

## LONG SENT UP FOR TWO YEARS.

Judge Armstrong Extends Leniency to Man Charged With Criminal Operation.

THE CASE MAY BE APPEALED.

Master Higgins on County Attorney's Expert Knowledge of Corns And Bunions.

In arguing a motion for a new trial in the case of the state of Utah against John V. Long yesterday afternoon, Judge Armstrong's court, Atty. General X. Christensen for the defense, raised the point that the court erred in admitting the testimony of County Atty. Purley P. Christensen as to whether or not the feet of the woman in the case had been treated for corns. Long was convicted of performing a criminal operation upon Dora Jensen. In his defense he testified that he had only operated upon the woman for corns. County Atty. Christensen was called in rebuttal and testified that he had examined the woman's feet thoroughly, and that they had not been operated upon for corns.

The attorney for defendant raised the point yesterday that the court erred in admitting the evidence of the county attorney for the reason that it was not shown that he was an expert on corns. Judge Armstrong made no ruling as to whether or not County Atty. Christensen was an expert on corns, but he denied the motion for a new trial and sentenced Long to two years in the state prison. Owing to the fact that the jury recommended mercy in behalf of the defendant, the court imposed the minimum sentence for the offense. It is likely, however, that the case will be appealed to the supreme court.

**YOUNG THATCHER'S CASE.**  
Boy Who Robbed Bathhouses Will Be Arraigned Monday.

Owing to the fact that the young prisoner's father was not present in court yesterday afternoon, Judge Armstrong postponed the arraignment of Young Thatcher until Monday. The lad was arrested for robbing bathhouse patrons at Salt Lake of various sums of money, amounting in the aggregate to \$100. It is believed that the boy will plead guilty, and will be sent to Ogden to the industrial school.

**COURT NOTES.**

Suit has been filed in the district court by David C. Hannawalt against the Alta Consolidated Mining & Milling company to quiet title to five mining claims in Little Cottonwood district, known as the Battaglia, Federal Judge Nos. 1, 2, 3 and 4.

Three divorces were granted by Judge Armstrong yesterday afternoon, and in all cases the husband was the plaintiff, and the ground of divorce was desertion. Following are the cases: William P. Williams against Dora E. Williams, Eben R. Robinson against Mrs. M. E. Robinson, and John W. Way against Harriet E. Wolsey.

Suit for divorce has been filed in the district court by Alpha E. Clayton against Albert E. Clayton, on the grounds of habitual drunkenness and failure to support. The parties were married in this city on Jan. 13, 1894, and it is alleged that defendant, on account of his drunkenness, has refused to provide for plaintiff for a period of 10 years past. They have three children, of whom plaintiff asks the custody. She also asks that her maiden name, Alpha E. King, be restored to her.

Barn in Which Edward Mitchell Hanged Himself Destroyed by Fire.

The barn in which Edward Mitchell hanged himself several weeks ago, after having murdered his wife with a butcher knife, was destroyed by fire last night, and fire department officials have reason to believe that the building was purposely fired, as there was a strong odor of coal oil. The premises are at 210 south Seventh west, and the house has not been occupied since the murder took place. The barn was almost completely destroyed before the apparatus from station No. 4 could reach the scene. The loss is estimated at \$150.

San Francisco, Nov. 21, 1904.  
Dear Sir: Shortly after you commenced the treatment of your Diabetes with FULTON'S Compound, you were told that you could not notice any results, but you have a whole lot more to tell us. You are a diabetic, and you are now cured. As you are a diabetic, and you are now cured, we are specially interested in your case and would like to know how you got well. Please send us a card, and we will send you a copy of our book, "Diabetes and Diabetes as It Really Is," and a box of FULTON'S Compound. Yours very truly, J. J. FULTON CO.

Following is the reply:  
Jno. J. Caldwell, Idaho, Nov. 21, 1904.  
Respectfully,

# HEALTH is the Most Important

In buying food-articles, you must consider several things: Economy, Results, Easy Handling, Reliability; but the most important is Health.

Health means everything. In clothes, furniture, etc., if the buyer gets a poor of imitation article, the only harm is loss of money. In buying food-articles, if imitations are supplied, there is a loss of money, and probably an injury to health—which is beyond price

**A Warning to Mothers.**

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel trouble. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to grip. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy, and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by all druggists.

## OGDEN SINGERS CHARM HEARERS.

Splendid Entertainment Given at The Exposition Auditorium Heard by Many.

MISS GATES RECEIVES OVATION.

Chorus Reveals Predominating Characteristics of Choral Work and Scores Instantaneous Success.

To the work of the Ogden choir at Portland, the Journal of Wednesday last pays this tribute:  
Germany boasts of her canaries—Utah of her nightingales. And Utah will not remove her hat.

In the auditorium at the exposition grounds last night, before an audience that filled the main floor of the building to its capacity, while several hundred occupied the gallery, the "Mormon" tabernacle choir of Ogden rendered a concert. It was such a concert as Portlanders have rarely heard.

The Ogden choir is perhaps the second volunteer organization of its character in the land, surpassed only by the larger and older choir at Salt Lake City. Its membership of 235 represents not the voices trained by great masters, but voices that are impelled solely and purely by the love of music and that have been taught from the cradle the sublimity of song. Consequently these voices are spontaneous and are natural. They sing for the pleasure it gives them—do these Utah choirs—and not for a weekly stipend from the contribution box.

In its work last night the choir revealed the three predominant qualities of choral work—spirit, color and volume. It sang the "Soldiers' Chorus" from "The Star" with that fire which people little dreamed existed outside of the Metropolitan opera house. The ovation was tremendous and from then on the audience was ardently enthusiastic. Greater appreciation, he it said to Portland's credit, has rarely been manifested here on any occasion. And yet in Utah these choirs are regarded as a matter of course. Joseph Ballantyne, the conductor, is of the right school and competent to the end of his baton. The soloists of the choir during its local engagement are Emma Lacey Gates, soprano, granddaughter of Brigham Young, and Willard E. Welke, a violinist.

Miss Gates sang the solo in "The Hamlet" and the "Pearl of Brazil" with wonderful effect. Tonight she will be heard again. Professor Welke was tendered an ovation no less merited.

The organ accompaniments were played by John J. McClellan, organist of the second instrument in all the world—the Tabernacle organ of Salt Lake City. Although McClellan is a young man he plays with remarkable depth and technical skill. He is a composer, too, of great ability.

The choir will give its second and final concert at the Auditorium tonight, commencing at 8 o'clock.

## SUFFERED YEARS WITH COMPLICATED PELVIC DISEASES.

Hopeless Invalid Women Restored to Health and Usefulness By Pe-ru-na.

General Debility, Nervousness, Backache, Kidney Troubles, Female Weakness, Are All Symptoms of Pelvic Catarrh.

Pe-ru-na Is An Unfailing Remedy For All of These Cases.

If the reader will take the pains to glance over this article, it will be noticed that three American women make frank, unequivocal statements concerning Peruna.

They were chronic and hopeless victims of pelvic catarrh.

Now, they are healthy, happy and useful women.

The symptoms of catarrhal weakness, systemic catarrh and female catarrh are very numerous.

No two cases are exactly alike. The symptoms most frequently met are general debility—kidney trouble—loss of flesh—had complexion—tired and worn-out all the time—aches and pains—unable to stand long at a time or to walk any distance—periodical cramps—displacement of pelvic organs—ovarian troubles—throbbing—trembling—flushes of heat—nervous—headaches—chronic dyspepsia—constipation—insomnia—irritability—easily frightened—brown spots before the eyes—dizziness—roaring in the head, etc.

Anyone or more of these symptoms mean that the victim has chronic systemic catarrh which is undermining all the bodily functions and weakening every nerve center.

Such women are liable to become bedfast, or, are induced to submit to some surgical operation in complete desperation.

**Operations Unnecessary.**

A short course of Peruna is sufficient to convince any woman in such a condition that there is a remedy that is able to come to her relief.

Thousands of women have already discovered this, but, there are tens of thousands of others who need to know it.

Any woman who reads these lines and feels that her case is described in whole or in part by the above symptoms should lose no time in giving Peruna a fair trial.

Those requiring special advice should write to Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, when they will receive a prompt reply to their letters, free of charge.

**Eight Years of Pain—**

**Praises Peruna for Her Recovery.**

Mrs. L. Mahaffey, 110 Seventh street, Portland, Ore., Chairman St. Patrick's Circle, writes:

"I suffered for eight years with prolapsus uteri and a painful, inflamed condition, which at times compelled me to go to bed, as I was unable to stand on my feet."

"I tried different remedies which brought only temporary relief until a friend told me how she had been cured of ovarian trouble by the use of Peruna and advised me to try it. I used it for two months with surprising results."

**Sick Thirteen Years—Well Woman**

**To-day Thanks to Pe-ru-na.**

Miss Louise Carr, 103 S. New Jersey street, Indianapolis, Ind., writes:

"I have had my share of sickness. For

thirteen years I have not known what it was to draw a well breath, and it is thanks to Peruna that I am well today. I suffered with general weakness, female complaint and severe kidney trouble. Peruna cured me."

**Suffered Three Years—Recommends Pe-ru-na.**

Mrs. A. L. Orrison, 1005 E. Franklin street, Richmond, Va., writes:

"After three months' trial of your remedy, I am cured of painful menstruation."

"After suffering untold agony for three years, and spending over a hundred dollars and finding no relief, what- ever, I began taking Peruna under the advice which you so kindly gave me."

"I shall never cease to be thankful for this, or recommend Peruna to all women whom I find suffering from the above ailment."
