## PROVO.

PROVO, UTAH. — JULY 15, 1893.

## INSANE ASYLUM.

Meeting of the Board.—A Change in the Clerkship.

The monthly session of the Territorial Insane Asylum board was held yesterday. Sumnerland, Allen, Shurtliff, Jones, Dougall and Donmerry were present; Farnsworth absent.

The medical superintendent reported the following statistics: 1,725 patients, 1,695 patients, and \$1,254.99 average amount for the month of May.

The same official reported the admission of six new patients during the past month. One patient had died, and there were now 100 patients in the asylum. Report accepted.

Superintendent H. C. Chambers has been in the Park the greater part of this week. A dinner was started that a sitting scale of wages had been adopted, but upon inquiry such was found out to be incorrect. Several propositions were made to Mr. Chambers by the miners. One man had a scale of wages which was adopted, the other had a scale of wages at a point where it would be profitable to work. This proposition would appear on the face of it to be fair, but when considering the fact that the miners were not paid for their services, and his salary was fixed at \$100 per annum.

The medical superintendent estimated the probable cost of running the asylum for the quarter ending October 1st, 1893, at \$1,100.00.

The same official informed the committee to certify the same to the Territorial Auditor. The Auditor was instructed to secure twice \$1000 warrants and one \$500 warrant from the Territorial treasurer.

Adelaide Browning was granted a divorce from J. T. Browning on the ground of desertion.

## PROVO WOOLEN MILLS.

—devoting to Continuous Operation Under Pressing Circumstances.

It was a serious, thoughtful crowd that gathered around the door of the knitting department of the Provo Woollen Mills at 8 o'clock yesterday afternoon. They were there in response to a call from the management of the company to consider the opposition concerning their employees' strike. Mr. Reed Simond, representing the management, said: "The case before the old employee of the institution. As a sole business proposition, he said, it is better to do away with the strike than to give in to it." The management did not want to do this; they preferred keeping them running and providing employment for the hands. They had on hand a stock of \$12,000 worth of wool, and there was no difficulty for the mills to start down. Expressions favoring the proposition under the circumstances were made, and on motion of one of the employers, the proposition was carried, and the men were directed to start down. The result of the vote was in favor of the proposition.

The result of the vote was in favor of the proposition.

A large delegation of Park City mining men, including David W. Miller, the general manager of the Kennecott, the Silver King, H. C. Chambers and Ed. Kimball of the Ophir, and D. A. H. Emery of the Silver King, M. C. Cole of the Greenough, others, went down to the Lake on Wednesday evening to attend the great silver meeting on the Tooele.

No report of any or bulletin ship mentioning the news, and the railroads are running in for their full share of the dullness.

Thursday the train was visited by

the men of the Silver King.
