terestingly.

strike at Goldfield was due, not to the ostensible cause, but to the recogni-tion on the part of the mine owners

and lessees that the stealing or ore is depriving them of an undue propor-tion of their jrofits, says the Mining & Scientific Press.

"High-grading" is the term applied to

the larceny of gold ore, it is a term that was brought to Nevada from Crip-

ple Creek, whence also came some of the restiess spirits who are never happy

unless there is a guarrel between those who provide the capital for min-

those who supply the equally necessary

muscle on the other. It has become obvious to the men who are exploiting

gold district that a stop must be put to the pilfering that is rampant

# PIOCHE ON EVE OF A BIG BOOM

Joseph S. Free Tells About Activity in Bristol Section of Famous Nevada Camp.

#### REAL ESTATE VALUES ADVANCE

New Buildings Going up-Everyone Confident Railroad Will be Built Soon.

Joseph S. Free, who has been engaged in mining in the camp of Pioche, Nev., for several months, came in from the south yesterday on a brief business trip and reports that the Bristol section is anjoying renewed prosperity. The Bristol Consolidated is particularly active and the management contemplates putting on a force of 40 or 50 men in the near

Mr. Free says real estate values have advanced wonderfully during the past two months and a good many new buildings are in course of erection to supply the demands of the steadily increasing population. Mr. Laffan, resident manager of the Nevada-Utah mines recently completed the pur-chase of a business block on Main etreet and is preparing to put up a business block, one room to be occu-pied by a bank, the other to be used a general merchandise store. While Mr. Free saw no evidence

while passing through Callente that work will soon be started on the Callente-Pioche branch of the San Pedro, Los Angeles & Salt Lake reli-road, he says citizens have generally accepted the statement made recently by Senator Clark that the line is as-sured, and that work will begin upon it soon after the completion of the Los Vegas & Tonopah line which is scheduled for the near future. Mr. Free declares there is no doubt but that Pioche and surrounding

camps will produce some surprises in the way of tonnage as soon as rail-road facilities can be had.

### NEARLY A MILLION.

#### Big Business Done on the Floor of the Mining Exchange This Month.

Over \$800,000 worth of mining stocks sold on the floor of the local exchange during the month of September or, to be more exact 1,662,190 shares were exchanged for \$822,632.46. This is a big gain over the corresponding month of year ago-amounting to about \$700,-

The foregoing indicates the very satisfactory condition of the mining stock market at the present time. The week has witnessed considerable activity in Tintic stocks, while Park City has come in for a fair amount of attention. Of the former, there has been a great deal of demand for Little Chief, Carisa, Ajax and Lower Mammoth, while Daly Judge, Wabash and Scotlish Chief of the latter camp have found favor. Today's closing quotations and sales

#### BREAD MONEY Today's Metal Quotations. FOR SHAREHOLDERS Local settling prices are reported by the American Smelting and Re-lining company:

Twelve Utah Mines Made Distributions During Month of September.

S. COMPANY IN LINE.

Con. Mercur and Daly West Pay Usual

Amounts-Mining Camps

Prosperous.

The month of September will close with a dividend record crowding the \$300,000 mark. Altogether, 12 Utah mines paid out bread money to their shareholders, two of them-Consolidated Mercur and Daly West making their regular quarterly distributions, while the directors of the United States Smelting, Refining & Mining company met in Boston and posted one of 1% per cent, or \$71/2 cents a share on the 412,879 shares of issued common stock, and amounting to \$366,635.50. The books of the company close today and the date of payment is set for October 15. The mines making September distri-

butions, and the amounts of each	were
Daly West\$1	08.00
Silver King,	50,00
	20,00
	25,00
	10,00
	25,00

Victoria	10.00
Swansea	5,00
Uncle Sam Consolidated	5,00
Utah	3,06
Total\$2	81,00

In all the mining camps unprecedented prosperity prevails and work is so plentiful that mine operators continue to complain of a scarcity of labor. Bingham is forging to the front by leaps and bounds and the great work of the Utah Copper and Boston Consolidated in preparing to supply the new mills under construction at Garfield with ore goes steadily forward. The smelters have managed to put through the usual tonnage by drawing on their reserve supply which was made necessary on account of the scarcity of cars. The Garfield plant of the American Smelting & Refining company is prepared to handle more ore than possible last week through starting of the second reverberatony

The coal situation continues unsatisfactory, but smelting men hope to pull through without the necessity of shut-CUPRITE LOOKING UP.

#### Prospectors Are Busy in This New Nevada District.

While prospectors and mining men have been flocking to the most inacsearch for copper, says the Goldfield Tribune, one of the big-gest and most prolific fields, within easy striking distance of Goldfield and easy striking distance of Goldheid and less than two miles from the survey of the Goldfield Tonopah railway, has been all but overlooked. Samples of ore from this district—Cuprite—14 miles south of town, have been put on exhibition in Harry Coffee's window and attract attaction and arrangedoms. and attract attention and expressions of surprise from all who see them. They are from the surface of the big group which is under process of development by the Cuprite Copper Mining company, and were brought to town by Ellsworth Oldt of that company. Besides the copper content which range from 35 to 50 per cent, the furnace shows the presence of some 40 to 90 ounces silver and \$10

to \$26 in gold. O. P. Posey recently acquired a big property close to the Cuprite com-pany's claims, and had a force of men pany's claims, and had a force of men at work sinking a shaft. Oldt says the copper belt is nine miles long and a mile and a half in width, one ledge showing a width of 60 feet on the sur-face. The railroad will pass through the district about one and one-half miles from the Cuprite Copper company's mines.

## NEVADA STOCKS.

### STATE ST. FREE CONCERT DURING CONFERENCE WEEK.

At the office of the Consolidated Wagon and Machine company on State was informed that the company's con-ference program would include a free concert from Oct. 4th to 10th, The mu. sic will be both vocal and instrumental and will be rendered in the vehicle department under the leadership of Messrs. Young, Harrison and Peterson. Country visitors will, therefore, he furnished an opportunity for enter-tainment, at the same time they inspect the mammoth line on exhibition by the C. W. & M. company. A big part of the machines will be running, the leading features being a steam plowing outfit, cream separators, paso. line engines and tread powers. The company's numerous salesmen will be on hand to show their country friends from the top to the bottom of the in-stitution's mammoth premises.

The entire promises comprise be-tween two and three acres of floor space literally covered with vehicles, farming implements, and agricultural machinery. Whether or not people desire to purchase, the management state that it will be a pleasure to show them through the premises.

#### SALT LAKE BANK CLEARINGS

## REALIZING FOR PROFIT WAS HEAVY

Result Was That Stocks Were Carried Down Several Points.

## SELLING WAS SOON CHECKED.

Most Losses Were Recovered-Market Became Inanimate, Closing

New York, Sept. 29.-Yesterday's late bulged stock market attracted heavy realizing sales this morning under which prices fell shaprly throughout the list. There were running sales of 7,000 shares of United States Steel at 45% and 45%. compared with 46 last night. Great Northern preferred was carried down 4 points, Union Pacific 14. Northern Pacific and Smelting 14. St. Paul and Missouri Pacific 14. Canadian Pacific, St. Louis South western preferred, Amalgamated Copper

western preferred, Amalgamated Copper and Colorado Fuel a point, and United States Steel preferred, Pennsylvania and Reading & Central Railroad of New Jersey sola at an advance of \$ points.

The vigorous selling at the opening was soon arrested by the distribution of supporting orders and the covering of short contracts. All of the losses with the exception of a small fraction here and there were made up but the market became almost inanimate at the recovery. Northern Pacific moved up 1½ over last night, Wisconsin Central preferred and Reading common and arst preferred 1.

The market losed casy at a decline from an upward movement. Trading stagnated until after the apearance of the bank satement, when the advance was renewed. Reading led the movement. The general list did not get more than a fraction away from last night's level. Reading's gain ran to over 4 points. Rock Island preferred, St. Louis and San Francisco second preferred. Delaware & Hudson and National Railroad of Mexico preferred rose 1½ to 2¼ and B. &. O. Norfolk & Western, Ontario and Western, Rock Island, Texas and Pacific, Amalgamated Copper and Sucera 1 to 1½. Cenfolk & Western, Ontario and Western, Rock Island, Texas and Pacific, Amalgamated Copper and Sugar 1 to 1½. Central Rallroad of New Jersey recovered 5 and Chicago, St. Paul, Minneapolis & Omaha 3 points over declines recently made. The ore deal stocks receded again in the late dealings.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive gure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and gwing the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
