Gold Jewel Case, Richly Studied With Diamonds.

**METEOR READY TO LAUNCH**

Ceremony Could Take Place Tomorrow—Anticipating Headway Has Been Made Last Two Weeks.

New York, Feb. 3.—The Kaiser's gift to Miss Alice Roosevelt, in connection with the visit to America of Admiral Prince Henry, says the Berlin correspondent of the Journal and American, is to be a gold jewel case, richly studied with diamonds. In the center of the lid is a portrait of the Kaiser in enamel, with the imperial monogram in diamonds.

The interior fittings and decorations of the Kaiser's American yacht are being made by a London firm of decorators, and the chief artist has interviewed the Kaiser who said laughingly:

"I shall send a torpedo boat my yacht some day before June 18, so you'll have to get her finished by then as I want her to take part in the Kiel regatta."

**METEOR READY TO LAUNCH.**

New York, Feb. 3.—In a dress of fresh pink, the hull modelled into a yacht, the Meteor, the Kaiser's gift to the United States, is ready for the water at Shooter island. The launching might occur today if it were desired. The vessel, which is a complete vessel stripped of its rigging, the painter's brush already has marked the water line upon its sides, and the last rivet has been fastened in its plates. Nearly all the port holes have been cut. With the completion of the deck flooring and the deck house, which will be done in a day or so more, all that remains to be done will be the fitting up of the interior and rigging. The 100 tons of lead ballast already has been stowed away in the hold.

The Meteor will be almost complete when it is launched, steaming the masts, upholding the interior and finishing some of the details work in some of the compartments is all that remains to be done. The yacht may be ready to sail within two weeks after launching. Bulkheads are being rapidly prepared in the shops and will be put on this week or next.

Anticipating headway has been made in the last two weeks. Under electric lights a force of men has been at work night and day, and it is hoped to avoid a remote possibility of any hitch in the work.

**Parkhurst on Immortality.**

New York, Feb. 3.—Rev. Dr. Charles Parkhurst, has preached the third of a series of sermons on "Immortality." He complained before the service that he had received many letters of criticism on account of his previous sermon. The majority of the strictures had been upon his contention that, while soul and body were clearly distinct, it did not necessarily follow that the soul would live, through eternity, in the Bible it is taught, he asserted, that the soul that "sinneth, it shall die." "Soul cannot stand alone, except it be God's soul," he continued. "Do not forget that. So that man, as man, considered in his separateness, is not inherently eternal, is not inherently immortal. If there is in him at all anything that deserves to be called eternal, it is because there is at that time something which the one only God has mysteriously possessed him of."

Armed with the necessary papers Detective Dinn has left for Portland to bring the prisoner back. Brown was found in a poorly furnished room waiting for a physician to dress his wounds. He first tried to deny his identity, but finally admitted that he was the man for whom the San Francisco police have been looking.
