

UTAH'S HARD FIGHT AT BOULDER TODAY

Colorado Speculation as to the Outcome of This Afternoon's Struggle.

PITTED AGAINST GREAT TEAM

One, However, Whose Methods Have Won For It Very Little Sympathy In Its Home State.

NOT ALLOWED TO PLAY IN DENVER

Tactics Said to be Too Raw—Beehive Boys Are Hopeful and Rely on Speed and Science.

(Special to the "News.")

Denver, Nov. 4.—Can Utah win today? In the Denver "News" it is said that the Colorado team is as strong as it was when the Colorado college went down to defeat to the tune of 42 to 0 last year, Utah will win.

Boulder has no back field to compare with that one. And Utah's backfield, as luck will have it, is the same—Bennion, Russell and Brown.

ADVICE TO UTAH.

In Denver, in Colorado Springs, and in Pueblo there is but one kind of advice to the Salt Lakeers, and that is "watch Boulder, watch their officials, for sharp work." Watch their team for queer work, and watch their squad in general for "ringers." The name of the Boulder team in Colorado is not honorable. The questionable work it has encountered in Coach Andrews' attempt to have himself put in as a Utah referee for the Denver game is a sample of Boulder tactics. These tactics have resulted in the throwing of Boulder out of the Colorado state league. The Utah game is to be played at Boulder because no Denver player is at the disposal of Boulder. The games of Boulder are all "interstate" games, because no Colorado team will play with it. Not even a high school team will line up for practice against it, and the glory of competing teams, as told by competent sporting authorities in Denver is that the Boulder team has sought to gain by methods not approved among the lovers of clean sport.

IN BAD ODOR.

The team is in bad odor here, and it is said openly that it is composed largely of "ringers," who are dissatisfied because the expensive interstate games have left them little to divide among themselves after the fiddler has had his pay.

CONSIDERS UTAH EASY.

The Utah team is in good condition. But Boulder does not consider this an important or difficult game. Illinois, which will be met next week, being the size they are seeking to capture. If Utah wins Denver and Boulder will be the hand out the biggest surprise box of the Colorado football year.

The sympathy is with Utah among Colorado college and Denver university men, and many others, who are disgusted with Boulder methods.

WILL BE HARD BATTLE.

The Utahs have been repeatedly warned by Denver and other Colorado friends that they will this afternoon encounter the hardest and most certain proposition of their lives. However, the home boys are not fearful. On the contrary they hope for clean ball and believe that public sentiment and honorable methods in giving them a square deal. So far as they are concerned it is certain they will play a swift vicious game, and their opponents will know they have heavier odds than battle regardless of the outcome of the contest. There is widespread interest in Colorado in this clash of western giants, but it is no secret that very many people in this state would be glad to see victory perch on the banner of the athletes from Utah.

DRINK KILLED HIM.

James Miller's Lifeless Body Found at Salvation Army Shelter.

James Miller, aged 48 years, from Alamosa, Col., was found dead this morning at the Salvation Army shelter at 19 Commercial avenue. Heart failure was undoubtedly the immediate cause of the man's demise, but it is believed that this condition of ill health was brought on by excessive drinking. Miller had been a cook in Finch's cafe. He was married but was separated from his family because he apparently loved drink better than he loved his wife. His family is in the town named above.

For several days past Miller has been drinking heavily. Yesterday he complained of pain in the region of the heart. Just what time he went to bed is not known, but this morning his lifeless body was found.

Justice Dana T. Smith was notified and ordered the body sent to Evans' undertaking parlors. It is not likely that an inquest will be held.

MEMBERS OF ART INSTITUTE.

A proclamation was issued by Gov. Cutler today by which he appointed the following as members of the state art institute board to succeed the old members whose terms have expired: John Hafen, Springfield; Leo G. Richards, Salt Lake; J. Leo Fairbanks, Salt Lake; A. B. Wright, Logan; W. S. Stevens, Salt Lake; Miss Margaret Keogh, Salt Lake.

CHICKEN THIEVES ABROAD.

Chicken thieves appear to be very busy in the southern and southwestern parts of the city from reports received at the sheriff's office. Today A. J. Andrews, who resides at Eleventh South and State streets, reported that his chicken was robbed last night and about a dozen valuable fowls less. Two deputy sheriffs are investigating the case. There have been several other robberies of the same nature reported in the past few days.

CZAR ISSUES PARDON MANIFESTO

Amnesty to Those in Prison, Those Not Yet Tried, and Those Convicted But Not Sentenced.

MANY CONDITIONS ATTACHED.

Some Get Commendation—Decree Includes Political Offenses Committed Up to October 30.

St. Petersburg, Nov. 4.—The text of the imperial manifesto granting amnesty to political prisoners signed by Emperor Nicholas yesterday declares that by virtue of the intention expressed in the manifesto of Oct. 30, to accord the population inviolable principles of civil liberty, free pardon is granted to political criminals of various categories, which are enumerated, and also to participants in strikes, and those responsible for breaking contracts. The pardon extends to those now in prison and to those not yet tried or on whom sentence has not yet been pronounced. Persons convicted of crimes committed over 10 years ago are to be released and will be sent to the Siberian colonies. Those who are now colonists as they are will be allowed after four years to choose their place of residence, but are prohibited from living in the capitals, St. Petersburg and Moscow, for three years. Convicts not falling under these categories have their sentences reduced by one-half and persons condemned to imprisonment for life have their sentences reduced to 15 years imprisonment. The amnesty extends to all prisoners who benefited by previous manifestos. Persons arrested by imperial or administrative order are released. Those condemned to death are to have the penalty commuted to 15 years imprisonment at hard labor.

The amnesty decree includes political offenses committed up to Oct. 30. All parties except the Radicals hail the imperial manifesto as a great advance toward a satisfactory form of government and the abolition of the evils of the ancient regime of the empire. The manifesto is hailed as a great step toward the realization of the liberal demands in two important particulars. Count Witte has set his face firmly against the demand for a national militia. He insists that the organization of such a force would simply place arms in the hands of the revolutionary organization and enable them to bring an uprising about, in which the monarch would suffer as much as the government. TRAGEDY FOLLOWS A DOMESTIC QUARREL

Mrs. James D. Brennan Kills Three of Her Children, Shoots Another and Then Shoots Herself.

Minneapolis, Nov. 4.—Mrs. James D. Brennan of this city quarrelled with her husband last evening and after he had gone to work attempted to kill her four children and herself. She shot and killed two of the children and wounded the other two. One of these died at the hospital and the other cannot live. The mother shot herself in the breast and it is believed will die.

The dead are: Lizzie, aged 15, shot through temple. Arthur, aged 6, shot back of right ear. Arthur, aged 13, shot in the head. Thomas, aged 13, also shot in the head. Appearances indicated that the boys had struggled desperately to escape.

PHILADELPHIA CITY PARTY SURE OF VICTORY.

Philadelphia, Nov. 4.—After one of the most active political campaigns this city has experienced in years, leaders of the city party, the reform body organized to defeat the Republican organization, declare they are certain of victory at next Tuesday's election. More than 400 mass meetings have been held during the past five weeks under the auspices of the City party and the leaders say they have been productive of much good to the new party. An out door meeting was held today in Independence square at which officers of the City party and the reform candidates made addresses. Tonight Mayor Weaver will address several ward meetings.

The campaign conducted by the Republican organization has been quiet but its leaders claim it has been more effective than that of the reform element.

Mayor Weaver today estimated the City party majority at 100,000. Speaking of the campaign William T. Tilden, chairman of the city party's campaign committee, said: "Our battle has been the battle of the taxpayer against the thug, the honest man against the grafter, the honest citizen against the dishonest. We have kept open the way for them to fight their battle. They have done so and I predict an overwhelming majority for reform throughout the city and into the treasury office of the state."

James L. Miles, Republican city chairman, State Senator James P. McNichol, David H. Lane and other prominent leaders, predict a majority of from 35,000 to 50,000 for the organization ticket.

Encounter With "Loyalists."

Tomska, Siberia, Nov. 4.—There were continued encounters here today between the "Royalists" and a crowd of Socialists, who were entrenched behind the railway track. PURCHASES FOR PANAMA CANAL.

Completed for the Present Although Requisitions for Material Are Constantly Being Received

617,500 POUNDS OF DYNAMITE

Paving of Streets of Panama Has Required Seven Million Paving Brick.

Washington, Nov. 4.—The extensive purchases by the isthmian canal commission have been completed for the present, although requisitions for material are constantly being received. These are for small lots of miscellaneous supplies. The commission has purchased or ordered 616,000 pounds of blasting powder and 617,500 pounds of dynamite, which is to be used in rocks in the line of the canal that must be removed. Thirty million feet of lumber has been purchased, about 23,000,000 feet coming from the Pacific coast. The paving of the city of Panama has required the purchase of 7,000,000 paving brick, while 2,500,000 brick are to be used in the construction of buildings and quarters for the workmen. Besides the engines used by the Panama railroad, 120 locomotives have been bought for excavation work, also 1,200 flat cars and several hundred dump cars. The flat cars are used for excavating and are unloaded by cranes which scrape the earth from a hole in the ground. Spreaders are then used to move the earth from the railroad track upon which the cars are operated. To build these excavating lines, 5,000 tons of steel rails and 125,000 cross ties, upon which the rails will be laid, have been bought. The medical supplies of the canal zone are purchased through the office of the surgeon general of the army. They include among other things guinea pigs and white mice, which are used for experimental purposes, also wooden legs of assorted sizes. Orders are filled for Bibles and playing cards, among others, in the great variety of articles purchased for the canal.

ANOTHER BUSY DAY FOR ADMIRAL PRINCE LOUIS

Washington, Nov. 4.—Today promises to be another busy one for Rear Admiral Prince Louis of Battenberg, who is visiting the nation's capital with his notable affair and will be attended ships of his command. A program which will occupy almost the entire day and evening will be carried out unless the distinguished visitor desires to forego some of the events planned in his honor. The crowning event of his visit will take place tonight when he will be entertained at dinner at the white house by President Roosevelt. This will be a notable affair and will be attended by a large gathering. The day's program will be inaugurated probably with a drive about the city and outlying country, which, rich in autumn foliage, is now seen to advantage. This will take place in the forenoon as soon as the prince has rested from the fatigue of yesterday. At 1 p. m. the prince is to be entertained by the army of the United States at a luncheon at the New Willard hotel at which Lieut. Gen. Chaffee will be the host. Two hours later the prince, his suite and a large party of prominent persons are to visit Fort Meyer, Virginia, to witness a cavalry drill, following which there will be a reception to the guests by Col. Hatfield, commander at Fort Meyer.

Be Roused, Paul de Roulle.

Paris, Nov. 4.—Paul de Roulle, the exiled founder of the league of patriots, crossed the French frontier today on his way to Paris as the result of the recent amnesty law. He was met by a number of friends, who congratulated him. His arrival in Paris tomorrow will be the occasion of a notable demonstration.

SAD DEATH OF A NOBLE WOMAN.

Mrs. James G. McDonald Called Home This Morning With Shocking Suddenness.

WAS OUT DRIVING LAST NIGHT.

Was a Devoted Wife and Affectionate Mother—Funeral on Monday Afternoon.

GIRLS TOOK A SLIDE.

How Rowland Hall Students Descended Black Mountain.

The James G. McDonald visited the home of his wife as late as 4:30 yesterday afternoon. At 12:45 a. m. she passed away, having given up her life in the cause of motherhood. The remains of Mrs. McDonald and her infant child will be buried side by side on Monday afternoon, the funeral taking place from the

conspiracy on to wreck the property and turned the paper over to Brady. It subsequently developed that Brady and Brady was the man who advanced the money and held the stock. Then trouble broke out.

EDITOR FISHES OUT.

Mr. Sheridan phased the matter before his fellow directors and Fisher was voted out of the editorial chair. The matter was taken into the courts and on one occasion Mr. Sheridan ordered Fisher and Brady out of the office at the point of a gun. They went.

DEMOCRATS WANT CONTROL.

Since that time an effort was made by the Dubois Democratic wing to get control. Others also have attempted to secure the paper. In the complaint filed yesterday it is claimed Brady wishes to oust Sheridan and take possession of the paper in order to change its policy and advance the Brady interests.

The matter is creating considerable interest here.

Mr. Sheridan claims to have put up the money together with interest, and demanded the stock back from Brady, but the latter declined to cancel the note and return the stock.

The Rowland Hall girls tried the ascent of Black Mountain recently, and all managed to get up there, notwithstanding the steepness of the climb.

Then they "capped the climax" by sliding down hill into City Creek canyon, and returning home that way. The easiest way by the mountain is to start from the end of the Third street car line, and go through the Catholic cemetery.

Eighty ward meetinghouse at 1 o'clock.

Mrs. McDonald was the daughter of John and Ann Cartwright of this city and was 38 years of age on Tuesday last. Had she lived until Tuesday she would have celebrated the sixteenth anniversary of a happy wedded life. As a mother she was all the word bespeaks and as an affectionate wife she came near the ideal. Mr. McDonald is prostrated with grief over his bereavement, his anguish was pitiable in the extreme. All that was possible to be done by human skill was attempted, and Drs. Wilcox and Richards were with her to the end.

Mrs. McDonald leaves four living children, three girls and a boy, two sisters, Mrs. Charles F. Solomon and Miss Myrtle Cartwright, and two brothers in the persons of T. H. Cartwright and John Cartwright, all of Salt Lake. Mr. McDonald is well known throughout the west as a prominent business man and president of the Deseret Agricultural & Manufacturing society.

TROUBLES OF CAPITAL NEWS.

Stockholders Meeting Indefinitely Postponed Pending Outcome of Suit.

(Special to the "News.")

Boise, Ida., Nov. 4.—The annual meeting of stockholders of the Boise Evening Capital News has again been postponed indefinitely, pending the final determination of the suit brought by R. S. Sheridan, the business manager, against J. H. Brady, chairman of the Republican state committee. This much was agreed to by stipulation today among the attorneys representing both sides in the controversy.

This step was taken out of consideration for J. H. Brady, who came here a few days ago to attend the meeting, but who was stricken with typhoid and is now in the hospital here.

This means that in all probability the suit will be carried eventually into the supreme court before a decision is arrived at. In the meantime Mr. Sheridan remains in possession of the office and the paper. Yesterday Mr. Sheridan applied for an injunction restraining Mr. Brady and his associates from voting the stock of the Capital News company held by them at today's meeting, and direct them to give Sheridan proxies to vote such stock.

STORY OF THE DEAL.

Mr. Sheridan, Charles H. Fisher and W. J. Darcy owned 100 per cent of the stock and that belonging to Sheridan was turned over to a middle man as security for a loan. Last spring Sheridan became convinced that there was a

FINLAND HAS WON HER FREEDOM

So States a Dispatch from St. Petersburg to the London Times.

DEMANDS SUBMITTED TO CZAR

Keystone of the New Constitution is Responsibility of Secretary of State and the Diet.

NO SEVERANCE OF GRAND DUCHY

Presence of Russian Warships Off Helsingfors is Intended to Signify This Fact.

London, Nov. 4.—The second edition of the London Times today, which appeared about 1 p. m., published the following dispatch from St. Petersburg, dated Nov. 3:

"Finland has now her freedom. A manifesto embodying all the demands presented by the popular delegates at Helsingfors to Prince John Obolensky, the governor-general, will be submitted by Secy. of State Linder for the imperial signature at Peterhof tonight. The keystone of the new Finnish constitution is the responsibility not of the monarch, as hitherto, but of the secretary of state and the diet."

"The presence of Russian warships off Helsingfors is intended to signify that although the emperor grants constitutional freedom, he intends to prevent the severance of the grand duchy from the empire."

RUSSIAN WARSHIPS ARRIVE.

Helsingfors, Finland, Nov. 4.—Three Russian battleships, a cruiser and 10,000 troops have arrived here from Revel. The warships are anchored in the harbor.

The general strike continues. The situation is threatening on account of the attitude of the Socialists. The other classes are disposed to be content with the imperial manifesto. There is no light and no communication by railroad or telegraph with the interior. A single wire is working intermittently to St. Petersburg.

With communication with Helsingfors practically interrupted, a report is current in St. Petersburg today that a revolutionary government has already been established at Helsingfors and that the troops have delivered up their arms to the revolutionists. Dispatches received from Helsingfors recently, however, do not show that affairs have reached the stage of an open revolution there.

UNFROCKED CLERGYMAN TO BECOME RUSSIAN PRIEST

New York, Nov. 4.—The cordial relations between the Russian church and the Protestant Episcopal church in the United States are threatened, says the World, through the action of Archbishop of Moscow, Russian bishop resident in New York, in agreeing to admit to the priesthood Rev. Dr. Ingram N. W. Irvine, an unfrocked priest of the Episcopal church, Episcopal clergy all over the country declare that union of American Anglicanism and the Russian church now seems further removed than ever before.

The Rev. Dr. N. W. Irvine, formerly rector of St. Johns church, Huntington, Pa., was deposed from the ministry by Bishop Ethelbert Talbot, who charged him with practices not consistent with his calling. Appeal was taken twice by the deposed priest, but he never regained his standing in the Episcopal communion.

When the Russian cathedral was visited yesterday it was learned that Bishop Tikhon was not at home. A young man said: "Yes, Dr. Irvine will be made a priest on Sunday."

POLLING PLACES CHANGED.

Changes in polling places are announced as follows: District 25—Annex First Baptist church. District 31—E. J. D. Roundy, 542 West First North street. District 32—J. Seeley, 851 West First North street. District 28—P. L. Beattie, 10 First street. District 42—De Valley, 1133 First street.

IDAHO STOCK RANGE.

Governor Gooding Says it is Not Very Good Condition.

Gov. Gooding of Idaho said this morning that the stock ranges in his state were not in as good condition as might be desired, but as there is plenty of hay in the country to carry the stock through the winter, there is no occasion for apprehension, and the livestock will pull through all right.

As to the sheep situation, the government inspectors had complimented Idaho growers on the freedom from anthrax, but that shortly all quarantine limitations will be declared off. Gov. Gooding believes that Idaho has the best record of any state in the Union, on the sheep question.
