The Problition Low.

The Problition Low.

Washilaviros, April 2.—In an interview today regarding the anti-problidition movement in love, First Assistant Postmanter-General Clarkson said: "The problidition low has had seven years of trait, and while it proved an admirable low for the receives, it has felled to finel public opinion to enforce it in the larger news, it has felled to finel public opinion to enforce it in the larger edites and in the counties on the Mississippi River, which are largely settled by European lettle. It is an open-fact that if cannot be enforced in such localities without a State constabulatory, which the temper of the people would meve permit. The republican party has never been unified on the measure. As many as fifty or skey thousand republican party has never been unified on the measure. As many as fifty or skey thousand republican supposed it, but they went religious opposed it, but they went religious with the party, willing to bee the experiment tried. Now that it has been tried seven years and failed in part, they hasist that the law is amended so as to give problidition to 3p per cent of Iowa, where public opinion favors and enforces it; but that some other method of requisiting the traffic be given to 20 per cent of the Slate where experiences shews that it can never be enforced.
