy has issued in his name a mani-festo to the nation, as follows: "King Victor Emanuel III, in ascend-ing the throne, has to perform the pain-

ful duty of announcing to the country the awful calamity which has violently short the valuable life of King Humbert. "The nation, wounded in its sincere affection for the august dead, and in a

sincere feeling of devotion and adhesion to the dynasty, while excitating the cruel crime, will be plunged into pro-found grief for the venerated memory found grief for the venerated memory of a good, brave and magnanimous king, the pride of his people, and the worthy perpetuator of the traditions of the house of Savoy, will rally with unshakable loyalty around his august successor. RUMORS ARE PLENTY.

London, July 31 .- The brevity of the news from Fekin leaving so much of importance unexplained gives plenty of scope for speculation, but there is no further talk of memorial service at St. Paul's for the massacred diplomatists. There is nothing to show why the attacks on the legations ceased July 16, for the state of the supplies, except a Japanese meanage, which mentions the and of the month (today) as the limit of resistance; nor is there any explanation to to why messages have not been al-

lowed to go through to the coast. Probably the Chinese contention will be that the government has not yet been able to coursely gain the upper hand of the imperial troops who rebilled. The intest news seems to demchatrate that Gen Yung Lu Lu and the moderates, if unable to guite suppress the rising, were at last able to interpose between the ministers and the Tuanites, so as to prevent the threatand destruction of the foreign colony. should the existence of some such strong sucleus of orderly government be found. It is felt here that it will enermously simplify the problem.
