

Let the principle embodied in the above sentence uttered by Chief Justice Hunter be the guiding star of Federal officials in Utah, and there will be no cloud of trouble arise between them and the masses of the citizens.

Local and Other Matters

FROM FRIDAY'S DAILY, AUG. 29.

White Frost.—A slight frost was noticeable in the lower part of the city, early this morning.

Runaway Boy.—Freddie Rowe, a boy 15 years old, short and stout, with a scar under his left eye, has disappeared from his master's place and has not been seen by his mother or friends since Tuesday morning. His mother is nearly distracted, and any information left at Bishop Hunter's office concerning the lad will be thankfully received.

Radical Change.—The change in the weather since the shower the other evening is remarkable. Previous to that the mercury was soaring up among the nineties, now it hugs the figures 25 degrees below. The temperature in the daytime is most agreeable, winter clothing being donned by some, and at night bed clothes are as much of a luxury as ice cream was a week ago.

Coming Home.—Apostle Orson Pratt, who has been absent in Great Britain for over 8 months, is on the way home and will reach Salt Lake next Tuesday evening. He left Liverpool on the 16th inst. on board the steamship Nevada, and sent a telegram from New York yesterday morning announcing his safe arrival at that port and his intention to reach home as stated.

"Junction" Items.—The Congressional labor committee are expected in Ogden to-morrow morning, on their return from the west.

The great bell on the Catholic church was placed in position yesterday morning. It weighs 1,000 pounds.

The Union Pacific engine attached to a train of freight cars, ran off the track near the freight house, yesterday afternoon. No particular damage.

Birthday Surprise.—On the 26th inst., Sister M. Pitchforth, widow of the late Elder Pitchforth, of Nephi, was made the recipient of a surprise, by a number of her friends, the occasion being the 54th anniversary of her birth. The occasion was a most happy one, the esteemed lady receiving many congratulations for the past and present, coupled with innumerable good wishes for the future.

Escape of Prisoners.—From yesterday's Junction, we learn that two petty thieves confined in the county jail in Ogden, assisted by some one from the outside, who must have furnished them with a steel saw with which they sawed the bar of the door in twain, escaped from confinement Wednesday afternoon, and, leaving an impudently humorous note, bidding good bye to the jailor, left for pastures new.

The Dispatch of last evening states that one of the escapades was Henry, the man who robbed Nelson's room at the Globe Hotel, protested his innocence with tears when arrested, and but recently made an abortive attempt to escape; the other is Davis, who stole a pair of pants from Tribe's store, the other day.

"Dispatch" Notes.—Mr. Sam Brannan, the first Mormon colonizer of California, passed east yesterday.

The Graham defalcation still holds the attention of the Ogden public.

The ceremony of laying the cornerstone of the new central school-house in Ogden and the dedicatory exercises took place yesterday morning as announced, a large number of citizens being present on the occasion. The dedicatory prayer was offered by Judge Richards, speeches in the interests of education were made by Mr. Stanford, Prof. Monch, Prof. Atherly, President Richards and Mr. D. M. Stuart, and the services came to a close.

New Papers Served.—Just previous to the adjournment of the Supreme Court last evening, and before the Executors had left the court room, Marshal Shaughnessy served copies of the following paper upon Hons. George Q. Cannon,

Brigham Young and Albert Carrington:

In the District Court of the Third Judicial District of Utah.

Emeline A. Young et al., plaintiffs.

vs.

Geo. Q. Cannon et al. defendants.

To George Q. Cannon, Brigham Young and Albert Carrington:

We are informed that you still retain in your hands \$147,835.52 of the personal assets or proceeds of assets, of the estate of Brigham Young, deceased, and not yet transferred to the undersigned receivers appointed in said action; we therefore demand of you, and each of you, the said sum and every part thereof, and we identify the said moneys as still in your hands in contemplation of law, and required to be paid over to us as such receivers as follows:

\$50,677.37 falsely credited to you on your account as percentage and compensation as executors of the estate of Brigham Young, deceased.

\$10,938.45 falsely credited to yourselves on your account as executors for interest on loans of money pretended to have been negotiated by you on behalf of said estate.

\$31,431.48 falsely credited to yourselves on account of claims barred by the Statute of Limitations and represented by vouchers in your pretended accounts as No. 239, \$16,978.50; No. 526, \$9,427.96; No. 264, \$4,984.42; account of Sharp & Dunford, \$40.

\$53,682.22 falsely credited by you as having been paid on debts against the estate of Brigham Young, but not in fact so paid, the pretended debts for which the credit is taken, being in fact debts of John W. Young, if any existed.

\$566 falsely credited to yourselves in your said account aforesaid, as having been paid to L. S. Hills as commission on sale of bonds.

\$500 falsely credited to yourselves in your account aforesaid, on account of Margaret Je Young.

All and each of said pretended credits being false, fraudulent, illegal and void, and we hereby demand the amount thereof and each and every item thereof as above set forth.

M. SHAUGHNESSY,
Receiver.

FROM SATURDAY'S DAILY, AUG. 30.

Gone East.—The Congressional Committee, charged with investigating the causes of depression in labor, who have been spending some days in San Francisco, passed through Ogden this morning on their return to the east. The members of the party are all in excellent health and spirits, and express their delight with the result of their visit to the west.

"Dispatch" Items.—The friends of J. F. Graham, the alleged Central Pacific defaulting cashier, yesterday made a successful application to have the amount of bail reduced from \$20,000 to \$15,000, and are today trying to obtain suitable bondsmen, but indications are that they will be unsuccessful.

The High School Building, dedicated a few days ago, will be built by Mr. Wm. Fife, Mr. Obed Taylor of Salt Lake City being the architect. The building is to be 70 feet long, 40 feet high, and 50 feet wide. An observatory will adorn the roof, and give an imposing appearance to the structure which, when completed, will be the most elegant and convenient for school purposes in Utah.

Sanpete News.—Bro. Geo. Farnsworth, a resident of Mt. Pleasant, Sanpete County, and a former attaché of the News, is in the city on business. He is always a welcome visitor at our office and especially when he gives good reports of the condition of the people in his section of country. The grain crop, though only about two-thirds of the common yield, is better than was expected. The hay and potato crops are almost total failures. Water is scarce and nearly everything is in a parched, perishing condition. The people feel well, and work on the Temple is being carried forward. Many of the people of Sanpete and Sevier counties have found remunerative employment on the railroad extension, most of which work, however, is now in the hands of men from Millard and Beaver counties.

"Enquirer" Items.—The fires in Payson Cañon, southeast of Mt. Nebo, have consumed \$25,000 worth of timber. The conflagration is said to have been originated by a

thoughtless youth. There is some talk of prosecuting the incendiary.

Miss Teenie Smoot, after assiduous labors of three years in the B. Y. Academy of Provo City, has offered her resignation to the board of trustees, and the faculty, of which latter body she was a member. Miss Smoot has been a careful and energetic teacher in Provo for many years, and many friends will regret her retirement from that vocation. In appreciation of her past labors in the Academy, the Board and Faculty have presented her with a handsomely executed testimonial.

Last week, two brothers named Shellenback were shot in ambush, near the Santa Rita Mountains, Arizona.

Robbers overhauled the stage at Phenix, Arizona, a few days ago. They obtained \$725 worth of valuables; 275 Mexican dollars, \$100 in gold coin, a pair of \$40 buckles, a \$35 check and the remainder in currency.

Stabbing Affray.—Last evening about 9 o'clock two men, Charles Marsden, of the 5th Ward, and Alexander McNea, of Park city, engaged in a quarrel in Ordner's saloon, Second South Street. It appears from the statement of witnesses that a pigeon shooting match which took place yesterday, between Watson and Masters, two noted shots, furnished the basis for the difficulty, Marsden urging the merits and skill of Watson, while McNea maintained for his friend Masters a greater ability in trigger pulling. Though unknown to each other, the two men talked quite warmly over the matter until finally, McNea went to the door and invited Marsden to follow him. The latter did so, and when the sidewalk was reached, he was knocked down by his powerful assailant, stamped and kicked in the face and stabbed in two places. He got up and ran into the saloon, asked for a weapon, which however he did not receive, and afterwards got into a buggy and drove to find a policeman. On returning from the City Hall he met an officer who had already arrested McNea. The latter was locked up in jail, and Marsden's wounds were dressed by Dr. Richards. The cuts, one of which is on the jaw, the other on the shoulder, are painful but not dangerous.

The two combatants were before Justice Pyper this morning. McNea waived an examination and gave \$1,000 bonds for his appearance if wanted by the grand jury.

Another version of the trouble is that McNea had engaged in a fight with some of Marsden's friends earlier in the evening, and been badly beaten, after which he went up town, borrowed the dagger, and returned with the intention of getting even with them. It is also said that both men were under the influence of liquor. The first statement of the case is generally considered to be the correct one, and if it is McNea will have something unpleasant to answer for.

One More Step.—Yesterday the attorneys for the plaintiffs in the suit against the Executors served the following notice upon the defendants' counsel:

In the District Court for the Third Judicial District for the Territory of Utah, Salt Lake County.

Emeline A. Young et al.,

vs.

Geo. Q. Cannon, John Taylor et al.,

Also all books, receipts, papers and documents relating to the sale, transfer or dis-

position of the 413 Utah Central Railroad bonds mentioned in Exhibit "A" of the records of the Probate Court of Salt Lake County, Utah Territory, report of the doings of Geo. Q. Cannon, Brigham Young and Albert Carrington, Executors of the said estate, and now in the custody of this court. TILFORD & HAGAN,
Attorneys for Plaintiffs.

FROM MONDAY'S DAILY, SEPT. 1.

Mr. Goddard's Case.—No order was made in court to-day in the case of Mr. George Goddard for alleged contempt, but it is likely that the case will be dismissed and suffered to drop.

The Church Complaint.—Arguments in the demurrer to the Church complaint against the heirs of the late President Brigham Young will be heard in the Third District Court to-morrow at 10 o'clock.

Returned.—President Taylor and party, who went north on Friday evening, returned this morning. Meetings were held in Logan yesterday. Elder F. D. Richards occupied the morning and Elder Lorenzo Snow and President Taylor the afternoon.

Normal School.—The Cache County Educational Institute closed its normal school August 29th, after a session of two weeks. A large number of teachers attended, and it was pronounced the most successful of any that had been held in Cache Valley.

Priesthood Meeting.—The regular Priesthood meeting of this Stake of Zion will be held in the Fourteenth Ward Assembly Rooms on Saturday, September 6th, at 11 o'clock a. m.

A full attendance is desired.

W. W. TAYLOR,
Clerk of Stake.

Serious Fire.—By letter from H. S., of Clarkston, Cache County, we learn that a disastrous fire occurred at that place on the 25th ult., by which Johannes H. Dahle's corral, stackyard, and granary, a quantity of hay and about 300 bushels of grain, besides some flour, a new wagon, three plows, a sulky rake, and many useful tools were consumed; loss about \$1,000. Cause, a little boy playing with matches. Bishop Jardine was the first man on the ground to help, all the people did the best they could, and a subscription has been started to help Bro. Dahle.

"Chronicle" Clippings.—Scarlet fever rages at Silver Reef.

Wine pressing is about to commence in "Dixie."

The general health is good in St. George. The weather is still dry, but cooling a little, and nights are comfortable.

There has been an exceedingly dry season in Arizona, but during the past fortnight copious rains have prevailed, which will greatly improve the crops.

A serious accident, and one which at first was considered fatal, occurred on Thursday last, to R. Curfew. He was standing with others, in the vicinity of a threshing machine when a ladder which was thrown away from the stack by one of the men, fell upon him, cutting a gash in his head and knocking him senseless. He is progressing favorably.

Centerville.—The Davis County Conference was held at Centerville on Saturday and Sunday in a large bowery erected for the purpose. It was very largely attended, President W. R. Smith, presiding. On Saturday, several Bishops and Elder Joseph F. Smith were the speakers. On Sunday, Elders C. W. Penrose and C. F. Middleton occupied the morning, and Elders D. M. Stuart, Geo. C. Lambert and President W. R. Smith the afternoon. Excellent music was rendered by the combined Centerville and Bountiful choirs.

A new rock meeting house is going up at this place, 65 x 30 feet.

in the clear, with a two story vestry 22 x 24 feet. The main room is to have a gallery on the west end. It is substantially built thus far with granite corners, and when completed will be a credit to the place, and afford ample accommodations for the people.

"Junction" Items.—Four stow-away tramps were discovered on Saturday in a freight car, bound for San Francisco. They repose in the Ogden jail.

The Y. M. M. I. Associations of Ogden this week renew their meetings for the fall and winter.

Mr. Jos. Dudley gave us the particulars of the fires at Willard, on the 19th inst., by which his house and a barn of Mr. Pettengill's were destroyed. It is supposed that the burning of Dudley's house was the work of an incendiary. The building had just been completed and everything in it was consumed; the loss is about \$2,000.

The barn of Mr. Pettengill had in it about forty tons of hay, a set of harness, and other articles; it is thought the engines of the U. & N. R. were the cause of the conflagration. It was only by the United efforts and hard labor of the people who gathered, that the residence of Mr. Marsh was saved from the destroying element.

Laugh and Grow Fat

This ancient bit of advice is well enough for "spare" people, but how about those that are already too fat? What is to become of them? Sit still and I'll tell you. After many experiments extending through months of patient investigation and toil, the celebrated analytical chemist, J. C. Allan, has perfected and given to the world Allan's AntiFat. Thus far in several hundred cases this great remedy has never failed to reduce a corpulent person from three to six pounds per week. It is perfectly harmless and positively efficient. Sold by druggists.
