SUNDAY CLOSING IN KANSAS CITY

U. S. Judge Pollock Severely Criticizes State Judge William H. Wallace's Ways.

HOW TO SPEND THE SABBATH.

Not Judge's Punction to Say Long as Man Conducts Himself in Law-Abiding Manner.

Kennes City: Oct. 25,-United States District Judge John G. Pollock methods of Judge William II. Walson county. Me., who is endeavoring to close the Kansas City theaters on

The temperary order of the United States court restraining officers of the state courts from interfering with Sunday theater performances in Kansas City was under consideration. Judge Poltock took the case under advisement, and said he might announce his decision first week. The offeet is to continue the temporary injonction in force, Judge Pollock

"This is a very remarkable cases It is charged that a judge of one of your courts her not conducted himself in a fair, just and impartial manner. He has sempaneled his own jury and has intered his covered to the country and has intered the grand jury room while the jury was deliberating, thus violating deliberately the presentant that such deliberations should be secret and shorted." It cannot understand how a lodg of a court could consider for a moment a persecution such as has been threatened in this case. It is just a much the duty of an officer of the law to see that the innecent do not suffer as it is to prosecute those who offend against the law. The bill before me alignes that the grand jury. This is a very remarkable case, I

law to see that the innocent do not suffer as it is to prosecute those who offend against the law. The bill before me alleges that the grand jary, under the instructions of Judge Wallace, has threatened those prosecutions against the actors merely as a part of a scheme to bind them out and that there is no real intention to arrest these persex. I personally do not go to the theater on Sunday, but I do not think that any indge should set up his own convictions in the matter as to the law, or to dictate to any man how he shall spead the Sabbath, a long as he conducte himself in a law-abiding manner. I shall investigate this matter, and of it speedily, and if I find that I have the power to stop these prosecution I shall do it. Some one should have the Presect to stop in and stop this persecution which is charged and not refuted."
