### MANTI.

IMPRESSIVE OBSEQUIES.

For Remains of R. R. Brown and Nels C. Rasmussen.

Special Correspondence.

Manti, Sanpete Co., June 20.—Funeral services over the remains of Robert Brown were held at the residence last Friday afternoon. Mr. Brown has been suffering from pneumonia for some time until death relieved him on the morning of June 12. He leaves a wife and three children to mourn his departure.

Another and funeral was held Sunday in the tabernacle over Nels C. Rasmussen, who was accidentally drowned in the south channel of the Manti creek Thursday evening while helping to get out drift wood so as to clear the channel for the large stream of water that was coming from the canyon.

Mr. Rasmussen was born in Denmark in 1840, and began his journey from his native land to Zion 32 years to the day that his body was laid in the tomb. He was a good neighbor and always willing to lend a helping hand. He leaves a wife, a son and five daughters to mourn his untimely death.

Barney Beaman, an unmarried man living in the southeast part of the city, passed away last Saturday and was buried last Monday from the south ward assembly hall.

The farmers are now in the midst of their haymaking. Most of them report a very dry first crop, and a few are complaining of blight.

### THREE COUPLES WED.

Therese Nelson and Ethel Nielsen; And Petersen and Leulla Mackey, of Cedar and John Christensen of Garfield and Margaret Petersen of this city were united in marriage today.

Ed Zabriskie who has been playing the lead clarinet for the Temple City band, left for Salt Lake City today, where he has accepted an offer with an opera company.

The committee for the Fourth is making arrangements for the celebration of that day. It has taken a new method of raising the money for the expense this year. Last Tuesday afternoon the committee gave a dance at the Bon-Ton for the children, charging ten cents admission for each, and Friday evening a dance will be given in the Opera House. Tickets 50 cents.

### SOIRE MUSCLES.

Prominent athletes throughout the country find that the best treatment for sore muscles after severe exercise or hard work is any kind of a hot bath at bed time, which opens the pores. This should immediately be followed with an application of Chamberlain's Pain Balm vigorously rubbed into the sore muscles. It removes all stiffness and soreness and makes a favorite rub down as it acts as a stimulant to the system in excellent condition. For sale by all druggists.

### MORONI.

VISIT OF PRESIDENT SMITH.

Mrs. Mary Johnson Taken in the Prime of Life—Mourned by Many.

Special Correspondence.

Moroni, Sanpete Co., June 21.—Funeral services over the remains of Mrs. Mary Johnson, wife of Lars Johnson, who died at the residence of her brother, Joseph Nelson, at Salt Lake City, on Sunday last, were held in the tabernacle here on Tuesday, amid many evidences of the love and esteem in which she was held by the family and her many friends.

Comforting and instructive remarks were made by Elders Julius Christensen, Nathan Faux, Aaron Hardy, Joseph L. Jolley and Bishop Bradley, who each commended the life and labors of the deceased. She was 42 years of age, the mother of eight children, seven of whom and her husband survive her and greatly mourn her departure. She was very active in the work of the Relief society, and was a consistent Latter-day saint, and while her death was unexpected by her friends, it came with startling suddenness while in Salt Lake City, where she had gone for medical treatment.

VISIT FROM PRES. JOSEPH F. SMITH.

The presence of this ward were favored by the presence of President Joseph F. Smith, who addressed the Saints in their Sunday evening meeting on his early missionary experiences, the present and prospective growth of the great latter-day work, and the blessing in store for the faithful Saints. His visit was greatly enjoyed by the people, it being nearly 15 years since his last previous visit.

### BOISE, IDAHO.

UNIVERSITY OF IDAHO.

Buildings Lost by Fire Will Be Restored by Autumn.

Special Correspondence.

Boise, Ida., June 21.—Dr. James A. MacLean, president of the University of Idaho at Moscow, is in Boise today, in attendance at a meeting of the board of regents of that institution, which is now in session at the capital building, in the governor's office. The purpose of the meeting is to perfect plans for the rebuilding of the administrative building at the university, which was destroyed by fire on the 26th of March.

In conversation with the "News" representative today, President MacLean stated that the work of restoring the losses incurred by the fire is being carried on with all possible speed, and that the school work will not be impeded; in fact, he states that the buildings lost in the fire will all be rebuilt and fitted up for occupancy by the time school opens in September. The final work on the old administrative building was completed in 1896, making for the building a total cost of \$11,068.60. The insurance on the building and contents was \$106,500.

President MacLean further stated, "We have now in course of erection an assay laboratory and also a metallurgical laboratory, which are two new and unique features of our institution. The assay laboratory is the best equipped laboratory of its kind in the United States. These are not new buildings, but are the old buildings, which were somewhat after the Utah schools."

When asked his opinion respecting the institute work associated with his school, he replied, "Institute work is being generally recognized as an important means of spreading among the farming classes information gained by the investigations of the experiment station and Agricultural college. At these meetings papers are read and topics discussed by men having a wide practical knowledge of the subjects in hand, as well as by those who have a thorough scientific training in the various branches of agriculture and horticulture."

"A new feature with us, along this line, is the holding of normal institutes, one of which was held last year at Caldwell, with great success. There were 500 people in attendance, and there were 20 local institutes held last year, which were attended by more than 5,000 people. This shows the interest people are taking in this work."

"With the aid of the appropriations made by the legislature this work will be continued as a permanent feature of the experiment station work."

"The university has just issued its catalogue for 1906-7, which sets forth a very thorough course of studies in nearly all the sciences. Consideration among them is the domestic science course, which will be added this year. All courses lead to degrees."

### HOW TO BREAK UP A COLD.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. To do this, however, prompt action is necessary. The first symptom of a cold is a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough medicine is taken at this early stage, the appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

### SPRINGVILLE.

WILL HONOR THE FOURTH.

J. B. Stevenson Undergoes Delicate Surgical Operation—Ladies' Bazar.

Special Correspondence.

Springville, Utah Co., June 21.—Joseph B. Stevenson, Springville city electrician, was taken to Salt Lake City last Tuesday and underwent an operation for an abscess in his head. He is reported to be doing nicely.

A committee, backed by the city council and citizens, is preparing a program and celebration for the Fourth of July. L. Leo Bird of the L. S. University will be the orator of the day.

The Third Ward Relief society and Y. L. M. I. A. have opened a two days' bazar in the city hall for the benefit of the ward.

Mrs. Jos. B. Keeler, president of the Relief societies of Utah state, accompanied by some of her aids, is visiting the societies of Springville today.

Attorney A. B. Redford of Pocatello, Idaho, will leave here tonight for Los Vegas country for his health. His family will remain here with his wife's mother, Mrs. Helen M. Deal.

### SPRING CITY.

WILL HONOR THE FOURTH.

Ward Has Enjoyable Outing at Nielsen's Park.

Special Correspondence.

Spring City, Sanpete Co., June 22.—A pleasant time was enjoyed by the people of Spring City at the ward outing at Nielsen's park on Wednesday. The program was given at the pavilion in the morning and the afternoon was devoted to sports and picnic. The affair was under the direction of the ward amusement committee and was a success in every way.

Having begun and the farmers are busy with their crops. The prospects are favorable for a heavy second crop.

Arrangements have been made by the city officials for the celebration of the Fourth.

### CEDAR CITY.

EVAN WILLIAMS IS DEAD.

Cedar Will Honor the Fourth—Wedding Bells—News Briefs.

Special Correspondence.

Cedar City, Iron Co., June 21.—The mortal remains of Evan Williams were consigned to the grave today. The deceased departed this life on the 19th inst., after a lingering illness. He was stricken with paralysis over a year ago, which left him in a helpless and has lingered in that condition until his demise. The funeral was held in the tabernacle, and was largely attended. Those who addressed the congregation spoke eulogistically of the life and general character of the deceased, who has been a model man in this community; honest with his fellow citizens; exemplary in his course and progressive in his daily life. Mr. Williams was born at St. Briden-Moor, Glamorganshire, Wales, in 1827; emigrated to Utah with his wife, four sons and three daughters, in 1878, settling in Cedar City. One daughter had preceded him to Utah, and one son followed him the year after. He was the father of nine children. Deceased was a very zealous advocate of the religion he had espoused in his early life, and was a gift poet.

GOES TO ENGLAND.

Yesterday Elder Helaman Webster of this city left for a mission to England.

### WEDDING BELLS.

Rupert Lee Wixom and Miss Sarah Muddell of this city returned from St. George City today, where they were united in marriage last Saturday.

A family reunion was held in honor of the event last evening.

The first crop of lucern is now being cut; it is far short of an average yield, probably a half crop. Blight of some kind has come upon the crop.

Pipes are already strung and the trench dug to convey water to the city cemetery.

### THE FOURTH.

The city council has appointed a general committee to arrange for the celebration of the nation's birthday. Two prominent members of the council and the bishop of the ward constitute the general committee.

### THE GREAT RIDE.

To pull the rear bunch up during the day to cover the distance with Lawson, McFarland and Samuelson on their rear.

Lawson and McFarland were tacked onto the bunch, from the leaders, and they followed him around till Hopper saw what was doing and broke from the lead to the rear.

McFarland gained a good hundred yards, while Hopper slowly unground himself in a way that made the blunders fairly read. Samuelson and McFarland, this time, were pulling him, and finally Hopper was pulled back to the rear.

McFarland proved himself capable of staying within reasonable distance at all times, and Lawson began his great ride, the gap that opened between him and Samuelson grew greater the longer Lawson tried to leave it down, and Hopper, while ahead of them were the handle of the rear bunch up during the day to cover the distance with Lawson, McFarland and Samuelson on their rear.

### NOT A FAVORITE.

Samuelson himself furnished most of the evidence that he was a favorite.

He "dogged" his way around, passing up his regular recurring chance to be fair to the bunch he traveled with.
