serious and probably fatal injury o young E. A. Wilson of this place, at a young E. A. Wilson of this place, at a town called Needles, in southern Call-fornia. The young man left here some time ago in search of employment. He had just reached the town, and, to make some money, collected a crowd of citizens and for a wager of what money the crowd could make up he would leap from a 50-foot pole to the ground. He then passed his hat, securing the small sum of \$3.60. Twelve men volunteered to hold the canvas net. On reaching the the top of the pole he hesitated a min-ute and then leaped off. As his body shot through the net and struck the ground, a cry of horror arose from the people who witnessed the mishap. Wilson was unconscious when picked up. His bones were pro-truding through the flesh, making a sickening sight. The lower part of his spine was also injured, making it al-most impossible for him to recover.

"DO IT TODAY."

The time-worn injunction, "Never put off 'til to-morrow what you can do today," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been strug-gling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY--and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years A few dones of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread co tion has attacked your lungs, German Syrup will surely effect a cure-as i has done before in thousands of appar ently hopeless cases of lung trouble.
