THE EVENING NEWS.

Friday, - - - May 10, 1872.

PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.

SALT LAKE CITY, May 9, 1872.

Buying at $1.10; selling at $1.13.

LOCAL AND OTHER MATTERS.

THEATRE.—The beautiful drama of the "Lady of Lyons" was very well played last night, especially the part of "Pauline" by Mrs. Bates.

This evening Mr. Bates will appear as "Phidias" and "Raphael Duchatlet, and Mrs. Bates as "Mdlle. Marco," in the romantic five act drama of "The Marble Heart."

GONE TO PROVO.—Presidents B. Young, Geo. A. Smith and Joseph Young, and Elder L. D. Young and others left for Provo to-day, by U. S. R. R., to attend two days meetings, to be held there to-morrow and Sunday. President D. H. Wells, Bishop John Sharp and Elder B. Young, Jr., went to the end of the R. R. track at the same time and returned this afternoon.

ST. LOUIS RAILROAD DELEGATION.—This party of gentlemen who have been to California on railroad business, arrived in town this morning on their way home. They were visited to-day at the Townsend House by Presidents Brigham Young, Geo. A. Smith, and D. H. Wells, and Bishop John Sharp and Col. David McKenzie. The following are the names of the gentlemen comprising the party:

Joseph Brown, Andrew Pierce, Jr., D. P. Rowland, W. M. Samuels, Henry Overstobe, George Bain, R. E. M. Bain, N. C. Chapman, E. O. Steward, Hudson E. Bridge, Henry Ewin, Newton Crane, Chas. W. Knopp, D. H. Macadam, Ozias Bailey, Clinton B. Fisk.

The following ladies accompanied the delegation:

Mesdames E. O. Stewart, N. C. Chapman and Geo. E. Leighton, and Misses Jennie Brown and Mary C. Fisk.

REMOVALS.—The produce department of Z. C. M. I. has removed to the premises on Hooper's corner, lately occupied by Mr. George Goddard, where Mr. George Teasdale and his corps of assistants are prepared to wait upon customers in their usual courteous and obliging manner.

The proprietors of the Utah Job office have removed to their new premises opposite the Theatre.

Per Deseret Telegraph.

ST. GEORGE, May 10, 10 a.m.—S. L. Adams, R. Bentley, and A. Ivins returned last evening from a prospecting tour, after coal, bringing up with them much, like pitch, and supposed to be carboniferous shale, which they found in large quantities, about twenty miles south-east of this place. They return in a few days with men and tools to make a further prospect of the ledge. Bentley starts to-morrow for Salt Lake city, with samples for assay.

INCREASING TRAVEL.—The principal hotels in town are well filled with visitors from various parts of the country, and many from Europe.

BEAUTIFUL and sunshiny to day after the rain of yesterday. Vegetation looks fresh and lovely.

WYOMING REPUBLICAN CONVENTION.—The Union Republican party of Wyoming were to hold a convention of delegates from the counties of that Territory yesterday, May 9th, at Rawlins Springs, for the purpose of electing delegates to the Philadelphia Republican Convention of June 5th.

DISAPPOINTED.—Many of the young folks were disappointed at the necessity for the postponement of the proposed excursion, having made up their minds that they would go this morning. Doubtless they will be glad on Monday morning that they did not go this morning.

PURE GOLD.—We were shown a genuine gold nugget to-day taken by the Bingham gold mining company from their mine. It weighed over two ounces and was in the form of a small bar.

CHILD DROWNED.—Brother C. D. Evans writes from Springville, May 7th:

"A son of Enoch and Emma Clark, of this city, was accidentally drowned in a small water ditch, near the residence of his parents yesterday. The child was 18 months old, and was only out a few minutes from the house before the body was found."

DISCHARGED.—An individual named Kingsley was before Justice Clinton to-day on a charge of having obtained about ten tons of ore, worth $341, from a Mr. Bates, on false representations and pretences. The charge was not sustained, as the evidence showed that the amount of false representation employed by Kingsley in the matter was that when he obtained the ore from Mr. Bates he represented that he intended to pay for it, which he failed to do. Kingsley was discharged.

STEAMER EXCURSION.—The steamer *City of Corinne* will make an excursion trip to-morrow from Lake Side to Lake Point, connecting cars leaving the U. C. R. R. depot at 8 a.m., and returning at 7 p.m. Passage for the round trip $3.50. Tickets can be procured on the cars. Dinner will be served on board. Persons who wish to enjoy a pleasant sail upon the lake will find this a most desirable opportunity.

THE LATEST IMPROVEMENTS IN SCRIBNER'S MONTHLY.

With the May number, which begins a new volume, *Scribner's Monthly* takes a new departure!

The special features of this number are the Department of Practical and Popular Science just added; the enlargement of the department of Home and Society, to which half a dozen of the most brilliant and talented of writers among the women of America will hereafter contribute monthly matters of special interest to all thoughtful women in our American homes. The leading illustrated article commences a series descriptive of American life and scenery, under the title "Traveling by Telegraph." The illustrations are by a group of artists—Moran, King, Sol. Eytynge, W. L. Sheppard, Runge, Lush, and others.

The May number contains a very funny story by Mrs. Walker, graphically illustrated by Sheppard; another of the Saxe Holm Stories, with two exquisite poems; a story by Noah Brooks,—"The Waif of Nantilus Island;" and a short instalment of Mrs. Oliphant's story, "*All His Wales*," as magnificent in its descriptive power as anything which has appeared for many months.

Warner gives us another of the charming "Back-Log Studies;" Wilkinson writes trenchantly of Lowe l's Prose; Holland discourses of "The Conservative Resources of American Life," "Rum and Railroads," and "Esthetics at a Premium."

The number is crowded with good things,—stories and poems and essays and editorials; descriptive articles; graceful and practical discussions of home life and poetry; a review of culture and progress throughout the world; the latest developments of science, etc., etc.,—the whole adorned and embellished with beautiful pictures, the work of eminent artists, presenting, in a concise and convenient form, the most attractive, stimulating, amusing, instructive, and delightful reading for the family, the school, the counting-room, and the office.

The three bound volumes of *Scribner's Monthly*, which are offered with a year's subscription and covers for binding, 3 vols. 4 and 5 at the low price of $10, contain more than a thousand illustrations and nearly four thousand pages of choice literature,—a whole cyclopedia of useful knowledge.

Single numbers are 35 cents; subscription price, $4. *Scribner's Monthly* is sold and commended and subscriptions are received by nearly all the first-class booksellers and newsdealers of the United States and Canada.
