

TWO PAINFUL ACCIDENTS.

Ernest Rossiter Falls From Building—
Mrs. Rossiter Also Hurt.

Ernest, the 19-year-old son of William Rossiter, is lying in a grave condition, the result of falling from the roof of his father's house. The accident occurred this forenoon while the lad was engaged in painting. Being engrossed in his work he lost his foothold and fell to the hard ground, a distance of about two stories and a half. He was picked up for dead and carried into the house and Dr. Richards was summoned. He found the boy's right wrist in a frightful condition, a fracture having been inflicted and the comminuted bones were protruding through the flesh. The doctor had him removed to the Holy Cross hospital in an ambulance where he carefully dressed the injured wrist and administered what comfort he could. Despite the terrible condition of his wrist, Ernest complains most of his stomach, the

pain emanating from that portion of his body being very acute. This would naturally indicate that there was some serious internal derangement, but Dr. Richards says it is not necessarily so. The injured boy's pulse is about normal and the doctor says that he cannot say at this time whether there has been internal injury. Indicated serious enough to warrant grave apprehension as to his recovery, or whether he is suffering only from the shock. He would not, however, regard the boy's life as being in immediate extreme danger.

Ernest is a student at the Latter-day Saints' university and employs his Saturdays in working about the home, and was engaged in painting his father's house when he met with the accident.

MRS. ROSSITER INJURED.

Mrs. Myra Rossiter, wife of William Rossiter, was driving east on First street last evening about 6:30 when a man driving a single horse with a lumber wagon coming from the east ran into her carriage and upset it. Mrs. Rossiter was thrown violently to the ground, wrenching her left leg very severely. The accident occurred in front of the home of Governor Wells, and a large number of people were attracted to the spot. As soon as the driver of the lumber wagon saw what he had done he whipped up his horse and got out of the way. The carriage, which was but slightly damaged, was placed upright and Mrs. Rossiter, after being assisted into the seat, was escorted home. Besides the painful injuries received about her left leg she was severely bruised about the body. It will be several days before she will be able to be out again.

COZLOGOSZ'S FATHER

Will Visit His Son if Latter Desires to See Him.

Cleveland, Ohio, Oct. 26.—Although the brother and brother-in-law of Leon Cozlogosz, the murderer of President McKinley have been at Auburn, N. Y., about a day, nothing has been heard from them by Paul Cozlogosz, the assassin's father, and he does not yet know whether he will see his doomed son alive again or not.

"If the boy wants to see me, and the police will let me see him, I will go there at once," said the father through an interpreter.

The father has from the first been desirous of bringing the body of the assassin to Cleveland for burial, and Waldeck Cozlogosz and Thomas Bandowski went east to arrange for that. Although no arrangements for the interment have been made, the father says he will bury the assassin's body in Cleveland if he has to buy a lot outside of a cemetery and form a cemetery of his own.

Up to noon today Paul Cozlogosz, the father of the assassin, had received no word from his son, Waldeck, who is

AN INTERNAL REMEDY.

A Pleasant Tasting Tablet Simple, Convenient; Cures Every Form of Catarrh.

The use of inhalers, douches, sprays, salves and powders for catarrh is a nuisance and inconvenience at the best, and cannot compare with antiseptic remedies in tablet form for internal cure.

Internal remedies are the only ones which can really reach the seat of the disease which is in the blood and local applications can do more cure catarrh than rheumatism or kidney trouble, the excessive secretion in nose and throat being local manifestations of a deep seated poison in the blood. Stunt's Catarrh Tablets, the most successful of the various internal remedies, is composed principally of highly concentrated antiseptics, which destroy the catarrh germs in the blood and causes them to be eliminated through the natural channels.

Progressive physicians use and advise Stunt's Catarrh Tablets because they contain no cocaine, no opium, no narcotic drug whatever, but are composed of Gualico, Hydrastin, Red Gum and similar catarrh antiseptics, and are so safe and pleasant that even the child may use them with excellent results.

Catarrh sufferers who have wasted time and money on local applications should not despair of a radical cure until a trial of Stunt's Catarrh Tablets has been made.

A complete treatment may be purchased at any drug store for fifty cents.

now at Auburn, N. Y., in consultation with the prison authorities in reference to the disposition of the body of the assassin after his execution. The father is willing to have the body brought to Cleveland for burial, but the matter lies with Waldeck, and until word is received from him the father is at a loss as to a statement for publication. The elder Cozlogosz said he expected a letter from Waldeck today, the mail facilities will not permit the delivery of a letter from Auburn earlier than Sunday morning if not Monday morning.

Regarding the place of interment of the body of the assassin, it can be stated on authority that if he dies repentant, his body will be given what is known as Christian burial, that is, burial in consecrated ground, but further than this no religious services will be accorded him, and no public church services can be held over his body. He is what is known as an "extraordinary" case, and the bishop of the diocese has jurisdiction over it.

COZLOGOSZ'S BROTHER AT AUBURN.

Auburn, N. Y., Oct. 26.—Cozlogosz's brother, Waldeck, and a brother-in-law arrived at the prison late this morning. The former was admitted, but the wardens were not satisfied as to the latter's identity and he was not allowed to enter. It is believed that the visit has something to do with the claiming of the remains of the assassin after his execution.

nel which is kept secret because it is the one through which the negotiations with the brigands are conducted.

Negotiating for Miss Stone's Release.

Constantinople, Oct. 26.—Negotiations with the brigands from Nuluk, in the province of Salonica for the release of Miss Ellen M. Stone, the American missionary and her companion, Mme. Tsilka, are progressing satisfactorily and the officials here hourly anticipate important developments.

Washington, Oct. 26.—The state department has not heard of the reported opening of communication between the missionary agents in Turkey and the brigands who kidnapped Miss Stone. In fact there has been word from Mr. Eddy and Consul Gen. Dickinson since yesterday morning when their messages were of a negative character so far as news is concerned. Nevertheless the department is satisfied that its agents are acting with energy combined with prudence, especially does it credit Mr. Eddy with a display of zeal in his effort to relieve the condition of Miss Stone.

FRENCH NATAL PROGRAM.

When Completed Will Make France as Invulnerable on Sea as on Land.

Brest, France, Oct. 26.—Presiding at the launch today of the armored cruiser Leon Gambetta, the minister of marine, M. De Lannesson, said she was one of a new contingent of upwards of 100 warships, each of which would possess perfect fighting qualities. Unless unforeseen difficulties occurred abroad, the naval program would be completed in the time fixed by the chamber and then France would enjoy at sea the same security that her numerous battalions assured her on the continent of Europe. While the French vessels were more costly, they were also worth more than the ships of other maritime nations.

The French navy was directing its efforts to the fighting quality of its ships rather than to numbers. Only strong nations could hope to honorably preserve peace and liberty.

Milner Hopes to Visit Natal.

Pietermaritzburg, Natal, Oct. 26.—Lord Alfred Milner, replying to an address from the corporation, October 25, said he hoped his visit to Natal would lead to a few tentative steps in the direction of his desire, "Peaceful and prosperous South Africa, one great community under the British flag."

"But," added Lord Milner, "let us not count on it coming in a hurry."
