LOCAL AND OTHER MATTERS.

THEATRE.—Last night falconer's play of the "Fire Fly" was presented, to a rather slim assembly. The piece is not of the most taking character imaginable, during the first two acts there being little to interest the beholder. In the third act the interest increases, and the battle scene between the French and Arabs is one of the most exciting and picturesque that has been presented at the Salt Lake City Theatre. The playing of Lotta, as "Fire Fly," was sprightly and vivacious; but the type of character represented by her was not of a kind that it would be to the advantage of any young lady to copy after, its only merit, if merit it can be considered, was that it was decidedly "fast." The interest of the piece centres chiefly on "Fire Fly." Mr. Chaplin, played, as he invariably does, with care and judgment; the same may be said of Miss Lockhart. The remainder of the characters were played in a creditable manner.

To-night "Uncle Tom's Cabin" will be presented in which Lotta will appear as "Topsy;" Mr. Chaplin as "St. Clare," Mr. Dunbar as "Gumption Cute," Mr. McKenzie as "Uncle Tom," Miss Lockhart as "Eliza and Casey," Miss Dellie Clawson as "Eva." Other characters are sustained by leading members of the company.

THE NEW NORTH-WEST is the title of a paper, the first issue of which was published on the 9th inst., at Deer Lodge City, Montana. Captain James H. Mills, formerly editor of the Montana *Post*, is the editor and publisher of the *New North-West*. The materials used in the publication of this paper are new, and it presents a very handsome appearance, and promises to be a credit to the city of its publication.

MURDER NEAR CARSON.—A Mrs. Wilford was found murdered in her house, on Clear Creek, near Carson City, a few mornings since. The deceased was a widow, her husband died of the small-pox last winter, and she leaves five children, the oldest only fourteen years of age. Her life had been insured in favor of her children for $5,000. There was no clue to the murderers.

GOOD POTATOES.—Some of the finest in the world are raised here. The other day Brother James Bunting, of the 20th Ward, of this city, brought us a specimen sample of the Ash Leaf Kidney variety, of which he has raised about half an acre this season. They are an early potatoe, and are a beautiful, smooth skinned potatoe and of excellent flavor; and if generally cultivated, will prove a valuable addition to the varieties now produced here.

RIPE CORN.—The St. George *Cactus*, of the 3d instant, talks about having perfectly ripe corn there by the 26th of July, raised by Bishop Gardiner.

SUPREME COURT.—The case of Brannigan *versus* the People in appeal from the 3rd Judicial District Court is continued. Mr. Snow concluded his argument this morning on the part of the People. Mr. Hempstead follows on the same side this afternoon.

REDUCTION IN FREIGHT.—We are informed that since the 7th inst., and until further notice, freight is and will be shipped from Omaha to Uintah at $4,85 for first class; $4,25 second class, and $3,60 third class.

CROPS IN SANPETE.—Bro. Charles D. Evans, of Springville, writing on the 14th instant, says that he and Bro. Wm. Mendenhall had just returned from a visit to Sanpete. The crops look unusually well throughout the county generally. At Gunnison they had had the grasshoppers for four days in such numbers that their weight on the growing grain laid it on the ground. The result of their four days' visit was a loss of about half the crop. On Sunday last they had left Gunnison and were in Sanpete Valley in countless hosts.

Bro. Evans speaks very highly of the improvements going on at Ephraim. The people there have an excellent furniture shop, doing a good business, some specimens of work, especially several centre tables, being elegant in design and finish. They have a planing and shingle mill connected with the establishment. One of the brethren at Ephraim has cast and bored a brass cannon, which is a superior piece of ordnance.

Enclosed in Bro. Evans's letter is a specimen of cocoons, produced by Sister Whiting of Springville. The worms commenced spinning in five weeks after hatching, and out of 2,000 eggs not one failed to produce and not a worm died. The worms were fed for the first two weeks on Osage orange, and the remainder of the time on mulberry leaves.

WE BELIEVE HIM.—A writer in the Gold Hill *News* says "there are three things necessary in all matters in life,—enterprise, enthusiasm and consecration to the Almighty." We believe him. The two first are abundant the world over; but the three combined are to be found only in Utah. Enterprise and enthusiasm, under Divine guidance, led the Latter-day Saints to found an empire in the Rocky Mountains, and by "consecration to the Almighty," their subsequent success has been ensured and perpetuated.

THE "BLUE LINE"
Is the only route that offers to shippers of freight the advantage of an unbroken guage of track from Chicago and the Mississippi river to the Seaboard, and is of the
SAME GUAGE AS THE UNION PACIFIC,
over which these cars will run on completion of that road.
THE BLUE LINE CARS
Are ALL OF UNIFORM BUILD, thus largely lessening the chances of delay from the use of cars of a mixed construction, and the consequent difficulty of repairs while remote from their own roads.
The Blue Line is operated by the Railroad Companies who own it, without the intervention of intermediate parties between the Roads or Line and the public.
The facilities of the Line for making uniformly quick time are unequalled.
All claims promptly settled on their merits.
