

## SOLDIERS PATROL ST. PETERSBURG.

The Telegraph and Postal Tie-up  
Shows no Signs of Loosening.

## LEAGUE OF LEAGUES DEFIANT.

Issues Decrees Like a Veritable Provisional Government—No Strike of Police Yet.

St. Petersburg, Sunday, Dec. 3. D. m. (via Rydtkuhnen, East Prussia, Dec. 4.)—The city remains quiet, but extreme tension prevails. Armed patrols of cavalry and infantry are in the streets, especially in the neighborhood of the telegraph offices. The telegraph and postal tie-up remains complete. Soldiers and employees of other departments are being used to deliver portions of the vast accumulation of mail.

The telegraph operators met yesterday's threat to discharge them today unless they returned to work by refusing to prosecute the strike until their demands are satisfied. The League of Leagues, which is issuing decrees like a veritable provisional government, has openly defied the prefect's warning to the walking delegates and agitators that any attempt to work would lead to their arrest and the imposition of a fine of \$250, and is issuing a counter proclamation warning not only the Russian but the Danish operators to work at their post. The authorities profess confidence that the strike will be broken in a few days, but the basis of their optimism is not stated. The intimation of Interior Minister Durnovo seems to offer a way of retreat for the government. This involves another surrender before the victorious proletariat.

Count Witte is now convinced that the emperor, by acceding to the demand for universal suffrage, may still find a common ground on which the government and the Moderates and the extreme elements can stand. If this fails to avert the heading march of events the proclamation of a ready-made constitution might be tried as the last card. Then nothing would remain except the presentation of a dictatorship.

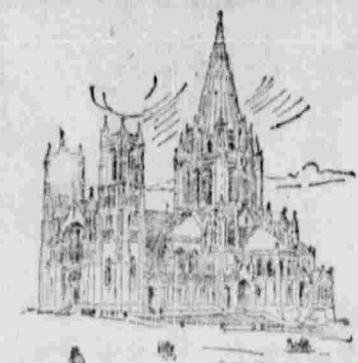

Competent judges of the situation believe that a dictatorship, while it might restrain the rising flood temporarily, would only increase the dimensions of the catastrophe, and when the dam gave way the government and dynasty would be swept away to common ruin.

In order to convince the zemstvoists that the government is honestly trying to meet the wishes of the moderate and substantial elements, Count Witte has invited not only a deputation of the Moscow congress, M. Petrovsky, Kokoshkin and Mourmestoff, but a number of other zemstvoists, Prince Troubetzkoy, Dmitri Shiroff, M. Chukoff, M. Kuznetsov and M. Vief, to participate in the sessions of the cabinet on the election law, which were continued last night and today.

Count Witte appealed to the patriotism of the zemstvoists, saying it was their duty not to inflame the situation, but to co-operate in saving the country from complete anarchy. A decision was reached to grant practically unlimited writers of prominence, extolling the various ingredients which enter into Dr. Pierce's Favorite Prescription. It is worth looking over if you are a sufferer. Dr. Pierce's Favorite Prescription is a "cure-all." It is recommended as a most perfect specific for women's peculiar ailments. So many of the results which follow the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it *helps and almost cures* every ailment which afflicts the women who give this medicine a fair and faithful trial are cured and remain cured.

It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and nervous women who are "run-down," debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nerve, "Favorite Prescription" is unequalled in its value in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, or St. Vitus' dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

versal secret and equal suffrage to males 25 years of age, on the basis of one representative for each 2,500 of population, but Count Witte refused to yield any suffrage to the country districts where there will be a double set of electors.

Unless the extremists are willing to accept the election, the support of the Moderates will not greatly improve the situation, as the later in the present crisis are almost a negligible quantity. Perhaps it is too much to hope that the social revolutionary leaders, drunk with the success achieved, can be induced to cease their efforts, which are now strictly directed to winning over the army.

The telegraph operators have replied to Count Witte's refusal to treat with them by an open letter, declaring they will have no negotiations with Interior Minister Durnovo and must now continue the strike; first, until the abolition of all government measures to prevent the organization and activity of their unions, and second, the liberation and reinstatement of their allied comrades.

The threatened strike of the police and house painters today did not materialize.

The mutineers of Sebastopol will be tried by court-martial.

## TROOPER SHOT BY NEGRESS.

Helena, Mont., Dec. 4.—Corps. William Cyrus, colored, a company, Twenty-fourth infantry, stationed at Fort Harrison, was attacked by Nora Mae, a negress, living in a close street resort, early this morning. Cyrus received two bullet wounds in the head, either of which would have been fatal, and died soon after.

The woman admits the shooting, but claims she acted in self-defense. She was arrested and taken to the city jail.

## MORE INSURANCE ROTTENNESS

Horace A. Brockway Bought a Directorship in the Mutual Reserve Life.

## SOON PUT ON THE PAYROLL.

Amount He Paid Was Used to Get Articles Favorable to Company Inserted in Papers.

New York, Dec. 4.—The most interesting development in the legislative life insurance investigation today was contained in the testimony of Horace A. Brockway, a hotel proprietor and director of the Mutual Reserve Life Insurance company, who said that he had given \$2,000 to President Frederick A. Burnham of that company at the command of Mr. Burnham in 1898.

Mr. Brockway told the committee that Mr. Burnham told him that if he would take out a policy in the Mutual Reserve he would make him a director. Mr. Brockway then took out policies amounting to \$5,000. After having been a director for some time, he was put on the payroll of the company at \$300 a week, received that salary for four months and then it was cut to \$250 a week.

Asked what he did to earn that money, he said he looked over some loans for the company, was consulted by policyholders as to whether the company was a good one to insure in and did what ever he was asked to do. He had been getting \$200 a week eight weeks when Mr. Burnham demanded the \$5,000. When President Burnham did with that money was explained by George D. Eldridge, vice president and secretary of the Mutual Reserve Life Insurance company, who testified that President Burnham told him he had given \$2,000 to Mr. Brockway, a newspaper man and publicity agent of the company, to secure the publication of articles favorable to the company at a time when it was being criticized in the newspapers. Mr. Brockway said that he could accomplish the company's purpose by writing articles for the company, and that he was not compelled to report to the company just what he expended it for.

Mr. Brockway said he is still a director of the company. The record, who President Burnham was given by his physician, who told the committee to stop Mr. Brockway from speaking to appear or even make a deposition.

Vice President Eldridge also testified that his company had much trouble with the Illinois State Insurance Commission, and in six years from 1897 paid Thomas J. Cullen, the commissioner's brother, \$7,000 in counsel fees to represent the company before the insurance commissioner and legislature of that state.

Mr. Hughes was investigating the relations of the Mutual Reserve Life Insurance company with the New York State insurance department when the committee adjourned until tomorrow. Senator Armstrong, chairman of the committee, said today that the committee expected to finish its work by December 31, but that if it did not, the committee would not pass out of existence when the legislature assembled unless that body so ordered.

## WRECK ON THE SANTA FE.

Topeka, Kan., Dec. 4.—The local Atchison, Topeka & Santa Fe office today received word that the wreck of No. 9, the first California train, Sunday afternoon at Timpas, Colo., about 18 miles south of La Junta. The train was going west, and about 40 miles from the engine, mail car, the baggage car, a smoking car, the tourist sleeper and a chair of wheels and a tourist coach. Only the mail car tipped over, the others humping along on the ties.

Two passengers were seriously injured. Mr. Cooker, bound for Los Angeles, Cal., had his chest and shoulders badly crushed. Mr. Kierdorf had his head badly bumped and one of his ankles broken. Two mail clerks, whose names are unknown, received slight injuries.

The other passengers were more or less jolted and shaken up, but not seriously hurt.

## INTRODUCTION OF BILLS RECORD BROKEN.

Washington, Dec. 4.—Records for the introduction of bills broken today by the house. Four hundred and thirty-one public bills were offered and private bills so numerous that employees had not counted all of them up to a date hour.

The bills introduced cover a large variety of subjects, including Philippines tariff, tariff, pensions, regulation of the hours of employment in the executive departments, merchant marine, increase of salaries of the Vice President and members of the cabinet.

Representative Payne of New York introduced a Philippine tariff bill, which provides temporarily for the revenues of the islands. The bill stipulates that all products grown or manufactured exclusively in the islands are to be admitted to the United States duty free excepting tobacco and sugar, which are to pay 25 per cent of the regular duty on these products. The bill is charged on such products when they leave the islands to be deducted from the amount levied upon them when admitted to this country.

Other bills and joint resolutions were introduced as follows:

By Representative Murphy (Mo.), to introduce a Philippine tariff bill, to place hides on the free list.

By Representative Murphy (Mo.), removing the restriction of alien and taxation of land in Indian Territory.

By Representative Houten (N. Y.), to increase the powers of the interstate commerce commission and to expedite the final discussion of cases arising under the act to regulate commerce by creating an interstate commerce court.

der the act to regulate commerce by creating an interstate commerce court (introduced by Mr. Houten in the last Congress). Also for the election of United States senators by direct vote of the people and "to enable the United States of America to acquire, maintain and operate electric telegraphs and to pay therefor by sale of bonds, redeemable out of the net earnings."

By Representative Lacey (N. Y.), making Alaska a territory with a delegate in Congress.

By Representative Curtis (Kan.), to provide free admission to the United States of all Philippine products except tobacco and sugar, which are to pay 25 per cent of the present duties.

By Representative Houten (N. Y.), empowering the president to appoint a board of three persons for the protection of children and animals.

By Representative Clark (Pa.), for admission of Oklahoma and Indian Territory as one state.

At least two bills providing for important changes in the land laws will be introduced at the present session of Congress. One will provide for the repeal of the timber and stone act and the other will make it possible for any agricultural land in forest reserves to be acquired under the homestead laws.

Representative Williams of Mississippi, the leader of the minority in the house, introduced a number of bills and joint resolutions affecting the tariff and campaign contributions. These contemplate free trade with the United States and Canada, joint high commission with a view to free trade relations between the United States and the United States.

## INTERSTATE COMMERCE COMMISSION APPOINTED.

Washington, Dec. 4.—President Roosevelt has decided to appoint Harry J. Bone of Kansas, to succeed John S. Dean, whose term will expire Dec. 17. He also will re-appoint James S. Simpson, who was appointed to succeed Dean, and also will re-appoint Dec. 17, 1891. These appointments, which were endorsed by Senator James H. Doolittle of Kansas, will go to the senate tomorrow, as also will that of Franklin Lane of California, who was appointed Dec. 17, 1891. These appointments, which were endorsed by Senator James H. Doolittle of Kansas, will go to the senate tomorrow, as also will that of Franklin Lane of California, who was appointed Dec. 17, 1891.

Mr. Lane, whose nomination will be sent to the senate tomorrow, is a Democrat, and his appointment will change the political complexion of the interstate commerce commission from Republican to Democratic. Former Governor of Illinois, whom Mr. Lane will succeed on the commission, is a Republican, as also are Commissioners Knapp and Clegg. Commissioners Clegg and Clegg are Democrats. While Mr. Lane also has been a Democrat in politics he was a supporter of President Roosevelt in the last campaign.

In connection with this appointment it is pointed out that in the event of the enactment of railroad rate legislation by the present Congress the interstate commerce commission very likely will be reorganized.

## Dyspepsia

Post-mortem statistics of the big New York hospitals show that many cases of consumption are due to the uninterrupted progress of dyspepsia.

Especially is this true in cases where the victim was predisposed to tuberculosis.

Therefore the person who allows dyspeptic conditions to progress unchecked is contributing toward the development of the most fatal disease known to mankind.

Dyspepsia wears out the body and the brain—makes the victim thin, haggard and sorrow. The stomach, unable to digest food, cannot supply nourishment. When other diseases come, they enter unresisted.

L. P. Turner, 260 Howard Street, Detroit, Mich., says: "I have suffered from dyspepsia and indigestion for several years and it reached such a stage that I could hold nothing on my stomach, and immediately after eating the lightest foods, would be taken with a violent fit of vomiting. I tried a great many remedies, but nothing helped me until I procured a box of Rexall Dyspepsia Tablets, when I obtained instant relief. I am now able to eat heavy foods and I gladly recommend the Rexall Tablets to anyone suffering as I did."

Don't take any chances. Cure your dyspepsia at once. Rexall Dyspepsia Tablets will do it. We know what they are and guarantee them to restore health, strength and a good digestion. Two five cents will buy a box enough for a fifteen days' trial. Money back if you are any way dissatisfied.
