A road was this week made to Eric ore bins and a 75-ton lot of first-class from the late strike is being hauled to depot. The trainway connection between the Tiewaukee mine and Winnamuck mill will be completed tomorrow. ready down. The King Copper claims Nos. 1, 2, 3 and 4, in Barney's canyon, this district, were lately located by G. L. and F. H. Bemls. The Chicago, now being operated under bond and lease by the Mutual Development company, of Salt Lake, with B. S. Kimball as superintendent, is outputting a good quality of milling ore. The Louise S. shipped two carloads fine ore this week, and has three more in bins awaiting teams. Stoping is progressing in second raise from tunnel level, where there are three feet of first-class. The output is seven to eight tons daily George Hirsch is still driving the Rosa tunnel, now over 900 feet in. He has had ore practically all the wayin places eighteen inches to two feet wide and of shipping quality. Last Saturday at the breast a considerable water. streak of solid lead ore was showing. W. O. Carbis with a couple of mining men last Sanday visited the Kremlin company's property, which has been

man gulch.

## MINING NOTES.

#### H. C. Luck, of the Annie Laurie is in the city.

The Taylor-Brunton sampler reported four cars of ore from Bingham today. The Mystle Shrine of Bingham

reached the market today with another car of ore. Two more cars of lead ore were on the market today from Moylan C. Fox's

Colorado property in Bingham. The second consignment of bullion reached the city yesterday from the Annie Laurie at Gold Mountain.

Manager F. M. Taylor of the Taylor-Brunton Sampling company reached the city today from Denver. A car of concentrates was on the

market today from the Queen mill of Butterfield Mining company in Bingham. Some very fine samples of coppe

are have ben received by B. T. Lloyd from the O. K. in Beaver county. One of the samples show native copper. Mercur Miner: Another consolidation

is being worked up for this district. This is a consolidation of the Anderson group and adjoining properties lying north of the Overland. The intention is to secure the Manning mill to work the ores. Charles F. Lange of Boise, Ida., in-

tends treating the low grade ores of Atlanta by a new process which consists of wet crushing or stamp process, free milling on electro-copper plates, run-ning the concentrates on Frue vanners the chlorination of the sulphurets gained by the concentration process. Bingham Bulletin: The Telluride

Power Transmitting company now has its Bingham branch connected with its generating plants in Logan and Provo aryons, so that in the event of either becoming temporarily disabled there will be no suspension of power.

Balse News: There is a big Italian excitement on in camp at present over an unbounded \$20 gold bearing ledge discovered on Louise creek, four miles south of Delamar. It is reported that twenty-eight claims are located every mahogany bush on the adjacent is being brought into requisitions to witness more locations.

Several conferences have been held this week between officers of the Bing-ham company and the Dalton & Lark people at the head of whom is P. L. Kimberley. Nothing has been released for publication. No transfers have yet been made and it is probable that for certain very good reasons nothing will be given to the public for several days Grading is nearly completed for the

# Caused Some Buying by the Long Accounts of Speculative Favorites.

#### Poor Bank Statement Brought Out Large Blocks of Stock and Forced Prices Down.

New York, June 8 .- Prices as a rule were lower at the opening under the influence of declines in London this morning. Southern Pacific and St. Paul were forced down over a point. The low prices reached in the first few minutes of trading by the speculative favorites induced some buying of the long account, and the shorts attempted to reduce their lines, causing a pretty general cancellation losses St. Paul in fact rising 24 points to 1694. There was confident ab-sorption of the southwestern railroad stocks led by Missouri Pacific which old up 2% in all to 11815. Other strong eatures were Continental Tobacco features preferred, American Snuff common and preferred. Iowa Central other minor railroads and Amalgamated which gained 103%, the last leading. Linseed preferred lost 3 of its 3% late dvance yesterday, and Denver & Rio

Grande was a point off. Large selling of Steel checked the upward tendency and there was a slow lownward trend until the appearance of the bank statement. The large inroads upon banking reserves revealed by the statement brought large blocks of all the leading stocks upon the market and forced prices below the open-ing low level. Declines from the best ran from 1 to 2 points for the princi-pal active stocks. Steel lost 1%, the preferred 1%, St. Paul 3%, Rock Isl-and 3. Missouri Pacific and Union Paific 2%, and Amalgamated Copper Some support was forthcoming at the reaction and prices rallied in some cases a point, but sold off again, making the closing active and near the
