Solid Merit will Tell.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

LOCAL AND OTHER MATTERS.

Lecture To-Night.—Mr. H. W. Naisbitt's lecture before the Young People's Mutual Improvement Association of the 14th Ward will be delivered this evening, commencing at 7 o'clock. All are invited.

Information Wanted.—If Benjamin Salisbury, formerly of Banwell, near Bristol, England, or any member of his family will communicate with Wm. Morris, Cache County, Utah, he will confer a favor, and may hear something to his advantage.

To-Morrow Evening.—We again remind those interested that a meeting of Y. M. M. I. A. of this Stake will be held to-morrow evening, in the Council House in this city. The meeting commences at 7.30 o'clock, and it is hoped that there will be a full representation from each association in the county.

Police Court.—A boy, George White, was before Justice Pyper this morning, charged with retaining in his possession a diamond ring, valued at $200 more or less, which did not belong to him. In consideration of the youth of the accused and his manly actions in finally giving information which led to the recovery of the property, he was bound over under light bonds, to await the action of the grand jury.

Another Pardon.—A few days ago Governor Emery made a further exercise of the pardoning power, the lucky convict being M. Fitzgerald, who was sentenced to one years' imprisonment for burglary committed in Corinne. He is considered a worthy object of mercy, as his conduct at the trial, where he plead guilty, and during his confinement for the nine months already served, has been such as to win the good feeling of all with whom he has come in contact.

Pleasant Anniversary.—Yesterday, the 11th, was the eightieth anniversary of the birthday of Sister Mousley, and to show that they remembered the occasion, all her children and grandchildren who live in this city, a company by no means insignificant in numbers, proceeded to her house in the capacity of a surprise party. A very pleasant time was enjoyed and the recipient of the surprise, at the request of the visitors, sang with spirit and vivacity a number of songs which she used to sing in her younger days to her children. Sister Mousley's life has been one continual scene of activity, and though she has now reached a ripe and happy old age, her faculties are unimpaired, and she is sprightly and busy as a girl. We heartily join with her numerous friends in wishing the lady many pleasant returns of the day.

Third District Court.—Proceedings of the District Court yesterday, M. Schaeffer, Chief Justice, on the bench:

Trustees Plain City Irrigating Company vs. Margaret Edwards et al; order approving the award of the commissioner herein.

W. B. Dodds vs. T. Smirns; appeal from Justice's Stockton precinct; dismissed; procedendo to issue.

James Hamill vs. Marshal Hawson; order confirming sale made by sheriff.

O. D. Dudley, et al. vs Rosabelle Hubbard et al; demurrer to complaint argued, and further hearing continued till Wednesday at 9.30 a.m.

Paul Bues vs M. Shaughnessy; demurrer to amended complaint submitted and taken under advisement.

L. U. Colbath vs. Eber Case; two cases; default of defendant and judgment as prayed entered.

Julia Alexander et al, vs. T. S. Wadsworth; decree of foreclosure entered.

John Burns vs. A. G. Paddock et al; the motion of defendants for a commission herein is granted.

Court adjourned till this morning at 9.30 o'clock.

Proceedings to-day:

United States vs. nine caddies of tobacco, etc., dismissed and all proceedings discharged.

Evans and Falster, vs. Ezra Caldwell. On motion of defendant's attorney, appeal of plaintiffs dismissed and procedendo to issue.

Paul Beus, vs. M. Shaughnessey. Demurrer to complaint having heretofore been submitted, is this day by the Court sustained. Defendants given five days to answer.

O. H. Dudley et al., vs. Rosabelle Hubbard et al. The demurrer to the complaint was further argued and submitted to the Court.

City Council.—Proceedings at the City Council on Tuesday evening, Feb. 11th, 1879, Mayor Little presiding:

A petition was received from a number of citizens calling the attention of the City Council to the almost impassable condition of Fifth South Street between Main Street and the State Road, on account of mud and water, and asked that the stret be levelled and gravelled. Petition was received and referred to the committee on streets and alleys.

A petition was received from John Acomb, Sen., asking the refunding of $5, paid by him for a lot now in the military reservation. Petition received and granted.

A petition was received from David Chard, asking that he be refunded $5, the money paid by him for a lot now in the military reservation. Petition received and granted.

A petition was received from Wm. Noyce, asking that he be refunded $5 paid the city for a lot now in the military reservation. Petition received and granted.

Mr. P. H. Lannan appeared before the City Council and made a statement relative to the grievances to which the dealers in meat and other articles are subjected by the enforcement of the provisions of the ordinance relative to obstructions on sidewalks, and asked that dealers and hucksters be allowed the privilege of hanging out from the buildings certain articles in which they deal. He asked that the Council allow them a couple of feet for the purpose mentioned, and in support of his proposition directed the attention of the Council to the existence of bay windows on the business streets, which take up from 18 inches to three feet.

A motion was then made, calling up a petition signed by a number of merchants, heretofore tabled, which embraces the request of Mr. Lannan, and this petition, together with the verbal petition presented, was referred to the committee on municipal laws, with instructions to draft an amendment to the ordinance in force.

The committee, to whom was referred the petition relative to opening Apricot Street, reported, recommending the establishment of the lines of the street, and that the Surveyor be instructed to ascertain what ities would be affected by the opening demanded, etc. The report and recommendations were adopted.

The committee to whom was referred the petition of J. T. Wilson asking for a lease of the Tenth Ward Square, reported that upon inquiry it was learned that the square was already leased. The report was received and adopted.

The special committee to whom was referred the matter of deleterious water flowing from the soap factory in the 19th Ward, made a verbal report stating that they were unable to make a full report as yet, but would do so shortly. They had visited the factory, and were informed the deleterious matter complained of was simply salt and water. They were having some of it analyzed and would then make their report.

The matter of the sale of the city insane asylum to the county was referred to the committee on public grounds.

The bill of Wm. Hyde, jailor, for boarding prisoners for the month of January, amounting to $185.40 was presented and the amount allowed and appropriated.

The following motion was made and referred to the committee on streets and alleys:

I move that the sidewalks on East Temple Street from South Temple to Third South Street be brought to the established grade and paved; also First South and Second South Streets from West Temple to First East Streets, and that the sidewalks on the following named streets be brought to the established grade and graveled, to wit: North Temple, from the eastern terminus to the Utah Central railroad track, and First North, from its eastern terminus to Second West or southeast corner of Union Square; also South Temple, a distance of four blocks east and west from the Temple block; also First South, from First East, a distance of three blocks east and a distance of four blocks west from West Temple, and Second South, two blocks east from First East, and west the same distance from West Temple, and Third South four blocks west, and three east from East Temple, and East Temple from South Temple to its northern terminus, and First East from its northern terminus to Seventh South, and Second East from its northern terminus to Third South, and West Temple from its northern terminus to Third South, and First West from Second North to Third South, and Second West the same distance.

A. H. RALEIGH.

The committee on municipal laws reported back the bill for an ordinance regulating the distribution of waters flowing into the city, with the amendments; which, pending its passage, was referred to the committee on revision.

The Council adjourned till next Tuesday evening, at 6.30 o'clock.

Dreadful Murder.—This morning's *Junction* contains the particulars of a fearful tragedy which occurred on Monday evening, the 10th inst., at Plain City, in Weber County. The facts in the case are about as follows:

On Monday, Mr. Joe Dudley, a young man living at West Weber called at the house of Mr. Henry Wadman in Plain City, and requested Mrs. Wadman to send her son, Henry Wadman, Jr., to Mr. Spencer Raymond's residence, also in Plain City. The lady did so, and young Wadman went to the place named. Some other person being in the room, Wadman requested Dudley to come outside with him a moment as he wished to speak with him. When they were in the open air Wadman demanded that Dudley retract something which he had said and threw his hand back as if to reach for a pistol. Dudley, however, immediately struck him with a riding whip. Wadman reeled and screamed for assistance, and Mr. Raymond and a man from Ogden rushed out but were told by Dudley to stand aside as he wished no interference. Almost immediately he fired three times at his staggering antagonist, each shot taking effect in the victim's head. He then, with the utmost coolness, reloaded his pistol and offered to accompany the two spectators to a justice of the peace, which he did, and gave himself into custody. He now lies in Ogden jail.

The difficulty is supposed to have been brought about by Wadman's interference or exertions in behalf of Dudley's wife, a separation between the two having lately taken place. Full particulars are not known, but the above seems to be the commonly received version of the story.

Last Night's Lecture.—Although not a large, there was an attentive and appreciative audience at the 21st Ward Meeting House last evening to hear the lecture, delivered by Elder J. H. Ward, on the subject of "Self-Taught Men." It was given under the auspices of the 21st Ward Mutual Improvement Association, and was ably rendered.

Fatal Accident.—The following special dispatch was received yesterday afternoon:

SILVER REEF, Feb. 11, 1879.

A slab weighing about two tons slipped from the roof of the Last Chance mine, at 2 o'clock this morning, instantly killing John Duffy and Oscar Towle, night foreman. Bill Stockdale, Duffy's partner, escaped with slight injuries.

Effects of the Strike.

LIVERPOOL, 12.—Trade here is partially paralyzed on account of the strike. The strike among the sailors has become so general that it is difficult to obtain crews save at increased rates. It is stated that there are 35 grain-laden ships at Queenstown and that the owners do not know where to send them. Meanwhile the grain may be heating in the vessels holds and be rendered valueless.

There are many reports of intimidation by dock laborers and others to prevent the men from working until the dispute is settled. The steamship *Lutuaba*, which was to have sailed for the west coast of Africa on Thursday last, has not yet left her dock. The agents promise the men protection in dock, but the men say they require protection outside also. There is to be another interview, to-day, between the ship owners committee and a delegation from the strikers.

The Old Wages Refused.

The strikers, to-day, refused the old wages and one hour longer work daily. The proposition of the ship owners for arbitration was also rejected.

DIPHTHERIA.

MARSHALL'S HUMBUG OIL, when used freely internally and externally, will positively cure Diphtheria, even in its worst form; thousands can vouch for the truth of this assertion. The raw Oil may be used freely on the tenderest infant, leaving the parts exposed to the air to avoid blistering. For internal use, the Oil must be diluted with water. Four tablespoonfuls of water to one teaspoonful of the Oil—sweeten to taste; bathing the throat and chest freely and often. Dose, one teaspoonful, repeating frequently. The Humbur Oil may be found prepared for internal use, under the name of Marshall's Canker Cure.
