LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, MARCH 23.

Getting Around.—Wm. Jones, of Kaysville, the young man who was accidentally shot in the foot at Grass Mountain, last January, and who afterward had his foot amputated at St. Mary's Hospital, is getting along nicely. He was out upon the street to-day, walking with crutches, and is still an inmate of the hospital, where he is well treated.

Write Your Full Name.—Correspondents to the NEWS, who wish their communications to appear, or receive due attention, must furnish us with their full names. It is against the rules of this office to publish any article when merely the initials, a non de plume, or any signature but the writer's name, comes along with his article. Please remember this.

Funeral Services.—The services over the remains of Sister Margareta G. Lienhard, took place this morning at 10 o'clock, in the 18th Ward Meeting House. The music was furnished by a choir selected from the brethren and sisters of the German and Swiss Saints, of whom quite a number were also present in the congregation. The speakers were Counselor Robert Patrick and Bishop O. F. Whitney, of the presidency of the Ward, and Elder Henry Riser, president of the Swiss and German meetings of this city. The last named speaker followed the others, interpreted their remarks for the people of his own nationality, and administered other words of consolation to the bereaved friends and relatives. Counselor Wm. B. Barton pronounced the benediction.

"Junction" Jots.—The 15 puzzle nuisance has not attacked the town as violently as was expected.

A large drove of stock passed through Ogden to-day. The cold weather has not, evidently, disposed of all the bovines in the country.

The work of excavating under the stage of the Ogden Theatre is nearly completed, and the flooring, lining, partitions, etc., will soon be put in. It is the intention to have some well-appointed and commodious dressing-rooms and a large green-room under the stage; besides which machinery for operating trap doors, etc., will be put in.

Some gentlemen connected with the Junction establishment are about to publish a modest literary work. It will contain about 50 pages of attractive original reading matter, of especial interest to the young and all those who have their prosperity at heart. Subscription lists will be circulated, and it is hoped that our readers and friends will kindly support native talent and enterprise even in the field of literary production.

Beaver "Watchman" Notes.—The Watchman of the 17th inst., has the following:

It is claimed that the railroad will establish its terminus at Black Rock, the 20th inst. Black Rock is 20 miles from Milford.

A good many have predicted that the railroad bridges on the Sevier will be unstable after the water rises in the spring.

Owing to the severity of the weather, the charcoal burners at Frisco have not been able to deliver sufficient coal to keep all the smelters running.

Mr. James Marshal, of the Sevier River country, informs us that he has taken the hides off more than 80 head of his cattle during the winter and still they are dying. His horses though thin, he thinks will get through. None have died as yet.

The divorce suit of Allen G. Campbell vs Florence A. Campbell has been tried in the District Court of the Second Judicial District so far as the motion for alimony was concerned. Judge Boreman, on Friday last decided the motion, giving the defendant, Florence A. Campbell, \$5,000 to meet the legal expenses and \$300 per month *pendente lite*.

Logan "Leader" Lines.—The following are from the *Leader* of Saturday:

An infant son of H. K. Cranney, Esq., recently swallowed the lid of a small tin box, and nearly choked to death. The child's father skillfully removed the foreign substance, thus preventing any serious harm.

D. B. Lamoreaux, Esq., is improving most remarkably. The extent and intricacy of the operation recently performed on him were such as to make his speedy recovery very doubtful. But his condition is now extremely encouraging.

A man who lives on Fourth Street in Logan has got a termagant wife, who occasionally "blows him up." Recently, by a premature discharge of a blast in Logan Cañon, he was lifted several feet from the earth. There were tears in his eyes when he alighted. He said that the memories of his loved ones at home had been stirred to their depths.

Hans Neilson, the young man who was nearly sent from earth a few weeks since by the discharge of a shotgun in the hands of a companion, is now nearly convalescent. His face still resembles the lid of a pepper-box, but in all probability he will soon entirely recover from the effects.

A most deplorable event occurred on Tuesday evening last in this city. A boy aged 10 years, son of John Smith, the blacksmith, died from the effects of poison. His parents had been giving him worm seed oil in small doses; but desiring to hasten its operation, on Monday night, he took nearly or quite half a tablespoonful of the medicine without telling anybody of his act. Shortly afterward his mother gave him the usual dose. On Tuesday he became extremely ill, and in the evening, Doctor Ormsby was sent for. The doctor immediately discovered the boy's condition, but it was too late to save his life. Everything possible was done to relieve him, but at 9 o'clock he expired.

FROM WEDNESDAY'S DAILY, MARCH 24.

No Spring.—It looks very much as though we were to have no Spring this year. Hardly have we emerged from the snow and frost of winter, than the dust of summer is being blown into our faces.

"Junction" Jots.—M. De Lesseps and family took breakfast this morning at the Union Depot Hotel, then went on east.

The U. P. pay car arrived shortly after noon to-day, and is now engaged in paying out its treasures to those having just claims against the company.

Judge Emerson made his appearance in Ogden yesterday, and will shortly take up his abode here, having succeeded in obtaining a suitable residence—that of Mr. T. J. Stayner, on Pearl Street.

A Delicate Operation.—Mr. Jas. Toms, gunsmith, of this city, has been undergoing a very delicate surgical operation. Drs. Benedict, Thompson, Pike, Smith and Williamson have been attending the patient to-day, who is now in St. Mary's Hospital. The necessity for the operation grew out of a rupture near the groin, which took place many years ago, and has since developed into a disorder of the most complicated character. The operation should have been performed sooner, so the surgeons say. What the result will be is not certain.

A Manifesto.—As much has been said, and is being said, in relation to the proposed borrowing of money, to enable the city to construct the Jordan and Salt Lake City Canal, the Council last evening appointed a special committee to prepare a manifesto expressing the views and intentions of the City Council regarding the canal enterprise, and explaining matters connected therewith to the people, many of whom seem to know but very little

of the real facts in the case. It is to be hoped the Council's explanation will effectually silence the voices of demagogues who assume to know so much of a matter of which their very assertions prove them to be ignorant, and who are creating disunion and dissatisfaction among the people by their unwarranted utterances.

FROM THURSDAY'S DAILY, MARCH 25.

Primary Reports Wanted.—The secretaries of the various primary Associations throughout the Stake, are requested to send the reports of their societies since they were organized, to the office of the Woman's Exponent immediately. They are wanted for presentation in aggregate form, at the Stake Conference, early next month.

A Triple Birth.—Congratulations are in order to Mr. George T. Wilson, of Spring Lake, whose wife, Mrs. Ann Eliza Wilson, presented him, on the 23d inst., with a son and two daughters. The mother and the three babes were doing well at last accounts. We wish the worthy woman a speedy restoration, and her trio of darlings health, wealth and prosperity.

Sad Event.—Our condolence is extended to the family of Doctor M. L. Davis, in the loss of his little son Morrill, aged five years, who died, as recorded among our death notices, at 14 minutes after 7 o'clock this morning. He was a bright, promising, intelligent little boy, and a general favorite with those who knew him.

Deseret Museum.—The Curator respectfully acknowledges the receipt of an official communication, announcing that the Commissioner of Patents has appointed the Deseret Museum Library as a depository for the Patent Office Gazette for 1880, by the commendation of Hon. Geo. Q. Cannon.

A parchment indenture of the date 1792 has also been presented by Mr. Thomas H. Roberts, of this city.

"Junction" Jots.—Professor Max Boyan has succeeded in effecting an orchestral combination in Ogden. The organization is composed of eight pieces, representing the best musical talent of the city, and will be a permanent feature of our go-ahead town.

Mr. Ben Rich, for a long time and at present employed in the Co-op store of Ogden, proposes to start in business for himself, and will open out with a general stock of merchandise on or about the 1st prox.

From Cedar City.—We had a pleasant call this morning from Elder Henry Lunt, of the Presidency of the Parowan Stake, residing at Cedar City, who arrived in town Tuesday evening from the south. He came on business connected with this office, and will return home in a few days. Brother Lunt describes the condition of affairs at home, as follows: Cattle were dying fast on account of the lack of feed on the range. One man who owned 600 head of cattle expected to lose about 500 of them. Another ranche owner had lost 200 head of horses, besides many of his horned stock. The industries of Cedar City were flourishing, there being a new tannery and a new grist mill, the latter of which cost \$10,000, connected with the Co-op mercantile institution, and all doing a good business. The first leather was taken out of the tannery a few weeks since, and was of a good quality. A shoe shop was contemplated, also, as an adjunct to the foregoing. The Co-op sheep herd was in a good condition, numbering from 10,000 to 12,000 head, of which five or six thousand had been let out on shares to the inhabitants of Orderville. Very few sheep had died lately. The home institutions, such as relief societies, mutual improvement associations, Sunday Schools, etc., were prospering. Owing to short crops last year, bread-stuffs were scarce, but the outlook was more promising.

"Enquirer" Notes.—Another bridge and a portion of the railroad track has been washed away in Sevier Canyon.

Eleven carloads of coal got through from Pleasant Valley to Springville, on Monday afternoon.

The wife of Mr. Oliver Roberts, of American Fork, was thrown from a wagon on Saturday last, by a wheel dropping into a chuck-hole. Both wheels passed over her leg, breaking it above the ankle. The lady is attended by Dr. Wadsworth.

Jos. Aitken, whose leg was broken through falling from a horse a few weeks ago, on the Lake bottom, is now able to walk around on crutches. He expects to be able to return to his home in Spanish Fork in a week hence.

Monday, Dr. Christensen, of Payson, was arraigned before Alderman Finlayson, on a charge of keeping a gambling house. The evidence being conclusive against him, he deemed discretion the better part of valor, so plead guilty, and was fined \$50 and costs.

His wife also plead guilty to the charge of selling liquor without license and was fined \$40 and costs.

The good citizens of Manti are anxious to learn how it is that Pete Clouse, who was convicted some time since in the First District Court, on a charge of larceny, and which conviction was sustained, when taken on appeal, by the Supreme Court, is permitted to run at large. Has the man been sentenced? and if so, why is he not working out that sentence?

On Saturday last Mr. Jesse B. McCauslin was engaged in getting a load of wood in Provo Canyon, and on his way home, on the second dugway, while crossing a snowslide, his wagon slipped and pulled his team into the river, which came nearly drowning his team and himself; but, with the help of two small boys, he succeeded in getting the team out without any great damage being done.
