

**EASTER RETAIL**  
**TRADE GOOD.**  
Volume of Business in All Branches  
Exceptionally Large.  
**ACTIVITY WAS GENERAL.**

Most Disturbing Factor Demanded by  
Blast Furnace Men for an Eight-  
Hour Day.

New York, March 28.—R. G. Dun's  
Weekly Review of Trade tomorrow will  
say:

Favorable weather greatly facilitated  
Easter retail trade, the volume of  
transactions in all lines of wearing ap-  
parel being of exceptional magnitude.  
Activity was by no means restricted to  
the specialties, however, the general  
distribution of merchandise exceeding  
that of previous seasons with prices  
well maintained. A distinct evidence  
of the vigor of the decline of only 2.4 per  
cent in bank exchanges at New York,  
notwithstanding the fact that transac-  
tions at the stock exchange were not  
more than a third of those in the cor-  
responding week last year, while at the  
other leading cities clearings exhib-  
ited a gain of 8.8 per cent over last year  
and 3.5 per cent over 1899.

Demand for an eight-hour day after  
May 1 by the blast furnace men was  
the most disturbing feature in the iron  
and steel industry, and this is not caus-  
ing much alarm, as an agreement  
publicly has been reached during the inter-  
vening month. Production is now be-  
yond all previous records, and the  
movement of coke is ample, although  
the early opening of the season has  
withdrew some of the transporting  
facilities which cannot well be spared.  
Baying has been notably active in bars  
for implement makers, and producers  
have sold their entire outputs so far  
ahead that new business is not sought.  
Many plans for immediate structural  
work have been abandoned owing to the  
insufficient supply of available ma-  
terial. On the other hand there are re-  
ports of reselling contracts for rails and  
other supplies by consumers who have  
secured larger deliveries than will be  
needed. The appearance of this specu-  
lative element would be ominous if  
quotations were more excessively high.  
Aside from the advances in har-  
dware, the market for iron and steel  
at Chicago to \$18.50, there are no spe-  
cial price changes, southern furnace  
products having decided to postpone the  
contingent advance.

A severe reaction occurred in cot-  
ton, due entirely to the excessive specu-  
lative purchases which made the mar-  
ket topsy-turvy. A slight recovery in cot-  
ton followed, but the bottom price must be at-  
tributed to aggressive option buying, as  
the statistical position is not improved.  
Subsequently there was partial recovery  
owing to less cheerful news from  
Kansas and Oklahoma, but the net re-  
sult for the week was a decidedly lower  
grade of prices. Wheat exports  
officially declined from the satisfactory  
record of 4,657,625 bushels last week to  
only 2,088,642 bushels this week, which  
compares with 3,636,532 in the same  
week last year. There was a decline  
in western receipts to 2,747,094 bushels,  
against 4,052,598 a year ago, but the  
difference in arrivals of corn was less  
striking. According to reports from the  
official returns by a Liverpool au-  
thority, there will be only 13,000,000  
bushels of wheat in this country at the  
close of the crop year, but the state-  
ment is based on reports for the last  
four months of half as much as the re-  
cording shipments of the preceding  
eight months, which is exceedingly im-  
probable. A further alteration in the  
figures should be made to allow for the  
under estimate of the total crop.

Failures for the week numbered 205.

## ROYAL BAKING POWDER

Royal Baking Powder is the great-  
est of time and labor savers to the  
pastry cook. Besides, it economizes  
flour, butter and eggs, and, best of  
all, makes the food more digestible  
and healthful.

The "Royal Baker and Pastry  
Cook"—over 800 practical  
and valuable cooking re-  
cipes—free to every  
patron. Send full address.

There are cheap baking pow-  
ders, made from alum, but  
their astringent and cauter-  
izing qualities add a  
dangerous element to food.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

In the United States, against 206 last  
year, and twenty-two in Canada,  
against twenty-nine last year.

### Senator Warren's Wife Dead.

Huntington, Mass., March 28.—Mrs.  
Helen Warren, wife of Francis Warren,  
United States senator from  
Wyoming, died yesterday at the home of  
State Representative H. N. Stanton.  
She was Mrs. Stanton's only sister and  
had been spending the past year in the  
hills of Massachusetts in quest of  
health. Senator Warren and her two  
children were at her bedside. The  
funeral will be held at Cheyenne, Wyo.,  
Wednesday next.

### Half-Breeds and Farmers Fight.

Guthrie, O. T., March 28.—Early to-  
day a pitched battle occurred between  
two half-breed Indians, George and  
John Curtis, and two farmers, James  
Smith and William Thompson, near  
Smith in the Choctaw nation. The lat-  
ter were preparing to plant corn when  
the Indians appeared, heavily armed,  
and began firing. The fire was re-  
turned by the farmers and the battle  
continued for some time, both parties  
shooting from ambush. Smith was  
seriously wounded and George Curtis  
killed from his wounds. The fight was  
the result of an old feud started two  
years ago when John Curtis killed a  
brother of William Thompson and shot  
this same Smith in the abdomen, near  
his hip. No arrests have as yet been made.

A Battle Abbey for Confederates

Atlanta, Ga., March 28.—A number of  
veterans of the civil war composing the  
Confederate Memorial association, near  
here today for the transaction of busi-  
ness in connection with the movement  
having for its object the location of the  
confederate museum. Gen. C. Evans of  
Atlanta, president of the association,  
Col. A. G. Dickinson of the board of  
New York is the representative on the  
board of the estate of Charles Broad-  
way. The association is planning the  
founding of a battle abbey in the south,  
providing a like sum be raised by  
subscription. It is practically cer-  
tain that the battle abbey will be se-  
lected as the place where the hall will  
be built. The meeting was devoted to  
hearing the reports.

## HANNA IS NOT A CANDIDATE.

Tomah, Wis., March 28.—Senator  
Hanna has written a letter to C. W.  
Croty of this city, stating that he is  
in no sense a candidate for the presi-  
dency in 1904, and requesting his friends  
to discourage any movement to that  
end.

Croty wrote to the senator some  
days ago, and yesterday received the  
following autograph reply, dated Wash-  
ington, March 22nd:

"I have just received your letter of  
the 19th instant, and wish to assure you  
of my thorough appreciation of the  
high compliment paid me in your sug-  
gestion in reference to the nomination  
for 1904. I am grateful for such friend-  
ship and confidence, but will say in re-  
ply that I am not in any sense a can-  
didate, and trust my friends will dis-  
courage any movements looking toward  
that end."

### Colorado Exhibit at St. Louis.

Denver, Colo., March 28.—Two of the  
features of the Colorado exhibit at St.  
Louis exposition will be a number of  
suits of fish and an aquarium filled  
with native fish. Commissioner  
Harris, head of the Colorado fish and  
game exhibit, has begun to collect a  
number of head of fish in the state, which  
will be sent in molasses until the time  
arrives to ship them to St. Louis. The  
principal feature of the live animal ex-  
hibit will be a herd of five buffalo, sup-  
posed to be in Lost Park.

### New York to Use Voting Machines.

New York, March 28.—Voting ma-  
chines may be used at future elec-  
tions in New York City. The question of  
adopting the machines was discussed  
at length at a meeting of the board  
of election commissioners today and  
it was announced afterward that the  
board of the board of the board, who  
stood alone in opposition, has given  
his consent. It will cost the city  
about \$600,000 to install the machines.

### SENSATION IN BUTTE.

Alleged that J. C. Paulsen Did Not  
Suicide but is in Germany.

Butte, Mont., March 29.—A sen-  
sation has been caused here by the de-  
claration in court of testimony and a  
former associate and business partner  
of John C. Paulsen, former state archi-  
tect, that the latter had not committed  
suicide two years ago, and is reported  
generally believed, but that he was still  
alive and probably residing with his  
family in Germany.

### WISHES UNCLE SAM GOOD LUCK

London Times Hopes for Good Re-  
lations with Cuba.

London, March 28.—In an editorial  
this morning the Times compares the  
future relations of the United States  
to Cuba to the former relations of  
Great Britain to the Transvaal and  
expresses the hope that the United  
States will have better luck than  
Great Britain. The Times says:  
"In any case the conditions are vast-  
ly favorable to the United States, for  
practical success must depend upon  
making Cuba solvent and prosperous.  
It is to be hoped that Congress will  
adopt the president's broad views, for  
unless Cuba is fostered and helped  
economically and commercially the pro-  
tectorate may be expected to give con-  
siderable trouble."

### Students' Class Fight.

Mattison, Ill., March 28.—A class fight  
between 30 students of the high school  
at Charleston occurred last night at a  
farewell reception tendered by the sen-  
iors to Prof. W. W. Willis, who resigned  
as principal. The seniors were attacked  
by members of the junior and sopho-  
more classes. Will Miles, a promising  
athlete, had his jaw broken. Several  
other students were injured.

## PIONEER TO BE BURIED TOMORROW.

JAMES S. BROWN.

The funeral of the late James S. Brown will be held from the Assembly  
hall on Sunday at 12 o'clock. It is anticipated that these last offices over  
the mortal part of one of Utah's most illustrious pioneers will be attended by  
an immense throng. His name is known and honored throughout the state  
and the wonderful stories of his adventures and sufferings will be a theme to  
inspire courage and devotion to truth, so long as there is left a son for the  
good and the heroic. It would be difficult to state in just what phase of his  
career the virtues of James S. Brown appeared the strongest. As a mem-  
ber of the Mormon battalion he was all that a soldier could be and more than  
the average man would have been; as a scout and Indian fighter, he was  
brave, prudent and humane; as a missionary in the South Sea Islands he  
stood true to his post while savage man-eaters were hungering for his flesh;  
as husband and father his course was the same manly, undeviating path of  
uprightness. His was one among those immortal spirits that hewed out this  
commonwealth and left the impress of their noble lives on the hearts of their  
people.

## THE VIRGINIA SUFFRAGE PLAN.

Richmond, Va., March 28.—A suffrage  
plan has been finally agreed upon by  
the constitutional convention of Vir-  
ginia, under which it is expected the  
negro vote will be practically eliminat-  
ed.

It provides that voters shall pay a  
polltax of \$1.50; shall be able to read or  
understand when read to them the  
constitution of the state, and shall be  
able to make application for the right  
to register in their own handwriting  
in the presence of the registrars.

The "understanding" clause is only  
to be in effect until Jan. 1, 1904. The  
other features are permanent. Con-  
federate soldiers and their sons are ex-  
empt from the understanding and ap-  
plication clause.

### Peace Prospects Doubtful.

New York, March 28.—Some little  
time is likely to elapse before the re-  
sult of the consultation between Messrs.  
Schalkbarger and Steyn can be made  
known says a London dispatch to the  
Tribune. It is generally presumed that  
the Boer leaders in the Transvaal are  
ready to accept the inevitable, but if  
Mr. Steyn and Gen. De Wet are in the  
same frame of mind as Dr. Leyds there  
is no immediate prospect of peace.

The British government is being  
warned by its supporters in the press  
against the danger of granting condi-  
tions which, while seemingly innocent,  
would yet hang like a millstone around  
the neck of future administration of  
the new colonies.

The Saturday Review considers that  
the attitude of the Boers themselves  
and the attitude of the continental  
powers and the United States make it  
imperative that no terms should be  
granted which could by any possible  
process of distortion be twisted into an

### KILLED A WOULD-BE ASSAULT.

Mrs. G. B. Walker Shoots J. S. Judd  
of Chicago at Las Vegas, N. M.

Las Vegas, N. M., March 28.—Mrs.  
G. B. Walker this afternoon shot and  
killed J. S. Judd of Chicago in her  
rooms in this city. Judd had gone to  
her rooms and tried, she alleges, to  
assault her, she being alone at the  
time. The bullet entered his head just  
below the ear, killing him instantly.

Judd was 55 years old, and was re-  
puted to be wealthy. He has three  
sons, who are physicians. One is a city  
physician of Topeka, Kan.; another  
medical director of the Montezuma  
hotel, Las Vegas.

Mrs. Walker is a health seeker. She  
is the wife of an Iowa farmer, and  
came here from Miles, that state. She  
freely admits killing Judd, but says  
she was justified in doing the deed. It  
is expected her husband will start for  
this city immediately.

### A Gold Medal for Bravery.

Washington, March 28.—The secre-  
tary of the treasury has awarded a  
gold medal to Elmer Mayo for his  
heroic services in rescuing Seth  
L. Ellis at the recent Monomoy, Mass.,  
disaster, in which the entire life-saving  
crew of the Monomoy station, with one  
exception, were killed.

### Forged Town Warrants.

Tipton, Ind., March 28.—It was  
stated today that the alleged forger-  
ies of township warrants may ap-  
pear to be a serious matter, but the  
presence is desired here, is said to be  
in Hot Springs, Ark. Johnson, it is  
said, was doing a large business at  
Anderson, representing bridge manu-  
facturers, steam-heating contractors,  
furniture men and school supply firms.  
He is an ex-member of the Indiana  
legislature from Madison county, ex-  
superintendent of public schools of  
Madison county, and was at one time  
owner of the Anderson Democrat.

## BOERS ESCAPE FROM BRITISH.

Kitchener Had Fifteen Hundred  
Within His Cordon.

### WORKED A CLEVER RUSE.

Imitated English Formation, Gained  
An Opening and Got Through  
Unobserved.

Pretoria, Transvaal, March 28.—  
About 1,500 Boers under Delarey, Lie-  
benberg, Kemp and Wolmarans were  
within the area of Lord Kitchener's  
latest movement, but though surprised  
by the rapidly displayed by the Brit-  
ish troops, gaps in this latter's lines  
enabled most of the burghers to es-  
cape. The Boer prisoners totaled 179  
men, including Commandant H. Krug-  
ger and former Landrost Neethling of  
Klerksdorp.

From the first prisoners captured it  
was learned that Gen. Delarey himself  
was outside the actual cordon, having  
slept some distance westward, but Lie-  
benberg, Kemp and other Boers were  
inside the columns of the troops. The  
first body, consisting of about 50  
Boers, sighted at 10 o'clock in the  
morning, March 24, retreated at full  
speed, making for a gap between the  
British columns.

A race for the opening ensued. Brit-  
ish mounted infantry, which had al-  
ready ridden upward of 50 miles,  
pressed their tired horses until many  
of them gave out, when the Boers  
jumped off and raced forward on foot.  
Some of the mounted men, however,  
were able to gallop right into the gap,  
just ahead of the burghers, whom they  
met with a warm fire. These troops  
also succeeded in driving back another  
body of 300 Boers who were forced to  
desert the guns they had captured  
from the Van Donop convoy, south-  
west of Klerksdorp in February.

The Boers tried to get through sev-  
eral openings, but on each occasion  
were forced to double back until they  
ultimately found a gap and passed out  
of the British lines, within sight of  
Klerksdorp. Night fell before the  
pursuing columns could overtake the  
Boers.

Five Canadians who fell out of their  
columns and tried to work their way  
back were surrounded by a Boer force  
and made a splendid defense. But,  
finally, seeing their case was hopeless,  
four of the Canadians surrendered.  
The fifth, however, refused to throw  
down his arms and continued a singu-  
larly hand fight until he was killed. This  
was regarded as one of the most heroic  
incidents of the day.

The Boers were given by Liebenberg  
and several hundred men, taking ad-  
vantage of the confusion of the  
British columns, which charged in  
arrangement to that of a British col-  
umn. Moving close to one of the nu-  
merous gaps in one of the British lines,  
they succeeded in reaching it and in  
getting safely away before their ruse  
was discovered.

The guns captured from Von Donop's  
convoy were brilliantly recaptured by  
the British horse, which charged up to  
the muzzles of the artillery and rode  
the Boer gunners off their feet before  
the latter had a chance to fire.

### STUDENTS DISMISSED.

Halted Young Women on Campus  
And Examined Their Feet.

Columbia, Mo., March 28.—For halt-  
ing young women on the campus and  
examining their feet, nine students of  
Missouri university have been dis-  
missed, and the names of others are be-  
ing secured with a view to similar pun-  
ishment.

The girls were on their way to a  
banquet in the Academic hall given by  
the Scottish horse, which charged up to  
the muzzles of the artillery and rode  
the Boer gunners off their feet before  
the latter had a chance to fire.

One young man thus afflicted was  
identified as he stepped into the light  
of the main entrance. The mob tore  
his skirts to tatters and dragged him  
away. After this the besiegers were  
suspicious, and as the guests ap-  
proached those who were girls, or ap-  
peared to be, halted and dragged him  
forward their feet for examination.  
Nearly all submitted to the ordeal with  
surprising good nature.

### SILVER BROS. IRON WORKS.

A Brief Recital of Its Thirty Years'  
History.

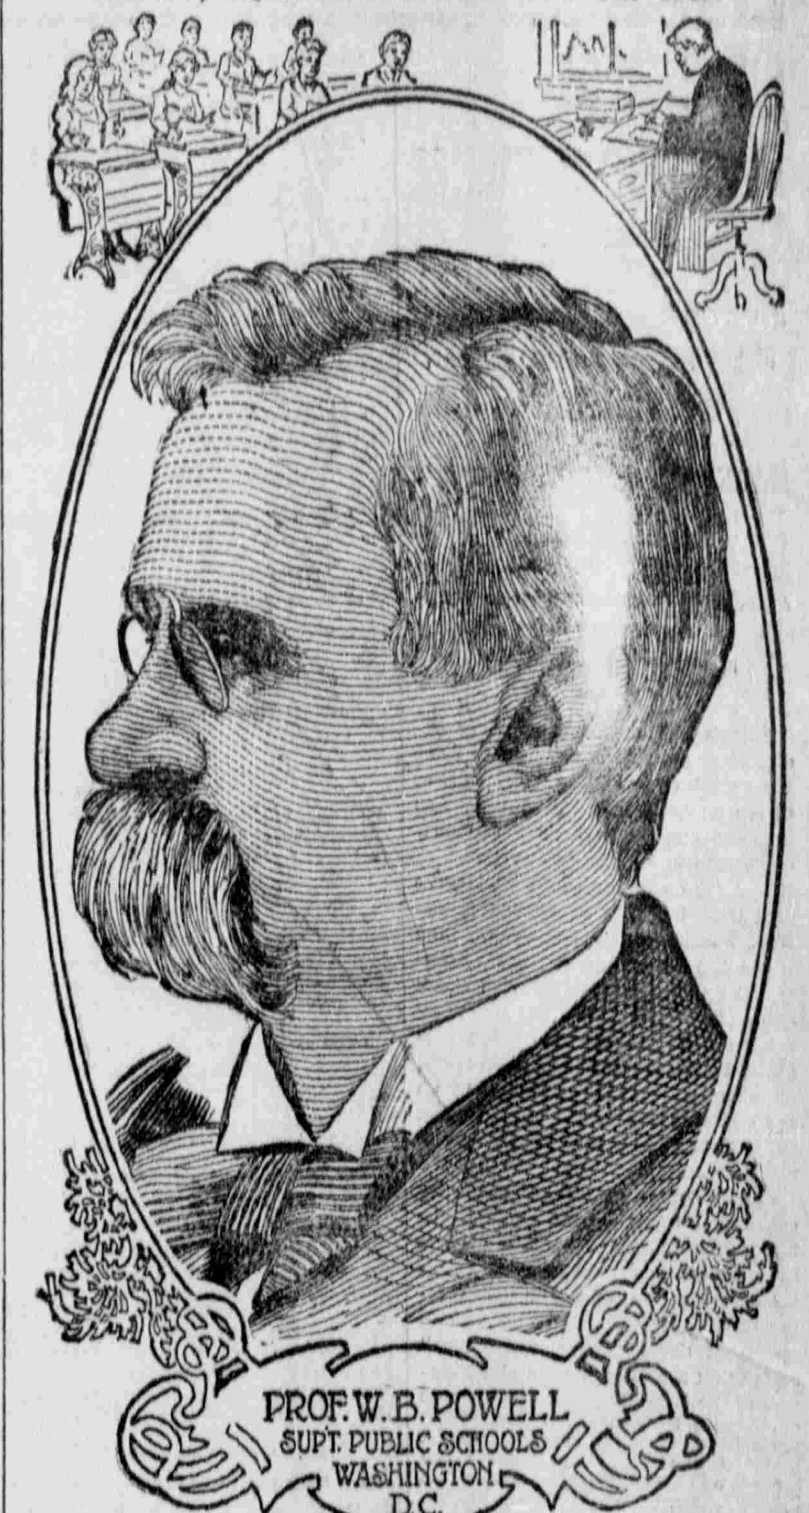

Away back in the early '70s, when  
Salt Lake City was but a frontier town,  
and its manufacturing interests still in  
embryo, Wm. J. Silver, an experi-  
enced mechanic, imbued with the ambi-  
tion and sturdy principles that are  
characteristic of Utah's pioneers, es-  
sayed to establish a foundry and ma-  
chine shop. His conception may be  
said to have marked a new era in the  
city's growth, and to him the residents  
of this city, and, indeed, the entire in-  
termediate country, are indebted for  
the magnificent plant that is now, so  
ably conducted by his three sons, Jo-  
seph A. Silver, John A. Silver, and Hy-  
rum A. Silver, under the firm name of  
the Silver Bros. Iron Works Co.

"Tall oaks from little acorns grow" is  
a maxim as old as the majestic oak  
itself. Equally true is the fact that  
mammoth industries from humble birth  
arise. The plant of these gentlemen is  
a case in point. Not only do they man-  
ufacture structural iron work, but, their  
business includes castings of all de-  
scriptions, and mining machinery, in  
every form. The location of our city  
makes it a natural supply point for  
practically every mining camp in Utah,  
and it is gratifying to be able to state  
that the mining men of the various  
camps have long recognized the ad-  
vantage of placing orders for machin-  
ery with local firms when possible, the  
Silver Bros. Iron Works Co. have al-  
ways had their share of the patronage  
from this class of work.

They were the successful bidders and  
were awarded the first contract for all  
iron and steel work on the Deseret  
News building, amounting to over \$12,  
000. They have also been awarded the  
contract for furnishing all the struc-  
tural iron work on the "Annex," this con-  
tract alone amounting to over \$25,000,  
making a total of over \$37,000 for iron  
and steel work. This was the largest  
single contract awarded any firm in  
the construction of our new home.  
The personnel of the firm is as fol-  
lows: Joseph A. Silver, John A. Silver,  
Hyrum A. Silver; these gentlemen are  
all skilled mechanics and learned their  
trade under the supervision of their  
veteran old mechanic, Wm. J. Sil-  
ver. They are too well known to re-  
quire introduction at the instance of the  
"News." Suffice to say that they have an  
enviable reputation for business integ-  
rity and are esteemed by all who know  
them.

## SUPERINTENDENT OF SCHOOLS

Professor Powell, of Washington,  
D. C., Recommends Pe-ru-na.

Prof. W. B. Powell, of Washington, D. C., is one of the best known educators  
in the country. For fifteen years he has been Superintendent of the Public  
Schools of Washington, which is considered the best school system in the United  
States. Professor Powell is the author of a number of school-books which are  
used throughout the United States.

This well known gentleman does not hesitate to recommend Peruna to his  
countless friends and acquaintances all over the United States. In a recent letter  
from 1410 N. Street, N. W., Washington, D. C., to Dr. Hartman, of Columbus, Ohio,  
he says:

"Persuaded by a friend I have used Peruna as a tonic, and I take  
pleasure in recommending your remedy. Peruna is indeed a good  
medicine, and should be in every household."

W. B. POWELL,

year ago, and I began to improve and  
was able to attend to my business  
without being constantly hampered by  
every kind of pain known to a human  
being. My hearing, which was almost  
entirely gone in one ear, got very much  
better. The medicine not only seems  
to cure but to prevent disease.

"This winter when every one was  
suffering from la grippe, I stood like a  
stone wall, absolutely proof against it.  
I am not a believer in 'patent medi-  
cines,' having found the majority of  
them fakes, but I do not hesitate to  
recommend Peruna as the best medi-  
cine for catarrh the world has ever  
seen. I keep a bottle of it at home  
constantly and shall continue to do  
so, because I believe it to be the best  
medicine on earth. I never leave  
home that I don't put a bottle of it in  
my grip."

A. T. WOOD,

If you do not derive prompt and sat-  
isfactory results from the use of Peruna,  
write at once to Dr. Hartman, giving a  
full statement of your case and he will  
be pleased to give you his valuable ad-  
vice gratis.

Address Dr. Hartman, President of  
The Hartman Sanitarium, Columbus,  
Ohio.

## STOP COUGHING.

You must stop that coughing at once, or before you  
know it your lungs will be affected and your life endan-  
gered by pneumonia or consumption. At this time of the  
year you must be particularly careful, as throat and lung  
troubles are hovering around, and

DEATH IS NEAR  
ofttimes nearer than you can possibly imagine. Only  
last week a strong, robust young man, in the prime  
of life, who lived in White Plains and did business  
in New York city, had a slight cough. It was so  
slight that he paid no attention to it, and in the  
spirit of bravado continued his office work. In four  
days it went to his lungs, and he died from pneu-  
monia within a week. Many such cases are hap-  
pening every day, and every one of them  
can easily be cured by

## DUFFY'S PURE MALT WHISKEY

The dose is a teaspoonful in a half  
glass of water every two hours until  
the cough is relieved. It is a SURE  
CURE. It will cure any cough in 24  
hours if the patient will use it as di-  
rected.

IMPROVED APPETITE.  
Dear Sirs: Having suffered with weak  
lungs, severe cough and loss of appetite,  
tried nearly all medicines, but without  
benefit. A few weeks ago on advice I com-  
menced the use of your Pure Malt Whis-  
key. My appetite improved almost im-  
mediately and feel my health much better.  
I shall continue its use. Respectfully,  
FLORENCE WHITING, 1106 O St., N. W.,  
Washington, D. C., April 4, 1902.

STOPPED ANEMORRHAGES.  
25 Cedar Avenue, Scranton, Pa., April 5, 1902.  
Dear Sirs:—My lung trouble is two years  
old. Had about eight or ten hemorrhages,  
which broke me down in weight and  
strength. The last, in February, was the  
worst of all so that I thought and believed  
myself that I could not see another sum-  
mer. When I commenced to take Duffy's  
Pure Malt Whiskey my weight was 117  
pounds; my weight today is 129 pounds;  
made a good improvement in every respect.  
I feel stronger from day to day; no  
hemorrhage since I used the Whiskey.—GOTTFRIED EBER.

IT IS ABSOLUTELY PURE  
Duffy's Pure Malt Whiskey cures coughs, colds, consumption, grip, bronchitis  
and pneumonia. It also stimulates and enriches the blood, aids digestion, builds up  
the nerve tissue, tones up the heart and fortifies the system against disease germs. It  
contains no fuel oil and is the only whiskey recognized by the Government as a  
medicine. This is a guarantee.  
Duffy's Pure Malt Whiskey is for sale by all druggists and grocers, or direct. Re-  
fuse substitutes and imitations. See that the trade-mark "The Chemist's Head" is  
on the label and the name "Duffy's Malt Whiskey Company" blown in the bottle.  
FREE—A medical booklet containing symptoms and treatment of diseases. Two  
pennies sent free upon receipt of four cents in  
change to cover postage. Duffy Malt Whiskey Company, Rochester, N. Y.  
Sellen-Judson Drug Co., Salt Lake City, Wholesale Agents.

## HUMORS

### Spring's Inheritance from Winter.

Waste matters which the kidneys, skin and  
other organs were too torpid (in the cold days)  
to take care of, and cannot take care of now  
without help, there is such an accumulation  
of them.

They litter the whole system.  
Pimples, boils and other eruptions, loss of  
appetite, that tired feeling, bilious turns, fits of  
indigestion, dull headaches and many other  
troubles common in Spring are due to them.

Hood's Sarsaparilla removes all hu-  
mors, overcomes all their effects, strengthens  
and tones the whole system.

Don't deny yourself its benefits this Spring.

"I have taken Hood's Sarsaparilla as a Spring tonic for  
several years and have derived great benefit from it. I recom-  
mend it to all who have that tired feeling, loss of appetite or  
impure blood." FANNIE FISHER, 2018 High St., Des Moines, Ia.

Students' Class Fight.  
Mattison, Ill., March 28.—A class fight  
between 30 students of the high school  
at Charleston occurred last night at a  
farewell reception tendered by the sen-  
iors to Prof. W. W. Willis, who resigned  
as principal. The seniors were attacked  
by members of the junior and sopho-  
more classes. Will Miles, a promising  
athlete, had his jaw broken. Several  
other students were injured.

Accept No Substitute for Hood's Sarsaparilla.
