

INTENDED TO ATTACK RUSSIANS.

Danish Minister of Marine In-
formed Were Several Japanese
Chartered Vessels at Hull.

AND THE REPORT IS CREDITED.

Minister Hayashi Says Story Must Have
Been Connected to Blind Danish
Authorities.

Copenhagen, Oct. 27.—The correspond-
ent of the Associated Press learns that
the Danish ministry of marine was in-
formed that several ships chartered by
Japanese were at Hull and intended to
attack the Russian Second Pacific
squadron in the North sea. The Rus-
sians were informed of this. The Rus-
sian authorities have credit the report.
The Danish ministry was officially in-
formed that 13 Swedish vessels had
been chartered by the Japanese to at-
tack the Russian squadron in the Bal-
tic. A Danish cruiser and a torpedo
boat were reported to be closely fol-
lowing the Japanese vessels. The Rus-
sians were informed of this. The Rus-
sian authorities have credit the report.

The shipper of the Swedish steamer
Albatross, from Hull, England, which
arrived today at Galle, Sweden, says
the vessel was chased in the Skagerrack
by a foreign cruiser, apparently a Rus-
sian, which threw its searchlight on
her.

The cruiser increased her speed,
pursued the Albatross and fired a shot,
which had no effect. The Albatross
thereupon hoisted her flag and the Rus-
sian again threw her searchlight on
the steamer and a few minutes later
began to fire. The Albatross, however,
did not stop, but continued on her way.
The Albatross's skipper then ordered the
steamer to be stopped and, with his
crew, sought refuge below. The foreign
warship thereupon disappeared in the
darkness.

Miss Rose Peterson, Secretary
Parkdale Tennis Club, Chicago, from ex-
perience advises all young girls who have
pains and sickness peculiar to their sex, to use
Lydia E. Pinkham's Vegetable Compound.

How many beautiful young girls develop into worn, listless and
hopeless women, simply because sufficient attention has not been paid
to their physical development. No woman is exempt from physical
weakness and periodic pain, and young girls just budding into woman-
hood should be carefully guided physically as well as morally.

If you know of any young lady who is sick, and needs motherly
advice, ask her to write to Mrs. Pinkham at Lynn, Mass., who will
give her advice free, from a source of knowledge which is un-
equalled in the country. Do not hesitate about stating details
which one may not like to talk about, and which are essential for
a full understanding of the case.

Miss Hannah E. Mershon, Collings-
wood, N. J., says:
"I thought I would write and tell you
that, by following your kind advice, I feel like
a new person. I was always thin and delicate,
and so weak that I could hardly do anything.
Menstruation was irregular.
"I tried a bottle of your Vegetable Com-
pound and began to feel better right away. I con-
tinued its use, and am now well and strong, and
menstruate regularly. I cannot say enough for
what your medicine did for me."

How Mrs. Pinkham Helped
Fannie Kump.

"DEAR MRS. PINKHAM:—I feel it is my duty to
write and tell you of the benefit I have derived from your advice and
the use of Lydia E. Pinkham's Vegetable Compound. The pains in
my back and womb have all left me, and my menstrual trouble is
corrected. I am very thankful for the good advice you gave me, and I
shall recommend your medicine to all who suffer from female weakness."
—Miss FANNIE KUMPE, 1922 Chester St., Little Rock, Ark. (Dec. 16, 1900.)

Lydia E. Pinkham's Vegetable Compound will cure any
woman in the land who suffers from womb troubles, inflammation
of the ovaries, kidney troubles, nervous excitability, nervous
prostration, and all forms of woman's special ills.

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of
Miss Fannie Kump, which will prove their absolute genuineness.

London, Oct. 27.—Baron Hayashi, the
Japanese minister, was asked tonight
by the Associated Press for his side of
the statement from Copenhagen, that
the Danish ministry of marine was in-
formed recently that several ships were
chartered at Hull by the Japanese gov-
ernment to attack the Russian Baltic
squadron, and that 13 Swedish vessels
had also been chartered by Japan for
the same purpose.

The Japanese minister said that no
ship had been chartered by his gov-
ernment from Hull or elsewhere to de-
stroy the Russian Baltic squadron. The
chartering and arming of 13 ships, Baron
Hayashi said, would be impossible in
these waters. It would have been nec-
essary to man them with Japanese, and
there are not enough Japanese here. At
Hull, the minister added, there are two
Japanese studying the curing of fish.

Minister Hayashi said the whole story
must have been concocted in order to
throw dust in the eyes of the Danish
ministry of marine and of the world.

Ecuadorian Worship Law.

Quito, Ecuador, Oct. 27.—A wor-
ship law which has just been promul-
gated places all the clergy and their
properties under control of the govern-
ment and forbids the entrance into the
country of religious communities. The
law declares that only Ecuadorians can
be archbishops or bishops, and it forbids
the establishment of new religious or-
ders and also diminishes the force of
the concordat.

FIGHTING AGAIN NEAR MUKDEN.

Japanese Advance to Village of
Jerdagan. Which They Are
Said to Have Captured.

CANNONADING WAS HEAVY.

Russians Attacked Unsuccessfully—
It Is Thought Serious Events Will
Not Develop for Some Days.

Mukden, Oct. 27.—Fighting began at
10 o'clock last evening southeast of
Mukden. The Japanese have advanced
to the village of Jerdagan, which they
are reported to have captured after a
fight lasting until this morning.

There was an artillery fight on the
night of Oct. 26 on the north shore of
the Shahnke river, directly south of
Mukden.

The cannonading, which was heavy,
was continued today, the Russians at-
tacking the Japanese unsuccessfully.

The fighting, it is believed, will con-
tinue up to the walls of Mukden.

At 10 o'clock last evening news was
received here that the Japanese yester-
day resumed the offensive on the
east front and made a slight advance.

It is rumored that the Japanese have
taken all the Russian positions at
Jerdagan, between Humman and
Fudapi, on the road from Mukden
to Hailuoshan, but the report has not
been confirmed and looks improbable.

It is the general opinion here that
serious events will not develop for
some days, but judging by the hurried
manner in which the Chinese are set-
tling their money affairs in Mukden
they are of a different opinion. This
morning occasional shots were heard
on the western front.

The whole army is delighted with the
appointment of Gen. Kuropatkin as
commander-in-chief of the land forces
in the far east. The one idea among
the men is to advance. There is every
indication that when the next fight
commences it will be a desperate one.

PHILIPPINE EXHIBITS.

Will Probably be Presented to
Pres. Roosevelt and Family.

St. Louis, Oct. 28.—Several exhibitors
have expressed a desire to the com-
mittee in charge of the distribution and
return of the exhibits in the Philippine
exhibition to the islands, that their
displays, which have been greatly ad-
mired by world's fair visitors, be pre-
sented to President Roosevelt, Mrs.
Roosevelt, Miss Alice Roosevelt and
Secy. of War Taft.

The presents to President Roosevelt
will include photographs of the islands,
bamboo baskets and a bamboo hat, a
handsome stationery case of fine native
woods, and a hand-made curtain of
pineapple fibre.

The gift to Mrs. Roosevelt consists
of a set of handsome embroidered han-
kerchiefs, while some of the handsomest
and rarest of the displays in the liberal
arts department, exhibited by Filipino
women will be presented to Miss Alice
Roosevelt.

Nat'l Board of Trade Meeting.

New York, Oct. 28.—Plans are being
prepared for the thirty-fifth annual
meeting of the national board of trade,
to be held in Washington, commencing
Jan. 17, 1905. Secy. Tucker has issued
circulars asking constituent bodies to
select delegates to the meeting with-
out delay. Among other matters of im-
portance to come before the board will
be a request to have the powers of the
interstate commerce commission spec-
ified. Another matter of interest to sup-
press the institution of certain reforms
in the insular service. Improvement
in inland navigation will also be re-
quested, through requests which will be
submitted asking the board to have
work on the many inland streams of the
country so that heavy cargoes may be
brought down the Ohio, Missouri and
other tributaries of the Mississippi, thus
giving the dealer the benefit of a com-
petition of rates between railroads and
steamboats.

Want Secy. Hay to Speak.

New York, Oct. 28.—Efforts are being
made by the managers of the Republi-
can campaign in New York county to
induce Secy. of State John Hay to de-
liver another speech in this borough
next week. They propose to hold the
meeting either in Cooper Union or fur-
ther down town, in Broome street. The
secretary promised to take the matter
under advisement.

More than 4,500 Republican mass
meetings in this state are scheduled
for next week. This is an average of
12 meetings in each county every night
and exceeds by far the number of
meetings held in any Republican cam-
paign in the last 12 years.

Subway System for Chicago.

Chicago, Oct. 28.—A comprehensive
subway system for Chicago will be
started before April, 1906, according to
Alderman Milton J. Foreman, chair-
man of the transportation committee
of the city council. The system as out-
lined by Mr. Foreman in an address at
the real estate board banquet will ex-
tend as far south as Twelfth street, as
far north as Chicago avenue and as far
west as Halsted street. The subway
will accommodate through traffic. Sur-
face cars will continue to carry local
traffic.

The tunnel, if the present plans are
carried out, will be divided into four
compartments. Two of these will be
for railways, the others for such pub-
lic utilities as heating and refrigerat-
ing plants, high water pressure pipes
and electric wiring. The present river
tunnels will be utilized in the new sys-
tem. Alderman Foreman explained,
while the cars after leaving the sub-
ways will be run either on elevated
structures or through alleys.

A fund of \$2,000,000 is on hand for
the beginning of the work, Mr. Foreman
stated. This sum is sufficient to keep
construction work going on two years.

A BABYLONIAN DISCOVERY.

Oldest Statue of the World Found
In Ruins of Udmun.

Chicago, Oct. 28.—Dr. E. S. Banks,
field director of the University of Chi-
cago expedition to Babylon has re-
ported the discovery of a statue which
he regards as the oldest in the world.
The statue, which was found eight feet
under the ruins of the ancient city of
Udmun, near the present village of
Bismya, has been identified by an in-
scription as that of King Daddu of
Udmun.

The statue is of pure white marble,
weighing 260 pounds and is almost per-
fect.

The city Udmun is mentioned in the
code of Hammurabi, but little is known
of it. Who King Daddu is and the
period in which he reigned is uncertain.
The earliest records do not mention
him.

MURDERESS MAKES A CONFESSION.

Mrs. Rae M. Krauss Pleads Guilty
To Murder of Step-
daughter.

ADMINISTERED POISON TO HER.

She Had an Indescribable Desire to
Kill—Sentenced to Life Im-
prisonment.

Hartford City, Ind., Oct. 27.—Indict-
ed this morning for the poisoning of her
stepdaughter, Crystal Krauss, the de-
fendant, Mrs. Rae M. Krauss, today
pleaded guilty to a charge of murder in
the first degree.

Then walking calmly to the bench she
handed Judge Vaughn a signed con-
fession, written Oct. 16, while a prisoner
in the Blackford county jail.

The audience listened intently while
the confession was being read, after
which the jury retired for 15 minutes,
returning with a verdict of guilty.

Immediately Judge Vaughn pro-
nounced sentence, which carries with it
imprisonment for life in the woman's
prison at Indianapolis, and within half
an hour the prisoner, escorted by two
officers and followed by a mob, hissing
and uttering cries of violence, was on
her way to the interurban train, which
was to carry her to prison.

The confession pleads that the crime
was committed while the defendant
was dispossessed of her senses; that
she had confessed to her husband, W.
R. Krauss, that she was prompted to
poison her stepdaughter by an indes-
cribable desire to kill.

After dealing at length with the do-
mestic relations of the family, which
the confession says were most pleas-
ant, concludes with an invocation of
God's help in supplying strength to
bear the sorrow she endures.

THE DARDANELLES.

Question of Opening Them Dis-
cussed by the Powers.

Rome, Oct. 27.—Although no request
has been received by the Italian gov-
ernment regarding the removing of in-
ternational restrictions for the passage
of the Dardanelles by ships of war, the
question has been more or less dis-
cussed since last January, when Great
Britain addressed a protest to Tur-
key against the passage of the straits
by Russian torpedo boats. While no
conclusion was reached, the attitude of
the different powers appears to be as
follows:

Great Britain is decidedly opposed.
Germany considers herself an uncon-
cerned spectator, whose interests in the
disputed matter would be neither fur-
thered nor prejudiced by whatever so-
lution might be reached. Austria al-
ways upheld the principle that the Dar-
danelles should be open to all or none.

France, because of her present ally-
ance with Russia, views the question in
a different light from that in which
she regarded it at the time of the Cri-
mean war, when, allied with England
in the treaty of 1856, which was con-
firmed by the treaty of Berlin, she fa-
vored the prohibition of warships pass-
ing the straits.

Italy, notwithstanding the intimate
relations between the houses of Savoy
and Romanoff, has no reason to
change from the attitude assumed in
the Crimean war, in which Piedmont
participated as the ally of England.

The Italian, anglophile feeling is
voiced tonight by the Tribune, a lead-
ing government paper, which calls
Admiral Rozhdestvensky a lunatic, adding
that if complete and prompt satisfac-
tion is not given war will be inevitable.

IS PIG LEAD CONTRABAND?

U. S. Supreme Court Asked to
Decide the Question.

Washington, Oct. 27.—The United
States supreme court has been asked to
decide whether pig lead is contraband
of war, and the question was argued
before that tribunal today. The con-
troversy arose in 1894 during the war
between Japan and China, and the par-
ties to it are the Northern Pacific Rail-
way company and the American Trading
company.

The case grows out of a delay of
about six weeks' duration in the ship-
ment of a consignment of 200 tons of
lead which the trading company had
sold to the Japanese government, sub-
ject to the conditions there should be
no excessive delay in its delivery. It
was carried from New York to Tacoma,
Wash., by the Northern Pacific com-
pany, but after it had been loaded on to
a connecting steamer a United States

frigate, notwithstanding the intimate
relations between the houses of Savoy
and Romanoff, has no reason to
change from the attitude assumed in
the Crimean war, in which Piedmont
participated as the ally of England.

ing government paper, which calls

tion is not given war will be inevitable.

ance papers to the vessel with the lead
on the vessel on the ground that it was
contraband.

Delay ensued and when the lead
reached its destination the war had
closed. Consequently Japan refused to
receive the consignment at the agreed
price, and the trading company was
compelled to accept \$11,000 instead of
\$38,000, the price first agreed on.

The company asks an award of dam-
ages equal to the difference and the
case turns on the question as to whether
the shipment was properly prohib-
ited, and, if so, whether the railroad com-
pany was responsible for the prohibi-
tion. The trial court decided the case
in favor of the railroad company, but
the decision was reversed by the cir-

cuit.

The case was presented by C. W.

nings of New York for the trading
company.
