were Japanese torpedo boats. The Russian admiral was of the opinion that his squadron fired only on these two ships. The admiral emphatically denied that a Russian warship was left behind. He declares his officers were in total ignorance of the fact that any of the Russian shots struck the trawlers and he expresses his extreme regrets and that of every man in the fleet that any of the trawlers were damaged and that any of the crews were killed or wounded.

The admiral asks what was the warship noticed hovering near the scene of the affair and declares that all the Russian warships steamed off together.

Rojestvensky further declares that two of the ships on which the Russians fired were unmistakably of the warship type.

HAYASHI RIDICULES IDEA.

Baron Hayashi, the Japanese minister, said the idea of Japanese torpedo-boats being in the North sea is not only unfounded, but is absolutely ridiculous.

France May be Involved.

Paris, Oct. 27.—A categorical denial was given this afternoon to the report from London that France has notified Great Britain and Russia that she would not become involved in the present difficulty if it assumed an extreme aspect.

POWERS AT HEBER.

Advises His Hearers to Vote the Democratic Ticket.

Special Correspondence.

Heber City, Wasatch Co., Utah, Oct. 25.—Judge O. W. Powers spoke to a large audience in the Heber Opera House last evening upon the principles of Democracy. He was suffering with a severe cold, and it was with great difficulty that he finished his speech. He made but passing reference to national affairs, confining his remarks particularly to local conditions. He denied the charges which he said have been made against him, that in case he is defeated he will join his old-time fellow-Liberals in the new "American" party, but he urged all good citizens having the welfare of the state at heart, whether Democrats or Republicans, to vote the Democratic ticket, in order that "Peace" may be restored to the state. He stated that the national irrigation law was the product of a Democratic brain and that the Republicans, during the last four years, can point to no good thing which has been accomplished by them.

D. D. Houtz, Republican candidate for district attorney, Fourth judicial district, and Harvey Cluff, Utah county chairman, will commence stumping in Wasatch county tomorrow.

WHAT'S IN A NAME?

A Good Deal When it Comes to Registration.

Owing to an error in entering the names of a number of Italians who were admitted to citizenship some time ago, two of them had the same name upon their certificate of citizenship and hence when they appeared for registration at Bingham the registrar, after looking at their papers, refused to register them. Both of their certificates contained the name, Ben Zanini. The county clerk's office was communicated with and it was found that there had been a duplication of the name in filling out the certificate. The name which should have been entered upon one of the certificates is Ben Brebtel. The Italians could not read English so they took their certificate home and did not know the difference until they appeared for registration.

RALLY AT COALVILLE.

Hon. George A. Smith Answers a Question.

Special Correspondence.

Coalville, Oct. 26.—The Republicans held an enthusiastic rally here last night, the principal speakers being Congressman Howell and Hon. George A. Smith. Both discussed national issues, Mr. Howell dealing largely with the tariff question, and Mr. Smith explaining the operation of the trusts.

At the close of the meeting J. L. Boyden, a well known Democrat, arose and asked Mr. Smith if other members of the Council of the Apostles would be permitted to do as he had done, whereupon Mr. Smith replied that he was an American citizen, and that other members of his quorum were the same; that they had helped build this country, and if they were asked to go out and talk politics the same as he, they could do so. He said he was asked by the chairman of the state Republican committee to talk at Coalville, and he complied with the request made, not as an Apostle, but as a citizen of the United States. The reply seemed to be perfectly satisfactory, as the speaker's sentiments were cheered to the echo.

Viewed With Suspicion.

Special Correspondence.

Ephraim, Sanpete Co., Oct. 24.—The misnamed "American" party is looked upon as a disturber here. The character of its motives is questioned, and why should it not be? No man can ever establish a worthy character for himself by trying to tear down that of his neighbor.

Judge Powers, C. S. Varian and James H. Moyle met with the citizens of Ephraim Saturday afternoon at 1 o'clock at the Opera House, and propounded the doctrines of Democracy. All pledged their best efforts should the citizens see fit to elect them. They were listened to attentively throughout.

Payson Politics.

Special Correspondence.

Payson, Oct. 27.—The Republicans held a rally last night in the Opera House, with a well filled house. The speakers were Grant Simons, candidate for the Legislature, and Hon. George Sutherland of Salt Lake. The issues spoken of were local, national and the irrigation question.

LEAVES FOR CAIRO.

Major Bakhati, the Egyptian Irrigation Engineer, Goes West.

Major Bakhati, the Egyptian irrigation egineer, left this afternoon for San Francisco, whence he will sail via the Australian steamer to Sydney, and thence by another line to Cairo. He expressed himself this noon, as much pleased with his examination of the American systems of irrigation, and will be able to introduce a number of American features calculated to be of benefit to the system obtaining in Egypt. He says the great dam at Assouan feeds canals on both side of the Nile, and ensures three crops per year, as far as the Mediterranean sea. He also states that the museum at Boulak has been wonderfully enlarged, a new building to cost one and a quarter million dollars being now in process of construction to contain the archeological treasures stored there. Major Bakhati also states that at present, English, French, and Arabic are the prevailing languages in Egypt, but in a few years English will be spoken by most of the people of that country. The younger generation is catching on to English very fast.

DIVORCE GRANTED WHILE YOU WAIT.

Unseemly Haste Exhibited in Untying Connubial Knots in District Court.

DECREES AFTER 8-HOUR WAIT.

Complaint Filed and Court Takes Action Both on the Same Day.

"Divorces granted while you wait" is getting to be quite the rage in this city. On several occasions lately complaints in divorce have been filed and decrees of divorce granted in the same cases on the same day. The latest incident of the "divorce while you wait" plan was in the case of Nina M. Kidder against Frank B. Kidder. The complaint was filed in the district court late yesterday afternoon and this morning at 10 o'clock a decree was rendered by Judge Stewart dissolving the bonds of matrimony. The grounds of the divorce are desertion and failure to support. The parties were married at Cambria, Wyo., on Oct. 29, 1899. By the decree plaintiff is awarded the custody of the minor child and is allowed to resume her maiden name, Nina M. Mix.

A DESERTED BEACH.

It is Now Ebb Tide on the Matrimonial Sea.

Lida Beach filed suit for divorce in the district court today against D. E. Beach on the grounds of desertion and non-support. The complaint alleges that the parties were married in Ogden on Nov. 17, 1903, and that defendant deserted plaintiff three days after the ceremony and has ever since failed to provide for her.

Lower Court Affirmed.

The supreme court has handed down an opinion affirming the judgment of the lower court in the case of the Highland Boy Gold Mining company against John Strickley, et al, appellants. The action was brought in the Third district court to condemn a right of way over defendant's property in Bingham for the construction and operation of an aerial tramway from plaintiff's mine to the railroad track. The condemnation was made by the court and the defendant's damages were assessed. From the judgment of condemnation an appeal was taken to the supreme court. The opinion of that court affirming the judgment of the lower court, was written by Justice McCarthy and concurred in by Chief Justice Baskin and Judge Bartch.

COURT NOTES.

Suit for divorce was filed in the district court today by Sophrona L. Wilson against J. L. Wilson on the grounds of habitual drunkenness and failure to support. They were married at Manti on Sept. 30, 1895, and have three children. Plaintiff alleges that her husband has become so addicted to the use of intoxicating liquors as to be a burden to her. She asks to be awarded the custody of the children and a reasonable sum as permanent alimony, costs of suit and attorney's fees.

In the case of Alfred Bell et al against Albert Fisher et al, which was tried yesterday, Judge Lewis today rendered a judgment in favor of defendants—no cause of action. The suit was brought to recover $1,820 damages for certain cabs and buggies that were destroyed by the collapse of the livery stable at 317 State street in April, 1902, alleged to have been caused by defendant undermining the foundation of the building in excavating for a new building on the adjoining lot.

OLD AGE HONORED.

Friends Pay Fitting Tribute to Bishop Thorn of the Seventh Ward.

Yesterday was the eighty-ninth anniversary of the birth of Bishop William Thorn of the Seventh ward. The event was fittingly celebrated last evening at the Bishop's home, where a large number of old-time friends and associates gathered to do honor to the worthy veteran, and to wish him "many happy returns of the day." Among those present were members of the High Council, the present Bishopric of the ward, and a number of specially invited guests. The evening was spent in extending congratulations, the rendition of an excellent musical program, speech making and feasting. Those who spoke were Henry Wallace, Henry Dinwoodey, George C. Lambert and William H. Foster, all of whom referred in happy terms to the Bishop's long life of usefulness upon the earth, and expressed the hope that he would remain here for some time to come. The Bishop responded in a few well chosen words and thanked those present for their kindly feelings. A sumptuous supper was served, while musical numbers were rendered by Miss Mabel Cooper, Arthur Day, Mr. and Mrs. Burns, and others. The honored guest was the recipient of a number of handsome presents. Bishop C. P. Margetts was master of ceremonies, a duty which he discharged with characteristic ability.

Ward Entertainments.

Twenty-Sixth Ward.—The Twenty-sixth ward fair, given for the benefit of the meetinghouse, opened last night with a crowd which taxed the capacity of the building. The ward chapel was elaborately decorated and in each corner there were handsomely trimmed booths, filled to overflowing with samples of homemade handiwork, consisting of articles both useful and ornamental. These were liberally patronized during the evening, while patrons of the fair were amused with an excellent rendition of the farce, "Pistols for Two," in which Frank Stanley, S. Fernley, Frank Dunford and Sadie Wheelhouse participated. The fair goes again tonight and will close with a grand ball tomorrow night. The program for the evening is as follows:

LIEUT. GOV. HIGGINS ON RIGHTS OF NEGROES.

New York, Oct. 26.—Lieut.-Gov. Higgins spoke here tonight at a mass meeting held in Cooper union under the auspices of the Republican Colored club of New York City. The large auditorium was filled with an audience composed almost entirely of colored people, a large proportion of them being women. Mr. Higgins said:

"President Roosevelt is hated south of the Mason and Dixon line because he judges a man by the qualities of heart and brain, which go to make up real manhood, and refuses to close the door of hope to him because of the color of the skin. Our Democratic friends apply the Constitution to the wards of the nation beyond the seas and deny its guarantees to the black citizens of the United States.

"In the congressional election of 1902 in the state of Mississippi the total vote cast in the district that sent John Sharp Williams the Democratic leader, to the house of representatives, was 1,433. In the same election in the Ninth congressional district in the city of New York nearly 40,000 votes were cast for representative in Congress.

"The Democratic party counts the negro representation, but denies him the right to participate in the choice of his representatives. White suffrage is being established throughout the solid south, so that the whites now exercise greater political power than in slavery days, when only three-fifths of the masters' chattels were counted for representative. This is unjust, not only to the negro who loses his vote in the south, but also to the voter in the north whose vote is relatively reduced in weight."

PRESIDENT AND KING.

Mr. Carnegie Gives Them in a Combined Toast.

New York, Oct. 26.—The annual dinner of the Iron and Steel institute, which was also the official celebration of the second meeting of the society in America, was held here tonight in the grand ballroom of the Waldorf-Astoria. Along either side of the banquet hall the Stars and Stripes were intertwined with the British national colors and during the evening repeated reference was made to the increasing friendship between the two great English-speaking countries.

Describing himself as a "humble disciple of the mighty apostles of peace," Mr. Carnegie proposed a toast to President Roosevelt and King Edward, saying in both rulers we have apostles of peace, from whom further services may be expected, in the first, highest and noblest of all causes, that of purging the earth of its foulest stain, the killing of human beings by human beings like wild beasts.

"Gentlemen, I give you the combined toast, probably never proposed before; to the rulers of the English-speaking race, hailing them as potent apostles of peace."

Mr. Carnegie's toast was drunk by all standing and amid great applause. The assemblage sang "My Country, 'Tis of Thee" and "God, Save the King."

To Entertain Prince Fushimi.

Washington, Oct. 26.—Mr. Takahira, the Japanese minister, spent some time at the state department today, arranging with Pierce, the third assistant secretary of state, the program for the entertainment of Prince Fushimi in Washington and St. Louis. Only at these two cities will the prince appear in his official status as adopted brother of the emperor of Japan. He is expected to arrive in San Francisco Nov. 14. He will come direct to Washington to deliver the personal message he brings from the emperor to the president. It is expected he will remain in the national capital about four days, as the round of official entertainments in his honor will require that length of time. The tour to the large cities and his visit to the exposition will follow. It is planned to take the prince to West Point to inspect the military academy, as he is greatly interested in the American army.
