Railway Accident.

INDIANAPOLIS, Ind., 27.—An express train on the I. B. and W. road, which left here at midnight last night, met with an accident half a mile west of Jamestown, by running over a cow; the engine and baggage car were wrecked, and Thos. McWilliam, fireman, was killed.

Heavy Rain, &c.

OMAHA, 27. — The heavy rain, last night and this morning, which fell in this vicinity and in Western Iowa, undoubtedly did much damage to the grain, and will delay the harvest.

Governor Fletcher, Hon. Chas. Faulkner, B. W. Harris, and J. B. Millett, the commission appointed to investigate Prof. Marsh's charges, are in this city; they leave in the morning for Red Cloud.

Burned to Death.

PITTSBURG, 27.—By an explosion at the Pennsylvania Gas Coal Co.'s shaft, near Irwin's station this a. m., John Humphrey was burned to death and five others badly injured; the works were but slightly damaged.

Want Another Million.

PHILADELPHIA, 27.—The Centennial board of finance announce that in addition to the collections and subscriptions already made, one million dollars will be required for building purposes alone in the last four months of this year, and they make a further appeal for aid to the citizens of Philadelphia and the country at large.

Particulars of the R. R. Accident.

ST. PAUL, Minn., 27.—The following special to the *Pioneer Press* is all that has been received from the railroad accident at Brainard since this a.m.:

"The railroad officers throw every obstacle in the way of obtaining news, and at present it is impossible to say what was the direct cause of the accident, whether the car jumped the track as was stated by a passenger, or whether the train was too heavy for the bridge. The train went down near the middle of the bridge, the engine and forward part of the train backing into the break on the rear part and piling it on the top of the wreck of the bridge. The dead are Engineer Peterkin, and Fireman Aiken. An Indian woman and her sister were injured; Mrs. Warren, mother of Tyler Warren of White Earth, hurt her head and chest; Miss Johnson, of Motley, had her skull fractured and her hip broken. These went from the top of the bridge into the river. The caboose struck on the pier and broke in two. J. F. Sawyer, of Duluth, Dr. Lloyd, of Waterville, Mich., and a stranger from Moorhead were among the debris on the top of the pier, where they remained till lowered by ropes. Sawyer is hurt in the face and limbs, but not seriously; Lloyd was hurt in the feet; the stranger was not seriously injured. A coroner's inquest will be held to-morrow."

A Serious Failure in London.

NEW YORK, 27.—A private cable dispatch announces the failure of the Union Bank, London, the largest joint banking firm in the city, and one with which Duncan, Sherman & Co. transacted a large portion of their foreign business.

The Big Failure.

Among the rumors afloat as to the cause of the failure of Duncan, Sherman & Co., is one to the effect that their difficulties have been precipitated by the failure of A. & W. Collie, of London. Another report says that their principal correspondents abroad were the Union Bank of London and Baring Bros. In 1873 arrangements were made with the Baring firm by which Duncan, Sherman & Co. were to be protected, and it is supposed that the withdrawal of that protection this a.m. was the immediate cause of their failure. They had opened their counting house, when a cable telegram from London decided the firm to suspend.

WESTERN.

$30,000 Fire.

SAN FRANCISCO, 27.—A fire at Grass Valley, last night, destroyed the Golden Eagle Hotel and other business property; loss $30,000.

Produces Little or No Effect—Loss of the "Eastport"—A Salt Lake Capitalist Killed.

As far as can at present be ascertained the failure of Duncan, Sherman & Co., produces no marked effect here, except in a slight depression, mainly confined to mining stocks.

A passenger by the steamer *Eastport*, wrecked off Point Arena on Friday morning, reports that the disaster was owing to neglect to sound the fog whistle on the Cape, and that the fog had been thick for seven hours at the time of the disaster.

James Carson, of Buzzo & Carson, a prominent mining firm of Salt Lake City, was run over by the cars at Oakland this morning, and died this afternoon; he was well known throughout the east.

FOREIGN.

GREAT BRITAIN.

Crop Prospects—Business in the Commons.

LONDON, 27.—The *Daily News* says there was a partial eclipse in the corn markets yesterday, following the complete change of the weather, which indicates a revival of the hopes respecting the harvest which the persistent rain of the previous three weeks seemed wholly to forbid.

The *Mark Lane Express*, this week, says that the average rise in wheat since last week has been fully four shillings here and in France. Much grain has been prostrated here by heavy wind and rain; but should the weather continue fine the crops may not suffer much in the yield, whatever may be the result as to quality. A return to the former low rates seems to be impossible with stocks so near exhaustion, but millers are not likely to purchase freely at high rates while there is a possibility of an improved prospect.

In the House of Commons this p.m. Disraeli, in reply to Dillwyn, refused to give precedence to Plimsoll's shipping bill, which, he said, despite the excellency of its motives, would only aggravate the evils it intended to remedy, besides, it would require too much time in its consideration. The bill of Sir Charles Adderly, president of the Board of Trade, would give the government more rapid and direct action in stopping ships from sailing. After a long debate the House, by a vote of 173 against 19, agreed to give the government bills precedence to-morrow.

SPAIN.

Approved.

MADRID, 27.—The constitutional committee has approved the whole draft of the new constitution.

A sub-committee will discuss with the ministers, to-day, the question of conceding to the West Indian colonies the right of representation in the Assembly, when the war in Cuba shall have terminated.

Colonies to be Represented in the Cortes.

The sub-committee of the committee on the constitution have had a consultation with the colonial minister and with the president of the ministerial council, and it has been decided that the colonies shall be governed by special laws, and shall have the right to representation in the Cortes; the elections, however, are to be regulated according to a special system, which will be enacted at the fitting time.

AUSTRIA.

Insurgents Dispersed.

VIENNA, 27.—The *Press* reports that the government of Boena has telegraphed to the Porte that the operations of the Turkish troops at Nevesigne and Belik have resulted in the dispersion of the insurgent bands near those places.

RUSSIA.

The Wheat Crop.

ST. PETERSBURG, 27.—The official crop reports represent wheat as a good average.

FRANCE.

Passed to its Third Reading.

VERSAILLES, 27.—The Assembly to-day, by a large majority, decided to pass to its third reading the bill for organizing a senate.
