Railroad Collision.

Cincinnati, O., 6.—The special

passenger train east, containing

soldiers homeward bound from

the reunion at Indianapolis, on the

Indianapolis, Cincinnati and La-

ayette Railroad, collided with a

freight train six miles east of

Greensburg, Indiana, this morning,

inuring a number of passengers.

The following are the names of

those injured: Chas. T. Allen, con-

ductor, leg and thigh crushed, in-

ternal injuries supposed to be fatal;

John G. Gifford, thigh broken; Peter

Walter, slight bruise; Isaac L. I.

Godbe, scalp wound; Casper Flor-

bach, leg arm and head wound;

John Florbach, leg broken; all of

Lawrenceburg; H. H. Haggard,

Watch the Sun.

DETROIT, 6.—The following was

received to-day:

"Conservatory, Ann Arbor,

Mich., Oct. 6.—

"The French astronomer, Lever-

rier, requests me to cause observa-

tions to be made upon the disc of

the sun on 9th and 10th, and if

possible, as far west as San Fran-

cisco. I desire, therefore, through

the associated press, to ask persons

having telescopes to keep watch of

the sun on those two days, and in

case any dark spots are seen, in

addition to those now upon its disc,

to note the position and the local

time of observation, and to trans-

mit the record to me. Recent ob-

servations indicate the possibility

of the passage of a planet inferior

to Mercury across the disc of the

sun on one of the days named, and

it is specially desired that observa-

tions be made on the Pacific coast.

The position of the planet, if seen,

may be noted relatively to any of

the ordinary spots upon the sun's

surface.

"JAS. C. WATSON."

Collision of Freight Trains.

GALVESTON, 6.—A collision of

Another Refutation.

NEW YORK, 6.—The Times pub-

lishes the following letter:

"American Alliance Committee

Rooms, New York, Oct. 6.

"To the Editor of the Times:

"I wish to correct some of the

mistakes in a letter which was pub-

lished in the World, Sun, &c., on

Wednesday, as coming from Gov.

Hayes' secretary.

"First—Gov. Hayes never was a

member of the American Alliance.

"Second—He never saw the con-

stitution or by-laws of the organiza-

tion.

"Third—No committee of this

order, at any time, called on him

either at Columbus, Philadelphia,

or any other place for any purpose.

We simply notified him in a letter

that we endorsed his nomination,

in answer to which we received the

letter from his secretary. That let-

ter was taken from my office, and

I was as much surprised as any one

to see it in print.

"I am at a loss to see why those

papers should find any ground for

the proceedings, as we endorsed

Thilden for Governor two years ago,

and he found no fault with it; but,

on the contrary, before very good

for the assistance, only he requested

that it might be kept secret, as, if

it should become public, he feared

he might lose the foreign vote.

"Respectfully yours,

(Signed)

LEWIS S. TYLER, Sec'y A. A.

EDITORIAL NOTES.

—Captain Johnson, who re-

cently crossed the Atlantic in the

dory Centennial, has been exhib-

iting himself and his little craft at

Liverpool, admission sixpence. He

is the lion of the day, the room be-

ing thronged day and evening.

Though Johnson is in good health,

having fully recovered from the

fatigues of the voyage, he states

that he would not attempt the feat

again for a million dollars, in fact

nothing on earth would tempt him

to repeat such a voyage.

—Col. "Bab" Rogers thinks

the world is getting better, and

that the splendid destiny of the

American people is the greatest

thing out, or coming out, of the

why don't they keep their hands

from picking and stealing, and

their tongues from evil speaking,

lying, and slandering? Not much

splendid destiny in all that.

—The Utica Observer is re-

sponsible for the following:—"An

extremely zealous supporter of

the cause said, in a recent speech,

"I prefer a Republican thief to an

honest Democrat." Well, he won't

have much difficulty in getting his

choice."

The Arizona Mission.—We have

been permitted to peruse and make

extracts from a letter from Brother

Alfred Cluff, dated at Allen's

Camp, on the Little Colorado, Sep.

15th, to Brother J. H. Freeman.

He says:—

"Our corn looks well. We have

a piece of wheat that will yield

goodly crops. The garden has done

well. We have onions, melons and

beans, which have come out finely

since we left. The soil proves to be

rich. The soil proves to be rich.

plenty of water lately. Much can

be done here. I think there should

be five hundred missionaries or vol-

unteers this Fall to set things

going. My garden has done well.

We have had plenty of let-

tuce, radishes, cucumbers, melons

and a few new potatoes.

"The weather has been beautiful

since you left, and the country to-

day looks solidly green with grass.

It is a beautiful sight to me; vines

are fast and green as in July. Stock

is doing well."

CHILDREN FAITH.—The other

day a good-hearted but intem-

perate woman living in the eastern

part of the city became intoxicated

and created a disturbance on the

street in front of her house. An

officer marched her to the police

station. Soon after she had been

placed in a cell her two children

came in, one a girl of six, and the

other a boy of three.

"Won't you let me out?" asked

the girl of the officers.

"You are to stay here until your

mother comes to take you home, and

your mother would be taken, and the
