

DESERET EVENING NEWS.

Friday, December 4, 1898.

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—"The Merchant of Venice" was produced yesterday evening in excellent style and should have attracted a much larger house than it did. We wish to impress it upon the minds of our citizens, that a long time will elapse before we see again upon our boards such a brilliant combination of talent, which the Management has engaged at a great expense. Mr. McCullough's "Shylock" was an even and artistic performance. Madame Scheller's "Portia" was a beautiful illustration of the rich and refined heiress and in the fourth act her acting called forth rapturous applause. Mr. Waldron and Mrs. Waldron were enthusiastically received by the public, in the afterpiece, entitled "The First Night."

To-night we are to have Schiller's famous drama "The Robbers" with a powerful cast. Mr. McCullough as Charles de Moor, Mr. Waldron as Francis, Madame Scheller as Amelia. Madame Scheller will sing several songs during the performance. Mr. McKenzie plays the old Count de Moor. The piece will be brought out in every detail.

Tomorrow evening "Richard III." with Mr. McCullough as Richard, Mr. Waldron as Richmond, and Mme Scheller as Lady Anne will be produced.

END OF THE TRACK.—We learn that last night the track was laid about eleven miles west of Bear River, and that Gen. Casement had telegraphed to Dr. Durant that he would be compelled to suspend operations for four or five days, waiting the completion of the grading on the heavy cut near where Yellow Creek emptied into Bear River, on Messrs. Nonnan & Co's contract. There is a heavy force of men at work on the incomplete part. With this finished the cars will be at the head of Echo in about five days. The locomotive is expected to whistle at Echo City before Christmas yet.

COMMENDABLE.—A much needed improvement is being made in the 6th Ward. The residents have "come out" liberally for the purpose of graveling the side walks and crossings. The work, it is expected, will be finished in a few days from now. Pedestrians will be able to go as far as the adobe yard without the aid of a boat. We would like to see all the Wards situated in the lower part of the City pattern after the 6th Ward in this matter.

MARRIED.—In this city, on the 2nd Dec., 1898, by President D. H. Wells, Miss Sarah Welsh, formerly of Market Drayton, Shropshire, England, to Mr. W. S. Lewis, of Moroni, Sanpete Co.

DO, PLEASE!—Two or three individuals kept up for a while a running fire of small talk last night in some of the elevated circles in the Theatre, to the annoyance of the audience. We would suggest that if the same persons feel disposed to take another turn at it during the performance, they should request the performers to suspend till they get through, for it is very annoying to those who by not being able to hear such a conversation by a set of players distracting their attention and interfering with the talk. Failing this, should they persist in talking, would the ushers politely request them to "dry up" or go outside?

ACCIDENT.—On Thanksgiving Day, at Oheye, while Professor McDaniel, of "Tom and Jerry" fame, was attempting to remove a collar from the neck of one of his pets—a young bear, the brute made a grab at his hand, causing a pretty severe bite in one of his fingers. So says the Leader.

HORSE THIEVES CAPTURED.—Sam Dugan, a notorious horse thief, and a man named Foley, at the same time, were captured by a party of cavalry, at the Natural Fort, a few miles from Cheyenne City on the evening of the 24th inst. The thieves were placed in safe keeping at Fort Russell, while the Leader says will probably save Dugan from being hung.

STATE OF THE WEATHER.—Open, showing and raining; American Fork mild and pleasant; Payson, cloudy, looks like storm, but pleasant; Panguitch, cold and cloudy; Nephi, warm and cloudy, indications of a storm; Moroni, cold and cloudy, appearance of a storm; Mount Pleasant, cold and cloudy; Fillmore, cold and cloudy; Cove Creek, mild, but very stormy, looks like a storm; Panguitch, cloudy and mild, with indications of a storm; Cedar, mild but very cloudy, like a storm; Tropic, mild and cloudy; St. George, cloudy and very cold, looks like snow soon, thermometer 31.

SMALL POX IN VIRGINIA.—The Smallpox is still raging in Virginia City, Nevada. The Safeguard of the 21st says:

"This disease is still spreading, there being in the city, Little Rock, a case, which has been taken by the authorities to arrest its ravages. Between the White Pine fever and smallpox, it may be reasonably anticipated that Virginia will soon be depopulated."

COME AT LAST.—Stormy weather seems to have set in. Snow commenced falling about noon to-day, nightly at first but has kept increasing up till the time of going to press. It would scarcely be fair to grumble at such an unusually long spell of fine weather as we have had until now. The denizens of these valleys have been patiently tossed in the tempest of the present season.

UNHEALTHY CHANGE.—The Virginia Safeguard lets off the following on day sleepers, who are increasing in numbers in more places than the burg where the Safeguard is published:

There is perhaps no place in the United States with an equal number of inhabitants where there is so much day-sleeping as in Virginia City. Take the miners employed in our mines on the night watch and add to them the "sports" and "rascals" generally, and it will be found that fully one-fifth of our adult population do not rise before three or five o'clock in the afternoon. In this age of steam and electricity the leaders of the "ton," too, seldom make their appearance before 9, and many of them not until 11 a. m. This, of course, is a decided improvement on the old fogeyism of our grandfathers' days, and we suppose, therefore, that it is right. It is not unusual, in fact a common occurrence, to meet people as late as 7 or 8 p. m. who salute you with "Good morning, sir," "How are you this morning?" etc. We expect it will soon be fashionable not to get up until the next day.

ON A TOUR.—By letter from Elder Edward Stevenson, dated Gunnison, Sanpete Co., Nov. 27th, we learn that he and Elder Robert L. Campbell were then on a tour, preaching and visiting the schools in the settlements. They left this city on the 17th ult., and had visited most of the settlements as far as Fillmore and were in Sanpete Valley. They found things generally in a satisfactory and flourishing condition, and were enjoying their visit.

Special Notices.

WANTED, IMMEDIATELY at this Office, twenty-five cords of wood and ten tons of coal.

Bankers and Merchants from the east endorse the fact that the system of Commercial Training in the Deseret University, is the most complete and the most practical in America.

CHARTER OAK STOVES
Are a Home Institution!
Made for and specially adapted to the wants of Western people. They combine great weight, distributed to the best advantage, with beauty of design and perfection of manufacture.
Charter Oak Cooking Stoves were first introduced to the public in the year 1852, and at once took the lead, and have ever since grown in favor, until there are now a GREATER NUMBER SOLD DAILY than any Stove in the market. Over ONE HUNDRED THOUSAND are in daily use, and we offer every stove as reference, wherever it may be found. When our new patterns were made, all recent improvements were united, and we confidently offer the
NEW CHARTER OAK
AS THE
Heaviest, Best Constructed, Most Uniform and Quickest Baking Stove in the market.
The Charter Oak is the cheapest first class stove ever made. Twenty-eight sizes, with and without Extension Top, sold wholesale and retail by
