The Great Paper of the West

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Will Preach Here—Rev. Dr. William Ross Lloyd of Denver will be in town tomorrow, to occupy the pulpit of the Central Christian church during the spring and summer.

Testing Devices—Several valuable devices have been added this week to the plant of the mechanical laboratory of the State University, and this branch of the institution is now claimed to be among the best of its kind in the country.

Oratorical Contest—The third of the series in the W. C. T. U. oratorical contest will be held in the First Baptist church this evening. The contestants are Elvira Bong, Florence Nichols, Grace Courtney, Katherine MacQuarrie, Ilva Bowers, Dorothy Hanscra.

Control Telegraph—Willis Boardley says that the government has now control of the telegraph service in the Philippines, and that the telegrams are made in stamps, which gives general satisfaction. A railroad system will shortly be inaugurated, which will develop the entire country.

French Evening—It will be French evening tonight, at Unity hall where the French section of the Salt Lake High school will present two plays, "La Cigale chez les Fourmis," and "L'Humoriste." Twelve girls will sing the "Marseillaise," and Miss Helen Hartley will play a violin solo.

New Army Legation—A new army legation has been adopted and will be introduced at Fort Douglas this summer. It is without the lace used on the present legation and faces in front. The troops at the post held the regular monthly muster and inspection last evening when there was a review and parade in full dress uniform.

Guard Smoker—The Signal corps of the National Guard held a well-attended smoker last evening, 35 members being present, and the evening was quietly spent with music and refreshments. The program for the evening, was the slight of hand work of J. S. Barker. The signal corps is considered the crack organization of the guard, and is in fine shape.

High School Alumni—The High school alumni will meet next Wednesday evening in the Packard Library hall to stir up more enthusiasm and interest among the alumni in the work and the progress of the High school. Principal Eaton is to speak, Miss Berghoff will sing, Miss Marjorie Brooks will appear with her violin and Tod Goodwin will give a short talk.

By Labor: Not Contract—The Commercial club committee on parks and public improvements met yesterday afternoon, and decided to buy the Washatch drive for the most part by labor rather than by contract, as the bids do not conform to the specifications. A sub-committee of the Commercial club committee, consisting of Messrs. A. F. Doremus, James D. Murdoch and Adolph Richter will superintend the work.

Flower Thieves—Many complaints are being received at police headquarters these days of the theft of flowers. The pilfering is going on in all parts of the city, some very costly beds having suffered almost entire destruction. The friends of Mrs. M. Hewlett and the grounds of the Third ward meetinghouse were visited a night or two ago, and little remained in the way of flowers and plants when the thieves had departed.

Baby Clothing Needed—Mrs. Nellie C. Lane, 1549 Twentieth avenue, Oakland, Cal., writes the "News" an earnest appeal asking her friends and all those charitably disposed to send her children's clothing. She has a list of which she says there is most urgent need in Oakland. The conditions she says are so shocking that they can hardly be portrayed, and many cases of distress will be relieved if her friends will send her direct the articles requested.

Diehl Sentenced Three—John Bramble, who was arrested some time ago on a charge of improper conduct and whose case underwent a preliminary hearing in the criminal division of the city court yesterday withdrew his plea of not guilty and was sentenced to pay a fine of \$50. Clarence Berry, accused of making a criminal assault on a young girl at the Utah park pavilion, pleaded guilty to simple assault, and was sentenced by Judge C. R. Diehl to 90 days in the county jail, for beating and kicking a Kanaka named Bird, Joe Diehl was called upon to pay a fine of \$15.

New Sunday School—The Sandy Biographic met with the Grand stake authorities Sunday last with a view to establishing a Sunday school in the Granite Stake Tabernacle for the benefit of the Saints living in the neighborhood. There was a large attendance and from the interest taken, it was evident that the plan would be a success from the start. Orrin L. Miller was chosen superintendent of the new Sunday school, George A. Smith first and George M. Guest, second assistants. Mary J. Guest was chosen secretary, and Edwin W. Fisher chorister. There were a number of other officers and members.

Arrived at Queenstown—A telegram was received at the office of the First Presidency today announcing the arrival at Queenstown at 1 o'clock this morning of steamship Santry. Ainscough, Bird Allen, C. J. Keapl of Smithfield; David Smith, Richmond; Heber G. Warner, Ogden; William A. Sidmore, Preston; William J. Hadley, Brigham City; J. W. Owens, Willard; Lorin W. Preston, Idaho; Peter M. Anderson, Hear River; E. Rickenbacker, Glenwood; John P. Price, Laketown; William David, Portico; William Spackman, Lewiston; G. W. Kaford, Eureka, and James O. Smith of Manila. Besides the above named, there were many other Utah and Idaho passengers on board the Santry.

Zion's Saving Bank and Trust Company was organized in 1873, has opened over 4,500 savings accounts, and now opens an average of more than 10 new accounts every day. We want YOUR business. Joseph F. Smith, President; George M. Cannon, Cashier.

AMUSEMENTS.

Theater—Blanche Walsh in "The Woman in the Case," opens at the Theater tonight. There has been a heavy advance sale and a big reception is in store for the favorite actress.

The sale for "The Lion and the Lamb," the new well-acted play of the season, at the Salt Lake Theater, opens at the box office tomorrow morning.

Orpheum—The last three performances of the present season will be given tonight, tomorrow afternoon and evening.

Lyric—Tonight sees the last rendition of the "Cherry Blossoms." They will be followed tomorrow afternoon by a new bill.

Tabernacle—"Roney's Boys," who are to sing before Salt Lake audiences tomorrow afternoon and evening are famous for the wide range of their work. The concert is only an incident, charming and picturesque. It is the power of their music that is the winning thing in the great success they have made.

Grand—Bordering on excellence was Miss Ethel Tucker's rendition of "Queen" at the Grand last night. Scarcely had the honoree witnessed a more emotional and finely executed role, and Miss Tucker was roundly applauded by the large audience time and again. Especially was the enthusiasm at the high pitch at the close of the third act, when the deserted wife all but proclaims her identity to her husband, whom she had not seen for five years and who in the meantime had become blind, in the presence of his fiancée and his father. The wife who had suffered so much and yet still loved went violently insane. The acting of Miss Tucker at this point was distressingly realistic and the entire audience was moved by strong waves of emotion.

The support was good without exception. What Brandon as Lord Walter Huntington, the husband, was at his best, and shared honors with Miss Tucker. There was a marked evenness among the remainder of the cast, and not one could be justly criticized unfavorably. The play and players took well with the audience. Queen will be the bill tonight and Saturday evening, with a matinee tomorrow.

RHEUMATISM. Why suffer from this painful malady when one application of Chamberlain's Pain Balm gives relief? Hundreds of grateful people testify of the magical power of this remedy over rheumatism, even to the most chronic cases. For sale by all druggists.

CORP. TANNER COMING.

Commander-in-Chief of the National G. A. R. Due May 9.

Corporal James Tanner, commander-in-chief of the national G. A. R., will arrive in this city on the evening of May 9, accompanied by members of his staff, to take part in the annual encampment of the Utah G. A. R. on the following day. The sessions are to be held in Odd Fellows hall during the day, and in the evening there is to be a banquet in the parlors of the Commercial club, and after that time will be speeches from Governor Cutler, Mayor Thompson and Corporal Tanner.

The reception of the commander-in-chief is in charge of a committee comprising ex-Governor Heber M. Wells, chairman; Colonel M. M. Kaighn, secretary; O. F. Davis, treasurer; J. G. McDonald, Colonel George F. Squires, E. H. Clark, Fisher Harris and J. W. Houston. Colonel Squires, who is a member of the committee, was a corporal Tanner's adjutant-general when the latter was commander of the department of New York and was also his private secretary when he was commissioner of pensions.

For a mild, easy action of the bowels, a single dose of Doan's Backache Kidney Pills is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

DEBATE AT VARSITY.

Utah-Idaho Representatives at Theater On May 18.

In all probability the debate between the University of Utah and the University of Idaho will be held at the Salt Lake Theater on May 18. The representatives of the local institution are George Hedger and Harold Stephens. The question that will be debated is, "Resolved, That laws should be passed compelling the management of a business combination which secures control of an industry and without discrimination." Messrs. Stanton and Halliday will represent the Idaho school, and the coming debate is the last of three between the two universities. Each side has a winning chance to its credit, and the next one will decide the championship.

VIOLATING GAME LAW. Commissioner Sharp is Hot After Greeks and Japs. Many Greeks and Japs in the vicinity of Murray and in Elk Cottonwood canyon are causing State Fish and Game Commissioner Sharp and his deputies considerable trouble these days by violating the laws in regard to fishing and hunting out of season. A number of arrests have been made but only the minimum penalty has been inflicted by the justice of the peace handling the cases, hence very little good has resulted from prosecuting the men. The violators have frequently tried to bribe the deputies to allow them to fish.

Commissioner Sharp went to Coalville today to assist in the prosecution of a man named Horton who has been dumping all of the sawdust from his mill into the stream near Oakley and thereby killing all the fish. This is considered an important case by Mr. Sharp as several other sawmills are located in the same vicinity and if successful in the prosecution of this case it will settle the authority of the commissioner to stop such practices.

IT IS DANGEROUS TO NEGLECT A COLD.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale as its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

Catarrh. Called an American disease, is cured by an American medicine, originated and prepared in the most careful of American countries.

That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleans the blood, scrupulously and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.
