That Will Be Legacy That the Dying "American" Administration Will Leave Behind It in Fall.

At the meeting of the city council last night Fernstrom undertook to

show the administration supporters what a financial problem they were running into and submitted figures showing that by Oct. 1, if the present extravagance continues, the city will have a deficit of \$225,000 in the general have a deficit of \$225,000 in the general contingent fund, which will be in ex-cess of the year's income for that fund and would leave a deficit a the close of the "American" administration. His figures were submitted in his minority report opposing the approval of the contract with the Dixon Engineering & Construction company for the addition to the city crematory at a cost of \$8,750. The finance committee reported in fa-

to the city crematory at a cost of \$8,500. The finance committee reported in fa-vor of the contract but Fernstrom took the stand that the crematory is cap-able of handling all the city's garbage for five years to come if it is operated by competent men and hence the ex-penditure of over \$9,000 for an addition at this time is nothing but extrava-gance.

HAVE NO MONEY TO BURN.

In discussing his minority report Fernstrom made the following strong statement: "The majority of the com-mittee are blind, but the minority has eyes and can see. I always want to know if we have the money to spend before a contract is awarded. This administration does not seem to believe administration does not seem to believe in this system of doing business, and corsequently the deficit. If we had money to burn the crematory would be a good place to burn it. But we have no money of any sort, and everybody knows it. The action of the council last year in authorizing appropriations in excess of the city's income was in direct violation of the constitution, and if anybody should become interested in prosecuting a case against thos that voted for the extravagant expenditures some of you might be landed in the penitentiary." administration does not seem to believe

HAD NO EFFECT.

His argument had absolutely no ef-

fect on the "Americans," as they voted unanimously to approve the contract, while Preece voted with the five Dem-ocrats against the approval, the vote being \$ to 6 in favor of the majority record

report.

The finance committee also recom-mended the appropriation of \$11,456.97 to James Kennedy, the sewer contract-or for extra work done in the north-cestern part of the city in excavating. Owing to the engineer estimating the average depth of the sewer in that dis-trict at only 10 feet when in some places the depth was 19 feet, the extra excavating became necessary. The re-port of the committee appropriating the

In almost the next breath the council found it necessary to transfer from the street fund to the special tax fund the sum of \$11,448.95 for the purpose of paying the city's portion of public improvements now going on. The council authorized the city engi-neer to prepare at a cost pot to exceed

neer to prepare at a cost not to exceed \$1,000 a new map of the city showing the location of all water and sewer mains and their depth. STREET CAR CO. PETITION.

The engineering committee reported against the petition of the Utah Light & Railway commany asking to widen its tracks on Fifth South Street so as to permit of hauling freight and materials to the site for permit of hauling freight and materials to the site for its new shops on Fifth South and Sixth East streets. The re-port stated that it would be unwise to grant the petition in opportion to many proests of citizens against the matter. Another strong protest against the proposition was re-ceived last night from George C. Lam-bert and a large number of property owners along Fifth South. The report and also the protest were referred to the municipal laws committee for fur-ther investigation and will be taken up on Friday night when the committee meets.

the total sum of \$2,453.48 was received in fines and fees in the criminal and civil divisions of the city court and in the recorder's office during the month of luws

of June: City Auditor Alff submitted the de-partment payrolls for the last haif of June, amounting in all to \$17,303.42, which were referred to the finance and other committees, with power to act. Chief of Police Sheets submitted the appointment of C. D. Cochran as spe-cial officer at the Rio Grande depot to succeed C. C. Garnett, resigned. The appointment was confirmed by a unan-mous vote.

Appointment was committed by a under-imous vote.
W. W. Sauders and a large number of other teamsters in the employ of the city petitioned the council for an ina-crease in wages from \$4.50 to \$5 per day. The matter was referred to the finance committee to figure out some way of granting the request.
E. J. Earls and several other prop-erty owners petitioned the council to pave Fourth East street from South Temple to Third South streets, with aphait instead of macadam. The matter was referred to the engineering and streets committees.

The regular committee

The regular committee meetings of the council will be held Friday night this week, owing to Thursday being the glorious Fourth of July.

#### GETS AWAY WITH \$1.500.

Clerk of Jap Labor Agent Swindles Local Merchants.

There was a good-sized gathering at the Commercial club last night of local retail merchants of various callings, to discuss plans for mutual protection; and thereby hangs a tale. It was brought out that the confidential clerk of E. D. Hashimoto, the labor agent, had victimized local merchants out of \$1,500 and skipped by the light of the cold, pale moor; and the merchants assembled were desirous of originating some plan to avoid such experiences in the future. It appears that Hashi-moto pays his Jap laborers in checks, but as they can not in many cases read or write English, there is an arrangement whereby checks may be cashed by Hashimoto's clerk writing the name of the individual Jap on the latter's check. It is charged that the confidential clerk broke open his em-ployer's desk recently, took signed checks to the amount of \$1,500, and "worked" the tradesmen about town "as per agreement," and then was not. The checks were made out on the Utah Savings Bank & Trust company. The police are in hot pursuit. to discuss plans for mutual protection;

DESERET EVENING NEWS TUESDAY JULY 2 1907 THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

WHEN MOST NEEDED. People are often very much disappoint-ed to fund that their family physician is away from home when they most need his services. Diseases like cramp, colic and cholera morbus require prompt treat-ment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bothe of Chamber-lair's Colic, Cholera and Diarthoea Rem-edy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Boy it now; it may save life. For sale by all druggists.

Are Back from California.

General Manager Joseph S. Wells of the Utah Light & Rallway company has returned from his wedding trip. He spent most of the time he and Mrs. spent most of the time he and Mrs. Wells were away, in Los Angeles where he gave considerable time to observ-ing the operating of the local street railway system. He found 600 miles of track extending in all directions, so that it is easy for a person to reach most any point desired. One feature particularly attracted Mr. Wells' at-tention, the Mt. Lowe electric road eight miles in length, with a 10 per cent grade. It is as though a line was run from this city to Brightons, through Big Cottonwood canyon. The fare is \$1.25 to the top of Mt. Lowe; and the fare from Salt Lake to Brightons would be \$1.50 or half what it is now, were an electric line to run up there. This extension mentioned may be carried out in the course of a few years.

MRS. M'ENERY DEAD.

Former Salt Lake Girl Expires at San Francisco.

Mrs. Henrietta McEnery, formerly a esident of Salt Lake, died in San Francisco yesterday. Heart failure was the cause of death, and while it was known that Mrs. McEnery had been a suf-ferer for several years, her demise was entirely unexpected by her friends here. Often, when she appeared to be in the best of health, she would suddenly be prostrated with leakage of the heart and her life would be despaired of. Two or three trins were taken to Europe or three trips were taken to Europe by Mrs. McEnery, in quest of health, and the lower althude of San Francisco was sought with a similar object in
