

OBNOXIOUS JUDGE IS WHITEWASHED.

Extraordinary Vindication Given
To Head of the Juvenile
Court.

A VERY STRANGE FINDING.

Incident in Court Only Inquired Into—
Legal Phase of the Case
Undisturbed.

The juvenile court commission today prepared and submitted its findings in the investigation of the conduct of William Brown of the juvenile court in the Emily Knox case, which created a storm of unfavorable comment from the citizens of Salt Lake City during the past few days. The report does not go into the legal aspect of the case at all, but simply touches on the incident which occurred in court. It is simply a complete whitewash from start to finish and will be received with small favor by an indignant and outraged public. The report, which is in the form of a communication directed to the judge of the court, is signed by Mayor Thompson, Chief of Police Sheets and City Superintendent of Schools Christensen, who compose the juvenile court commission. It follows in full:

Salt Lake City, Utah, May 16, 1906. Hon. Willis Brown, Judge of Juvenile Court, City—Dear Sir: At your solicitation we have investigated the case of Emily Knox, which was recently heard in your court and which has since occasioned considerable discussion. After a careful inquiry into the merits of this case, we beg to express to you our opinion:

- 1.—That in conducting this hearing you were actuated by a sincere desire to help the girl.
- 2.—That you were kind and considerate at all times.
- 3.—That the physical examination was first suggested by Emily Knox as a means of establishing her own chastity.
- 4.—That the examination was conducted with the permission and approval of the daughter and her mother.
- 5.—That children were excluded from the room during the hearing, and all not connected with the court were invited to retire.
- 6.—That while a better form of expression should have been employed to elicit the desired information, no vulgar or indecent words were used by you.
- 7.—We have not presumed to inquire into the legal aspects of the case.

Respectfully,
(Signed),
EZRA THOMPSON,
D. H. CHRISTENSEN,
GEO. A. SHEETS,
Juvenile Court Commission.

If the above is not about the limit in the art of "whitewashing" it is impossible to imagine what really is the limit.

In the six expressions of the Commission's "opinion" there is hardly a single statement that is not wonderful to behold.

1. In view of the brutal and vulgar language used by the court to the girl, it is difficult to believe that the judge was actuated by a "sincere desire to help the girl."
2. Is it "kind and considerate" to attempt to compel a girl by physical force to undergo an examination for which there is no warrant in law?
3. The statement that the examination was first suggested by Emily Knox, has been proved to be untrue by the girl's own declaration and the fact that she screamed and fought against it with all the strength she possessed.
4. The examination was conducted with the consent of mother and daughter, but was not conducted in the manner ordered by Brown.
5. Children not connected with the case were excluded from the room, but if persons asked to retire, what about the notorious "Dr. Shaw?"
6. The statement "That while a better form of expression should have been employed to elicit the desired information, no vulgar or indecent words were used by you." If the statement is true, why the criticism? The fact is, the statement is not true. Willis Brown asked Emily Knox a question that would not be used in a public print or in decent society.

Many Salt Lake citizens will sincerely hope that, inasmuch as the Commission did not "inquire into the legal aspects of the case," that some one will see to it that the supreme court does inquire into the eligibility of this man Willis Brown.

REDUCE TO FORTY.

This Practically Decided Upon With
Reference to Voting Districts.

The county commissioners and the chairman of the three political parties of the city spent the entire forenoon today in considering the matter of reducing the voting districts of the city from 53 to 36 so that the voting machines may be used this fall. It was practically decided that the number of districts should be reduced to 40 and that the purchase of four more machines for use in the city will be necessary. At the conclusion of the meeting the proposed changes in the number of the districts was taken under advisement by the chairman of the city committee until tomorrow when they will in all probability recommend that the commissioners pass a resolution reducing the number of districts to 40 instead of 53.

Those present at the meeting today were Commissioners William Miller and Mackey, Chairman J. P. Eldredge, Jr., of the Republican committee, Chairman L. R. Mantioneau of the Democratic committee, Chairman J. E. Darnier of the "American" committee.

There will be no change in the boundary lines of the five municipal wards of the city. The only purpose being to condense the districts into a lesser number in each ward. Tomorrow the chairman of the three political committees will, unless they decide on some other changes, recommend that the commissioners reduce the city as proposed today into 40 districts.

COLUMBIA SCHOLARSHIPS.

G. E. Anderson of Lehi, Utah, Among
The Fortunate.

(Special to the "News.")
New York, May 16.—In the awarding of scholarships at Columbia university today, Gustavus Edwin Anderson received the scholarship in geology. Mr. Anderson registers from Lehi, Utah, and completed his work this year. The scholarship has a monetary value of \$100.

The news that Mr. Anderson of Lehi has been selected for the geology scholarship will occasion no surprise among his many friends here, as he has always been a scholar of exceptional ability. He has worked hard for his education, and has earned his way through college without assistance from others. He came to Utah 10 years ago from Sweden, and settled in Lehi. Later his

COURT IN PRISON.

Judge Diehl and Clerk Conduct Arraignments of Convicts.

Judge C. B. Diehl and Clerk Wright, of the criminal division of the city court, today went to the state prison, where James Gordon was arraigned upon a charge of killing a fellow prisoner named Peterson. The slaying took place within the prison walls, where both were serving terms for felonies. During a quarrel Gordon used a club upon the head of his antagonist, and a day or two later Peterson died from his injuries. Today Gordon pleaded not guilty, and, with the consent of Asst. County Atty. Willard, a preliminary hearing was held. His bonds were fixed in the sum of \$1,000, and he will be held at the state prison pending trial in the district court.

TO OBSERVE MAY 30

G. A. R. Posts Will Take Some Action
In the Matter on Saturday.

The G. A. R. posts will take some action next Saturday evening, looking toward the suitable observance of the coming 20th of May, Decoration day. Col. F. H. Clark said this morning that he doubted if there could be any parade, as no troops will be available from Fort Douglas, because they have work laid out for them by the department that will keep them busy on Decoration day; and it is uncertain what the state troops will be able to do. There are five different commands in this city, companies of the 1st and 2nd Infantry, troop A, First cavalry, Signal corps, and light battery A. Col. Lund thought today that these might show up with 100 men, but as that day is a public holiday, and young men generally will want to engage in amusements of their own, it can not be stated at present how many of the guard can be got out. Last year only one command appeared on parade, troop A, and the boys made a creditable appearance.

SALT LAKERS IN PARIS.

(Special to the "News.")

Paris, May 14.—The following were listed at the Herald's Paris office today: Mrs. W. H. Dickson, Salt Lake City; Mrs. J. D. Thompson, Salt Lake City.

CONVENTION PROGRAM

For Christian Endeavor Annual Session Has Been Revised.

The program for the eighteenth annual convention of Christian Endeavor to be held in the Central Christian church of this city on the 26th inst., has been revised and changed, and the final decision upon it is as follows:

Morning Session—10:30, song service, 10:40, devotion, 11:00, address by L. H. Page, Salt Lake; 11:20, address of welcome, by Rev. P. A. Simpkins, Salt Lake; 11:40, response to address by President C. E. Marks of the state union, Salt Lake; 11:50, workers' conference—lookout department, paper on "The Responsibility of the Lookout Committee," by William McClure, Salt Lake; 12:30, discussion on same, led by Miss Ruth Storey, Salt Lake; 1:15, general discussion; 1:35, workers' conference—missionary department, address: "The Japanese Christian Endeavor Work in Utah," by Mr. Kobayashi, a native Japanese, followed by discussion on this theme; 1:50, paper, "The Opportunity and Duty of the Christian Endeavor Society in Missionary Work," by Miss Anna Thome, Salt Lake; 2:30, discussion on the theme opened by Mrs. S. J. Snyder, Salt Lake, followed by general discussion.

TOOK FIVE SHOTS AT THE ENGINEER.

Unknown Man in Ogden Pulled a
Gun on Second Street
Crossing.

JAMES HOPE'S EXPERIENCE.

Matter Was Promptly Reported and
The Officers Set Chase on a
Switch Engine.

Engineer James Hope of the Short Line had a very unpleasant experience while pulling into Ogden from the west last evening. As the train approached Second street crossing he noticed a man standing beside the track, and accordingly whistled a note of warning. As the engine came alongside the mysterious individual pulled a gun and the next instant five bullets sang through the cab. Hope promptly ducked and opened the throttle contrary to the city ordinances.

As soon as the train arrived at the union depot the incident was reported to the officials. A switch engine was promptly impressed into service and Sergeant Pincock, Officer Cooley and some employees of the railroad armed to the teeth with assorted batteries, made a swift run to the scene, pulled the engine, and the mysterious man who indulged in target practice is still at large, however.

WESTERN PACIFIC.

Tracklaying Operations on the West
Side of City Commences.

There was all kinds of activity in evidence down on the Western Pacific grade this morning when an additional force of men was put to work stringing ties and rails preparatory to tracklaying operations from Salt Lake out to Garfield. Tracklaying is to commence at the river and will extend to the Rio Grande in from one to two miles a day, it is expected.

LAS VEGAS & TONOPAH.

The advance grading crew of the Las Vegas & Tonopah road, which left Beatty Saturday, and work between Beatty and Rhyolite has been started. The camp is a short distance west of Beatty. The road work between the two towns will require at least 60 days of work with a big force. The grading is now only a few miles from Gold Center, and track laying is proceeding rapidly from one end to the other.

BACK FROM MARYSVALE.

Assistant General Freight Agent Derah, General Agent Benton of the passenger department, and Capt. Elliot of the Rio Grande Western have returned from their trip of inspection of the Sanpete branch of the Rio Grande Grande, where they went on a "leg" about a week or two days ago. During their absence they called upon the various prominent citizens and talked crops and better train service. They thoroughly enjoyed themselves, and returned to their desks furnished with information regarding the resources of Mt. Pleasant, Mantle, Richfield, Salina and Marysville generally.

CHANGES IN AGENTS.

Supt. Elliott of the Rio Grande Western announces three changes of local agents at various points of the system. They are: H. H. Funk agent Park City, transferred to Scofield; C. E. Weston of Mt. Pleasant, to Park City; and W. A. Green, who goes back to his old station at Mt. Pleasant.

STILL THEY COME.

(Special to the "News.")

Cheyenne, Wyo., May 16.—The Union Pacific continues to haul relief supplies to San Francisco. Almost every westbound freight train loads one or more carloads of supplies or clothing for the earthquake sufferers.

FREIGHT FROM ORIENT.

The Salt Lake Route is destined to handle its first consignment of goods from Japan next week when a tramp steamer the Hercules, is scheduled to arrive at San Pedro. The vessel carries a general cargo including consignments of vegetables, silk, furs, works, good skins and Japanese art goods and china.

RATES TO LOS ANGELES.

The Salt Lake Route has broken the ice and the projected teachers' excursions will in consequence be both east and west this season. It is anticipated in consequence that quite a number of Utah people will make their vacations on the coast this summer. Under the special rate authorized the round trip from Salt Lake to Los Angeles and return will be \$12. A 40 per cent discount will be given on the fare to and from the coast. Those desiring to come home via San Francisco. Tickets will be sold May 26, 28, June 1, 3 and 16. A ten-day transit limit in each direction will also be a feature, while the final limit has been made Oct. 31.

GOLD WATCH FOR FOREMAN.

D. C. Cooper, foreman of the blacksmith shop of the Rio Grande who has resigned to accept a similar position in California, was last night presented with a handsome gold watch as a token of the esteem of his fellow workers. The presentation was made at the celebration of Labor day by William Coath on behalf of the local branch of the International Brotherhood of Blacksmiths and Helpers. A good musical program was also one of the features of the gathering, which took place in "It" was a most happy occasion.

SPIKE AND RAIL.

F. T. Clayton, car service agent of the Salt Lake Route, is up from the Los Angeles headquarters.

General Manager Robinson of the Mexican Central will be here tonight from Portland.

General Agent Claude S. Williams of the Milwaukee has gone to Western Idaho on a business trip.

Mr. Babcock and party of seven in private car en route to Denver in connection with the return business excursion from Twin Falls to Boise. There are 100 in the party traveling on a special train.

C. H. Smith of the "Three P's" at Minneapolis is here, swathed in large folds of virtuous sanctity. He says that he is not leading well and would not do so under any consideration.

That announcement in the New York Commercial to the effect that H. M. Brown had been appointed as successor to N. L. Drew of the Rock Island in Denver was apparently somewhat premature.

The Weber club has made arrangements with the passenger department of the Oregon short line to run an excursion over the Luen cut-off on June 8 in connection with the festivities at the convention of the Commercial Travelers which will be in session at Ogden for three days.

SHOOTING AT THE RAILS.

Patrick R. Tracy Terribly Mutilated by
Switching Cars
Early This Morning.

VERY MYSTERIOUS AFFAIR.

Companions Claim to Have Been With
Him Up to 40 Minutes of
Accident.

At the morgue of Joseph William Taylor lies the body of one Patrick R. Tracy, well known in twain and otherwise terribly mutilated. It was about 4:30 o'clock this morning, while switching in the yards of the Oregon Short Line railroad, that a brakeman, riding upon one of the cars felt a severe bumping of the cars, which he believed to have been caused by an obstruction upon the rails. The train was immediately stopped, and upon investigation the body of a man was found partly between the rails. Life was extinct, death having been instantaneous. The remains were removed to the undertaking parlors, where they now lie, awaiting instructions from relatives of the dead man.

Tracy was about 47 years of age, and was a member in good standing of the Brotherhood of Railroad Trainmen. He had been in the yards of the railroad for some time, but more recently was in the employ of the San Pedro Railroad company. Yesterday he came to town, drew a sum of money that was due him and made arrangements with a friend to go to Ogden today. With a number of acquaintances he spent the evening about town, and separated from them about midnight. In fact, one man claims to have been with Tracy until within a half hour of the time the mangled body was found. None of the friends can account for the fact that Tracy was in the yards of the railroad company. He had been drinking, but was not thought to have been intoxicated. They will insist upon an inquest being held.

In the pockets of the dead man were found papers fully explaining who he was and where he had at times resided. A note, dated some time past, and addressed to "The whom it may concern," said that a niece named Miss Mary Tracy, would be found at 804 Arrott building, Pittsburg, Pa. Receipts for lodge dues paid up to date were found in a pocket, which also contained \$15.75 in cash. The receipts showed that the deceased was a member of Kanawha lodge No. 378, of Allegheny, Pa. Underneath Taylor sent a dispatch to the address indicated in the note, and the body is being kept subject to the orders of relatives or friends.

BIDS OPENED.

Tenders for Poplar Grove School and
High School Gym.

The city board of education held an adjourned meeting today in the board rooms and opened bids for the construction of the new schoolhouse in the Poplar Grove district. Eleven bids were received for all the construction work and five for the heating and plumbing. The bids were referred to the clerk of the board, for tabulation and the board will meet again on Friday afternoon at 4 o'clock to award the contract. Five bids were also received for the heating and plumbing in the new gymnasium building on the high school grounds. The successful bidders on this contract refused to accept the contract hence the board has ordered the work be readvertised.

The bids were as follows:

For the Poplar Grove school, complete except plumbing and heating:

Newman Bros. \$27,240
A. & J. McDonald 25,454
W. B. Black 25,715
W. J. Dean 27,200
J. F. & H. E. Schraven 25,597
S. J. Shaw 26,500
A. & L. C. Shaw 24,500
C. Chytrous 24,400
Great Western Mill & Building company 30,565
Salt Lake Building & Manufacturing company 26,650

For Plumbing and heating—

Higson & Rossett, plumbing, \$3,482
Higson & Rossett, heating, 4,035
S. J. Shaw, plumbing, 4,000
only 4,697
G. G. Doyle & Co., plumbing, 4,297
G. G. Doyle & Co., heating, 4,147
Midgley Bros., plumbing, 3,419
Midgley Bros., heating, 4,409
Curthay & Dumbek, plumbing and heating, \$7,652

For the building complete:

A. & J. McDonald \$30,271
A. & L. C. Shaw 29,690

Plumbing and heating for the High school building—

Higson & Rossett, plumbing, \$2,243
Higson & Rossett, heating, 3,559
J. C. Heesch, plumbing and heating, 6,705
G. G. Doyle & Co., plumbing, 2,407
G. G. Doyle & Co., heating, 3,399
Midgley Bros., plumbing and heating, 5,700
Curthay & Dumbek, heating and plumbing, 5,749

RUIN AND DESOLATION.

Architect Umer Says It Will be Years
Before "Trisco" is Restored.

Architect Umer returned last night from a trip to San Francisco, and the penurious cities, and says the sight of the ruin and desolation everywhere made him sick at heart. He believes that there is a chimney standing within 20 miles of San Francisco, and houses out of plumb may be seen everywhere. The population of San Francisco is gone, and the ruins are everywhere. There are great numbers of curiosity seekers and sightseers seated over the San Francisco ruins every day. The reconstruction of the city is a long and arduous task. Mr. Umer said he had two buildings now on his hands which he was unable to complete because he could not get the necessary materials. Other kinds of building material are becoming scarce also, and the reconstruction of the city is a long and arduous task. Mr. Umer thought the scarcity of construction material in the country is due to the rapid increase in the population, and to the radical changes in the methods of construction, which are increasing the demand for steel and iron far beyond the ability of the manufacturers to supply it. Mr. Umer said he had two buildings now on his hands which he was unable to complete because he could not get the necessary materials. Other kinds of building material are becoming scarce also, and the reconstruction of the city is a long and arduous task. Mr. Umer thought the scarcity of construction material in the country is due to the rapid increase in the population, and to the radical changes in the methods of construction, which are increasing the demand for steel and iron far beyond the ability of the manufacturers to supply it.

SMELTER SMOKE DAMAGE CASE ON.

Complainant is Alexander Hamilton—Defendant, Utah Con.
Mining Company.

HE FILES CLAIM FOR \$9,000.

Alleges That His Farm Products and
Livestock Were Ruined—Hard
To Get Jury.

The first smelter smoke damage case to be heard at the present term of the United States district court is on before Judge Marshall and a jury today. The complainant is Alexander Hamilton, a farmer who lives some distance this side of Granger, and the Utah Consolidated Mining company is defendant.

Hamilton claims that he has been damaged in the sum of \$9,000, for the loss of farm products, grain, fruit and vegetables, and also for the death and injury of live stock. Upon the witness stand today, plaintiff testified that fruit trees and shrubs that bore prolifically prior to 1902, were now almost if not entirely barren.

The complainant is represented by Zane and Strinfield, while Atty. Allison and Ritter are counsel for the defendant company. Much difficulty was experienced in securing a jury, but the matter of the estate of the former consists of real property of the value of \$1,800, and the latter consists of real estate of the value of \$900.

The will of Thomas Howard, who died in this city on March 10, 1904, was filed for probate in the district court today, together with the petition of W. O. Howard and Margaret M. Howard, asking that letters testamentary be issued to them as provided in the will. The estate consists of real property of the value of about \$6,000.

The supreme court today heard arguments in the following cases and took them under advisement: Neldan-Judson Drug company, appellant, vs. the Commercial Union Bank of Ogden et al.; Lee Richey vs. Marion Beus, appellant. The case of Joseph Baumgarten, appellant, vs. James Chipman et al., was continued for the term.

A complaint was filed by Assistant County Attorney Lyon today against Jasper Myers of Murray, charging him with assaulting Pearl Whitaker on May 15. It is alleged that Myers beat the girl up in a pretty serious manner. The complaint was filed in Justice Holm's court at Murray, where the man will be arraigned.

COURT NOTES.

Suit has been filed in the district court by the Kenebec Mining company against the Gypsy Blair Mining & Milling company to quiet title to the area in conflict between the Kenebec and the Gypsy Blair group of claims located in the Big Cottonwood district.

Frederick Beesley today filed petitions in the probate division of the district court for letters of administration of the estates of George W. Kauraka, Kauraka, deceased, and Keloheulu Kauraka, deceased, the estate of the former consists of real property of the value of \$1,800, and the latter consists of real estate of the value of \$900.

The will of Thomas Howard, who died in this city on March 10, 1904, was filed for probate in the district court today, together with the petition of W. O. Howard and Margaret M. Howard, asking that letters testamentary be issued to them as provided in the will. The estate consists of real property of the value of about \$6,000.

The supreme court today heard arguments in the following cases and took them under advisement: Neldan-Judson Drug company, appellant, vs. the Commercial Union Bank of Ogden et al.; Lee Richey vs. Marion Beus, appellant. The case of Joseph Baumgarten, appellant, vs. James Chipman et al., was continued for the term.

A complaint was filed by Assistant County Attorney Lyon today against Jasper Myers of Murray, charging him with assaulting Pearl Whitaker on May 15. It is alleged that Myers beat the girl up in a pretty serious manner. The complaint was filed in Justice Holm's court at Murray, where the man will be arraigned.

SOCIAL AND PERSONAL.

Miss Mary Talbot and Luther Foulke, of Salt Lake, were married last night at the home of the bride's parents, Rev. and Mrs. Talbot, the ceremony being performed by Bishop H. H. Moore, at 8 o'clock. The rooms were beautifully decorated with a profusion of white lilies mingled with palms, vines and ferns, while the lights were shaded to correspond. The bride was escorted by Miss Anna Finlay, and the groom by Dr. W. W. Wick of the same place, the bride entering on the arm of her father, and followed by the bridesmaid, joining the groom at the altar. The party was followed by an orchestra throughout, the ceremony and a large reception followed, the bride party being assisted in receiving by Bishop Moore, Rev. and Mrs. Talbot, Mrs. William Collingwood, Mrs. W. W. Cotton, Mrs. W. W. Wick, Mrs. Eldro Jacobs and Mrs. A. E. Hutchingson. The bride and groom left for a trip to Yosemite valley, after which they will go to Portland to reside.

Another marriage of yesterday, thought of a very quiet nature, was that of Miss Agnes Grant and Charles B. Swan of this city, who went to Farmington and were quietly married there, returning to Ogden to reside with the friends with the announcement. Miss Grant has been a stenographer at the Bell Telephone office, and Mr. Swan is connected with the Utah Light & Railway company.

A pretty affair of yesterday was the card party given by Mrs. Mayer and Mrs. Crisman in honor of Mrs. Kemper and Mrs. Selver of the room being bright with flowers and about 40 guests being present. The tables were decorated with hand painted flowers, and the management of the guests of honor, Miss Gibbons won the card contest and guest prizes were awarded Mrs. Selver and Mrs. Kemper.

Mrs. Charlotte Newman was hostess at a pretty luncheon today given at her home.

Mrs. Walter was entertained at luncheon today in honor of Miss Robinson, who is visiting Mr. and Mrs. E. S. Ferry.

Mr. and Mrs. G. L. Nye are expected from Denver today to visit with relatives for a short time.

Tomorrow Mrs. Ada Dwyer Russell and Miss Helen Bamberger will arrive from the east, both of them to spend the summer here with relatives.

Miss Helen Bamberger was guest of honor today at a group convention affair held by Miss Eloise Sadler.

Mrs. Harry D. Gue is in the city from New York and will spend the summer with her sister, Miss Shearman.

Mrs. Jack Jevne is here for a short stay with Mrs. D. P. Murray.

AMUSEMENTS.

The Bernhardt sale at the Clayton Music company will open at 10 o'clock tomorrow morning. Up to that time applications for seats received, and through the mail will be given the preference, when accompanied by cash.

In the Sixteenth ward amusement hall tonight the first presentation of "The Mikado" will be given by the Home Operatic company. The same bill will be presented Thursday and Friday evenings.

SENATE COMMITTEE VOTES FOR SEA LEVEL CANAL.

Washington, May 16.—The senate committee on inter-oceanic canals voted today in favor of constructing a sea level canal. Senator Carmack's return from Tennessee broke the deadlock which occurred at a former meeting.
