

Yesterday week she went out and caught cold, which produced the inflammation that resulted in her death. Her parents embraced the gospel in England, when she was a child, and she was reared in the church. She was true to the principles of truth till her death. The evening before going out she sang her last song, "Scenes that are bright-est." Her infant boy lives.

The funeral will take place to-morrow at 2 p.m., from her husband's residence in the 7th ward.

**CALLED.**—We had a call to-day from J. M. Carter, Esq., firm of Marshall & Carter, who arrived yesterday afternoon from the west side of the Promontory. The grading is being prosecuted with vigor, and is progressing rapidly. Mr. Carter wishes to engage a hundred more men as choppers and hewers, and would prefer those who will keep steadily at work, and are not liable to be taken away with mining or similar excitements. He would also sub-let contracts for getting out ties. His camp, he says is pleasantly located, and with no snow near it; and grain can be got there from California, almost as cheap as in this valley.

**POLICE.**—P. W. Fisher was fined \$15 for drunkenness and disturbing the peace.

Pat Sullivan was fined \$12.50 for drunkenness.

Wm. Speckman paid \$5 for being drunk. A couple of gamblers were each fined \$100 for playing their "little game."

**SALT LAKE CITY, Feb. 10th, 1869.**

**Editor News.**—Dear sir, pure seed peas fetched \$12 per bushel to-day. I have been selling white sugar at 3 lbs for one dollar for more than a week, although I am not one of the leading merchants. Respectfully,  
JOSEPH SILVER.

#### FROM FRIDAY'S DAILY

**CONVICTED.**—Yesterday the Probate Court disposed of the case before it. Anson D. Lamb and Charles F. Andrews were indicted and charged, the latter with stealing and driving off, and the former with receiving and selling, stolen cattle. From the evidence it appeared that the cattle belonged to Benjamin Roberts, and were turned out in Cedar Valley from whence they were taken. They were brought to Mill Creek canyon and there sold to a Mr. North. Mr. North sold them again, and after passing through several different hands, the owner got track of them and obtained possession of them on replevin. The money was returned to the buyer in each case by the seller, till Lamb was reached, who produced a forged bill of sale. After a careful hearing of the case, both were convicted. Lamb was sentenced to one year in the penitentiary, with hard labor, and to pay a fine of \$500; Andrews to two years in the penitentiary and \$250 fine.

**NEW MINES.**—Major M. H. Randall paid us a visit yesterday afternoon, having arrived from Bryan. He has been running the mail between Bryan and South Pass, with much success. For some time snow-shoeing has been in use between the latter named point and Pacific Springs, and of course the cold has been much greater than in this valley.

Quite a stampede has occurred from the Miners' Delight, South Pass, and Wind River Valley, over to the head waters of the Big Horn. It is supposed that the placer mines are found said to be discovered by a party of Coloradoans in 1858, who never returned to the settlements. The stone foundation of an unfinished stockade has been discovered, and near it a tree on which had been cut with a hatchet the information that the party by whom it was done had their horses stolen by Indians and that they would return to the settlements. As they never arrived in the settlements, so far as anything is known, they most probably fell victims to the cruelty of the savages. It is believed there are rich placer and perhaps quartz mines in that locality, of which the unfortunate party alluded to are supposed to have been the discoverers; though it is said that others have at times seen indications of them.

Matters are moving along comfortably at South Pass.

**IN TOWN.**—We were very gratified to-day to have a visit from E. James, Esq., of the firm of Rounds & James, wholesale stationers, printing materials, etc., Chicago. We are indebted to the firm for numerous courtesies, and take much pleasure in recommending him to our business men upon whom he may call. The firm is a first class one in every respect. We trust Mr. James' visit will be a pleasant and a profitable one.

**POLICE.**—Mr. Myers, considerably known as a "sneezist," was on a "bender" last night, and this morning paid \$7.50 of a fine.

#### FROM SATURDAY'S DAILY.

**HOME-MADE PORCELAIN.**—Mr. William Reis, a native of Prussia, but lately of Philadelphia, called at our office this morning with some first class specimens of plain, pure white porcelain, and firebrick, manufactured in this city. The specimens, —a miniature vase and pitcher,—were fire-faced, that is, they are of a quality that will stand any degree of heat without undergoing change in form, being equal to porcelain of French or Prussian manufacture, and far superior to English porcelain. Mr. Reis says that close by this city, there is an unlimited supply of the materials necessary to manufacture porcelain, iron-stone china, window glass and fire brick of a quality that can not be surpassed in the world. This is excellent news for our Territory, and, coming from Mr. Reis, who was formerly chief director of the Royal porcelain works in Prussia, its authenticity can not be doubted.

**STATE OF THE WEATHER.**—Feb. 13th. Salt Lake City; cloudy, stormy and mild.

Logan; cloudy and mild; snowed about two inches last night. American Fork; has been snowing; snow is now three inches deep. Provo; snowing fast—three inches deep. Springville; cloudy and cold; looks like heavy storm, two inches of snow. Spanish Fork; cloudy and snowing quite hard, frost last night. Payson; snowing a little, cold last night. Nephi; had a very heavy fall of snow yesterday; it is now pleasant but cloudy and cold, snow six inches deep. Mount Pleasant; cloudy and very cold, snowing; snow eleven inches deep. Round Valley; quite cloudy, with about two inches of snow. Fillmore; somewhat cloudy and storming on the mountains, but pleasant and thawing. Beaver; very warm and sun shining. Parowan; cloudy and cold, but no snow. Cedar City; quite pleasant and fine, no snow and roads good.

**NEW BOOKS.**—At the Post Office this morning we saw Mr. Dwyer receiving and opening a large installment of books, periodicals and illustrated papers; with a fine assortment of play-books. Friend James is making a live business of the Railroad News Depot.

**MONTPELIER.**—By letter from Brother Morris Phelps we learn that they are having a very pleasant winter in Bear Lake. Snow is about six inches deep and traveling good up Bear River to the Railroad. The health of the people is good and they are advancing in faith and good works. Education and Co-operation are receiving a good share of the people's attention.

**PUBLIC DOCUMENTS.**—We are under obligations to Hon. Wm. H. Hooper, Delegate in Congress from this Territory, for interesting and important public documents.

**FUNERAL.**—The funeral of Mrs. George Showell took place yesterday afternoon. Bishops T. McLellan and S. A. Woolley officiated at the obsequies. A large and sympathetic cortege followed her remains to the cemetery.

Mr. Showell desires to express his thanks for the numerous marks of sympathy and kindness he has experienced during his bereavement.

**HOME-MADE SEWING MACHINE.**—We yesterday saw a sewing-machine manufactured by Sawdon & Webster, of the 9th Ward. It does credit to the skill and mechanical ability of the gentlemen, the difficulties to be overcome considered. It is original in pattern and design, can be furnished cheaper, it is said, than the same quality imported, and from the specimen of sewing with it we should judge it works well. It can be seen at the store of Cooper Bro's.

**HEBER CITY.**—Bro. James McNaughton, writing from Heber City, says snow is abundant, but not sufficiently so to cut off communication. The mail arrives regularly every week; the people are petitioning for a semi-weekly mail. The hay business is good, three presses being constantly employed in baling. Many persons are engaged in hauling hay to the mouth of Echo canyon, where it is said to be in great demand. Balls and parties are not much in vogue among the people of Heber City this winter, their time being given more to lectures, music and other intellectual pursuits.

**PORTAGE.**—Bro. W. H. Anderson informs us of the progress of Portage, Box Elder county. Though comparatively a new settlement, and with the usual amount of work entailed upon the people, they find time to read and patronize home papers extensively, as the lists furnished by Br. Anderson for the News and Juvenile Instructor show. Progress is the motto, and improvements are the evidence that it exists. We wish Portage success and continued prosperity.

**RETURNED.**—George Goddard, Esq., arrived this morning from the east having had quite an interesting time by the way, waiting in Iowa some days because of deep snows; splurging through the mud in Omaha; enjoying the sun-shine along the Platte valley; riding over the route of the Union Pacific Railroad, making the distance to Wasatch in a little over two days; and luxuriating in the trip down Echo and on to this city. Bro. George is rugged and hearty, and looks as if he had enjoyed the trip with its "roughing" pleasures.

**TOO LATE.**—We have received a letter from Providence, Cache Co., signed "J. H. Parker," containing the sad intelligence of the accidental killing, while in the canon on the 25th ult., of Br. George Tucker Palmer, late of Cannington, Somersetshire, England. We should have willingly inserted the letter, or an abstract of its contents, but coming so long after the occurrence of the accident, it is too late for publication. We are always desirous of obliging our readers by inserting in the News, accounts of accidents, or events of public interest, whether in this City or in any portion of the Territory, but we can not do so unless received as soon after the occurrence as possible; or before they are made public by oral reports. We hope our friends and correspondents will govern themselves accordingly.

**CALLED.**—Yesterday afternoon we had a call from Mr. W. G. Cochrane, Representing Charles W. Sanford, manufacturer of confectionery, &c., Chicago, who has been visiting among our merchants for a few days past. He left this morning well satisfied with the result of his trip and the success attending his efforts to extend the business of the firm.

#### FROM MONDAY'S DAILY.

**MEETING OF BOARD OF DIRECTORS.**—A

meeting of the Board of Directors of Zion's Co-operative Association will be held in President Young's office at 6.30 this evening.

**INFORMATION WANTED.**—Aaron Stein, Esq., Wells, Fargo & Co's. office, wishes to gain information concerning E. C. MOW-ATT, a native of Massachusetts, a machinist by trade, and who worked, it is said, sometime during 1868, with a contractor on the Union Pacific Railroad from this valley. He wrote to his friends stating that he would leave this city with a team and in company with a Mr. R. C. Davison, for San Bernardino, Cal., on or about the 7th November, 1868, since which time he has not been heard from. Any information concerning him will be gladly received by Mr. Stein.

**CALLED.**—We had the pleasure of a call from Hon. J. M. Ellis, member of the late session of the Montana Legislature, and formerly a leading merchant in this city. Mr. Ellis worked energetically for his constituents; and we have been under obligations to him for documents forwarded during the Legislative session. He is on his way east, but will remain a few days in this city to see old friends. He calculates to return to Montana some time in spring.

**CO-OPERATIVE.**—The Eleventh Ward co-operative society opened their store this morning for the sale of merchandise, &c., one block west and half a block north of the Ward schoolhouse.

We are pleased to chronicle the fact and wish them success in the enterprise.

**DIED.**—On Saturday evening at 7 o'clock, Willard Kay, only son of the late John Kay, died of diabetes at his mother's residence in the 12th Ward. Bro. Kay was 16 years of age and a boy of much promise. He had won by his unassuming and gentlemanly manners the affections of many friends, and his devotion to his widowed mother endeared him to all who were acquainted with his course.

The funeral will take place to-morrow morning at 10 o'clock, from the residence of his mother.

**FUNERAL.**—Yesterday morning, February 14th, Mary Elizabeth, only daughter of Theo. F. and Augusta E. Tracy, aged 6 years and 2 months. The funeral took place from the Townsend House to-day.

This is the second bereavement Mr. and Mrs. Tracy have had to endure within a short time, and we extend them our sincere sympathy.

**FROM ECHO.**—Our Echo special informs us that the "hurdy gurdy" establishment which disgraced that place has dried up, and the tent has been bought and is now used as a warehouse. On Saturday a couple of fellows were caught whose worldly property was a pistol and the clothes they had on, and who had been trying to relieve a couple of Irishmen just paid off, of the money they had got, to the amount as a whole of about \$450. The pistol had no chamber emptied, and the target, it seems, was one of the Paddies. The fellows will probably be committed for trial.

Another man was shot this side of Wasatch on Saturday evening, being the second "man for supper" during the week.

Justice Livingston keeps alive in the duties of his office.

**BANQUET AT HELENA.**—The people of Helena, Montana, have been giving a grand banquet to acting-Governor James Tufts, of that Territory, and the Lewis and Clark county members of the Legislature, in celebration of the success of the project to make Helena the seat of government for the Territory of Montana. From the bill of fare and other indications they must have had a grand time. The Post informs its readers that:

"Wine, culled from the vineyards of sunny lands, circulated freely, and the hearty sentiments of good will and friendship were drank in the nectar of the gods."

We should think so from reading the speeches delivered upon the occasion. Nothing but nectar, or something equally good, could inspire some of the sentiments. One of the orators says that Montana is

"A Territory fresh from the fingers of the Creator, all panoplied in jewels, with her pedestals of silver and her coronets of gold."

The writer in closing his report of the banquet says that

"Taken altogether, it was one of the most delightful entertainments that ever graced in beauty the history of Montana. Time rung out the rosy hued hours until the chimes of 'two' floated over the social board, and dissolved the gathering of choice spirits who passed out into the darkness with the recollection of the night's carnival of joy to be to them a fragrant melody while with them lingers life."

Does not that smack of that same nectar culled from the vineyards of sunny lands?
